Corporate Profile

With a diversified customer base of over 1600 customers in the PRC, Fuxing China's end products are used by renowned brands such as **Anta, Septwolves, CBA Leisu, LiNing, 361o, Samsonite, Fujian Peak and Northpole China**, in a wide variety of end-products such as apparels, shoes, bags and camping equipment.

Since its establishment in 1993, Fuxing China has built up a credible track record and market reputation, having garnered over 20 awards in the past 10 years. Its proprietary "3F" brand has been named the "Symbolic Brand of China" (中国标志性品牌) by First Chinese Well-Known Brand Conference in 2006 and "PRC Top 10 Famous Zipper Brands" (中国拉链十大知名品牌) by the Hardware Association of the PRC in 2005. In January 2007, Fuxing China's products were awarded the Intertek Eco-Certification, which allows the Group's products to be sold in the international markets. Today the Group's zipper products are exported to Australia, the EU, Russia, Turkey, Korea, Thailand, Vietnam, Indonesia and many other countries. In 2008, the Group expanded its production facilities to Shanghai and Qingdao to develop new customer base and to be nearer to its existing customers there.

More notably, in 2008, Fuxing China was named one of the 200 companies in Forbes Asia's Fourth Annual Best Under a Billion List, which focuses on Asia Pacific companies with under \$1 billion in sales.

To ensure continual innovation in product quality and improved efficiency, Fuxing China places strong emphasis on product and technical R&D. The Group has a research partnership with the Software Institute of Xiamen University with the aim of enhancing production efficiencies and automation in the manufacturing of zipper products. As a testament of its strength in R&D, Fuxing China's R&D facility was certified as a "Fujian Provincial Level Enterprise Technology Center" in December 2006. The Group has been granted 18 design patents, 12 utility patents, 2 invention patent, in October 2009, the Group was awarded the "New and High Technology Enterprise" by Fujian Provincial Government. In 2011, the group successfully acquired 3 new subsidiaries and a plot of commercial land in Xiamen to develop a headquarter.

Group Structure

Chairman's Message

Dear Valued Shareholders,

On behalf of the Board of Directors, I am pleased to present the results of Fuxing China Group Limited ("Fuxing" or together with its subsidiaries, the "Group") for the financial year ended 31 December 2019 ("FY2019").

The past year has been a challenging and tough year for the Group as it continued to operate under a highly competitive environment with razor thin profit margins. The trade war tension between the United States and the People's Republic of China ("PRC") further exacerbated the tough and challenging operating environment for the Group, edging the Group into a loss before income tax of RMB 45.8 million.

Review of Financial Performance

The Group's revenue decreased by RMB 160.2 million (or 18%) to RMB 740.7 million. This was mainly due to the decrease in the sales of the Trading segment (RMB 175.1 million) and the Processing segment (RMB 8.3 million). The decrease was partially offset by the increase in revenue contribution from the Zipper segment (RMB 23.1 million). The increase was mainly due to the increase in sales volume arising from a stable quality of zippers achieved following the partial automation of the Group's production process.

The Group's gross profit decreased by RMB 9.3 million (or 19%) to RMB 40.1 million. The decrease was due mainly to the decrease in revenue from both the Trading and Processing segments.

Average gross profit margin decreased by 0.1 percentage point to 5.4% due to the decrease in gross profit margin from the Zipper segment and the Processing segment in FY2019. This was due to higher production costs, e.g., labour costs and cost of raw materials.

Selling and distribution expenses decreased by RMB 1.1 million (or 16%) to RMB 5.9 million due to a reduced number of sales personnel as a result of the restructuring of the sales department in FY2019.

General and administrative expenses increased by RMB 4.5 million (or 10%) to RMB 51.3 million. This was mainly due to increase in allowance of doubtful trade receivables of RMB 5.1 million in FY2019 which arose from longer credit period requests from some customers due to the challenging business environment.

Other income of RMB 23.2 million in FY2019 comprised mainly rental and management fee income (RMB 20.0 million) from the Group's Xiamen headquarters ("Xiamen HQ") and foreign exchange gain (RMB 2.0 million). Other income decreased by RMB 10.6 million from RMB 33.8 million in FY2018 was mainly due to RMB 12.0 million fair value gain arising from valuation of the Group's HQ Project in FY2018 while no such gain occurred in FY2019.

Other expenses increased by RMB 37.2 million to RMB 37.6 million. This was due mainly to the fair value loss of investment property of the Xiamen HQ in FY2019 compared to fair value gain in FY2018. The fair value loss of RMB 37.6 million (2018: fair value gain of RMB 12.0 million) of the investment property was based on the valuation performed by the same independent professional valuer in FY2019 and FY2018. The valuation was based on market comparison method which made reference to market values of comparable properties in the same area.

As a result of the above mentioned factors, the Group recorded a loss after tax of RMB 38.9 million.

Review of Financial Position

As at 31 December 2019, non-current assets amounted to RMB 765.6 million comprising property, plant and equipment, investment property, land use rights, and prepayment.

Chairman's Message

The Group's property, plant and equipment amounted to RMB 265.6 million, an increase of RMB 0.3 million compared to RMB 265.3 million as at 31 December 2018. The increase was due mainly to the purchase of plant and machinery during FY2019 but partially offset by the depreciation expenses.

As at 31 December 2019, the investment property amounted to RMB 472.9 million, a decrease of RMB 37.6 million compared to RMB 510.5 million as at 31 December 2018. The decrease in investment property was due to valuation loss of RMB 37.6 million arising from an independent valuation of the investment property by Quanzhou Decheng Assets Appraisal Co., Ltd..

The decrease in land use rights was due to the amortisation expenses.

As at 31 December 2019, current assets amounted to RMB 456.0 million, a decrease of 6% (RMB 31.3 million) compared to RMB 487.3 million as at 31 December 2018. This was due largely to the decrease in inventories.

Trade and other receivables decreased by RMB 13.6 million from RMB 268.7 million to RMB 255.1 million due to the decrease in trade receivables arising mainly from the decrease in revenue of the trading segment in 4Q2019.

The decrease in prepayments to suppliers by RMB 13.9 million to RMB 70.5 million was due mainly to the utilization and conversion of the prepayments into raw materials purchase.

Cash and bank balances increased from RMB 23.7 million to RMB 27.5 million was due mainly to the new short-term bank loans obtained

As at 31 December 2019, total current liabilities were RMB 576.2 million, a decrease of 3% (or RMB 19.4 million) compared to RMB 595.6 million as at 31 December 2018. This was mainly attributable to the decrease in amount due to a director, other payables and accruals which was partially offset by the increase in trade and bills payable to banks, short-term bank loan and income tax payable.

Trade and bills payables increased by RMB 2.2 million and RMB 44.0 million respectively mainly due to the optimization of the full credit periods from its suppliers including using of bills payable to settle the trade payables.

The decrease in other payables and accruals was due mainly to the settlement of provision for minimum tax contribution in FY2019. Amount due to a director decreased by RMB37.5 million from RMB 56.7 million to RMB 19.2 million mainly due to repayments made.

Loans and borrowings increased by RMB 49.8 million to RMB 271.2 million due to new short-term bank loans obtained in FY2019.

Review of Cash Flows

Operating activities

Net cash flows generated from operating activities in FY2019 amounted to RMB 24.7 million compared to RMB 22.1 million in FY2018. This was due mainly to the decrease in inventories in FY2019 compared to increase in FY2018.

Investing activities

Net cash flows used in investing activities amounted to RMB 35.2 million and RMB 32.5 million in FY2019 and FY2018 respectively. The higher cash outflow in FY2019 was due to the higher purchase of property, plant and equipment in FY2019 compared to FY2018.

Chairman's Message

Currently, the pandemic is gradually brought under control in the PRC, evidenced by resumed operating activities in companies, as well as recovering market demand and supply chain. After the break from Chinese New Year, the Group experienced some delays in the commencement of its full scale production as the workers staggered to return to work due to concerns over the Covid-19 outbreak. As the evolvement of Covid-19 is uncertain, it is difficult to assess the full business impact on the Group's businesses. The Group expects the sales to be negatively affected and slower collections from the trade receivables. The Group will continue to monitor the situation and its costs and receivables collections closely and update shareholders on any material business impact on the Group's operations.

Financing activities

Net cash flows generated from financing activities in FY2019 amounted to RMB 14.3 million, while cash flows used in financing activities in FY2018 amounted to RMB 114.2 million. This was due mainly to higher short term bank loans obtained in FY2019.

Outlook

The Group expects the zipper industry in the PRC to remain highly challenging and competitive, and rising factory overheads and labour costs will continue to exert pressure on the performance of the Group and its prospects in the near term.

The unexpected advent of novel coronavirus ("COVID-19") in early 2020 halts social and economic development throughout the PRC with the imposition of lockdown measures. Since then, the pandemic has escalated and spread globally to various countries. The raging pandemic caused a significant decline in the overall economy, with lower demand and greatly damaged the supply chain.

In Appreciation

On behalf of the Board, I would like to take this opportunity to express our sincere appreciation to our customers, suppliers and business partners for their continuous trust and support over the years. I also would like to thank our fellow Directors for their valuable advices and contributions to the Group.

Last but not least, I want to thank Management and staff of the Group for their efforts and hard work over the past year; as well as our shareholders, for their continued support and belief in the Group.

Mr Hong Qing Liang

Executive Chairman and Chief Executive Officer
April 2020

Sustainability Report

This is a summary of the Company's Sustainability Report for FY2019. The Company considers sustainability issues as part of its strategic formulation. It adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall strategy to ensure that the best interests of the Company are served. The Company is committed to sustainability and incorporates the key principles of environmental and social responsibility, and corporate governance ("ESG") in setting its business strategies and operations.

The ESG factors to be disclosed in our report are as follows:

Mr Ma graduated from Curtin University of Technology with a Master in Accounting degree.

Corporate Governance Report

INTRODUCTION

The Board of Directors (the “Board”) of Fuxing China Group Limited (the “Company”) is committed to maintaining a high standard of corporate governance within the Company and its subsidiaries (the “Group”). This report describes the corporate governance practices of the Group for the financial year ended 31 December 2019 (“FY2019”) with specific reference to the principles of the Code of Corporate Governance 2018 (the “Code”). The Board is pleased to report that the Group have complied in most of the material aspects with the principles and provisions set out in the Code, save for deviations or areas of non-compliance which are explained under the respective sections.

Outline below are the policies, processes and practices adopted by the Group in compliance with the Code.

(A) BOARD MATTERS

THE BOARD’S CONDUCT OF AFFAIRS

Principle 1: *The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.*

The Board is collectively responsible for the overall performance of the Group. It sets the Group’s values and standards and ensures that all Board members act objectively in discharging their duties and responsibilities at all times and in the interests of the Company for long-term performance and success of the Group. If there is any conflict of interest, Directors will voluntarily recuse themselves from all discussions and decisions involving the issues of conflict.

The Board has adopted internal control guidelines where appropriate delegation of authority has been given to Management to facilitate operational efficiency. Within these guidelines, the Board approves transactions that exceed certain pre-determined threshold.

Approval of the Board is required for any matters *inter alia* mergers and acquisition, investments and divestments, acquisitions and disposals of assets, major corporate policies on key areas of operations, acceptances of bank facilities, annual budget, release of the Group’s quarterly and full year results announcements, interested person transactions of a material nature and those matters which are likely to have a material impact on the Group’s operating units and/or financial position as well as matters other than in the ordinary course of business. The Board believes that when taking decisions, all Directors of the Board act objectively in discharging their duties and responsibilities at all time as fiduciaries and in the interests of the Company.

The Board is supported by the Audit Committee (“AC”), Remuneration Committee (“RC”) and Nominating Committee (“NC”), (collectively, “Board Committees”). Each Board Committees is chaired by an Independent Director and a majority of the members are Independent Directors. Function of these Board Committees including their compositions, authorities and duties are clearly written in its terms of reference, which have been approved by the Board. The Board accepts that while these Board Committees have the delegated power to make decisions, execute actions or make recommendations in their specific areas, the ultimate responsibility rest within the Board.

The Board conducts regular scheduled meetings at least four times a year. These meetings are scheduled in advance to facilitate the individual Directors’ planning in view of their on-going commitments. The Board will also meet as and when warranted by particular circumstances between the scheduled meetings. The Company’s Bye-Laws provide for meetings to be held via telephone, electronic or other communication facilities as permit all persons participating in the meeting to communication with each other simultaneously and instantaneously.

Corporate Governance Report

All agendas for meetings are reviewed by the Chairman of the Board and the Chairman of the respective Board Committees. Papers and/or other information are forwarded to the Directors before each meeting with sufficient time for their review and consideration. Management is invited to attend the meetings to present information and/or render clarification when required. Directors may request for explanations, briefings by or discussions with Management on any aspect of the Group's operations or business. When circumstances require, Board members exchange views outside the formal environment of Board meetings.

The number of Board meetings and general meeting held during FY2019 and the attendance of each Board member at those meetings and the meetings of Board Committees are disclosed as follows:

Meetings	Board	AC	NC	RC	Annual General Meeting
Total held in FY2019	4	4	1	1	1
Directors	No. of Meetings attended in FY2019				
Hong Qing Liang	2	1 [#]	1	1 [#]	0
Hong Peng You	4	4 [#]	1 [#]	1 [#]	1
Lim Cheng Kee	4	4	1	1	1
Dr Hong Kah Leong	4	4	1	1	1
Qiu Qing Yuan	2	2	1	1	0
Hong Shui Ku ⁽¹⁾	0	N.A.	N.A.	N.A.	N.A.

Note:

⁽¹⁾ Due to time and work commitments, Mr. Hong Shui Ku had voluntarily relinquished his position as Executive Director of the Company on 18 March 2019 to focus on his existing management role as Chief of Operations of the Group.

[#] By invitation.

N.A.: Not Applicable.

In FY2019, the Board was briefed in areas such as updates on Listing Rules of the SGX-ST, changes to accounting standards and regulatory developments. The Board is kept informed of the new updates regarding the amendments and requirements of the SGX-ST and other statutory and regulatory requirements from time to time. Relevant news release issued by SGX-ST are also circulated to the Board for information.

Directors are encouraged to receive regular training and participate in conferences, seminars or any training programme in connection with their duties to keep abreast of a dynamic business environment.

Newly appointed Directors are briefed on the Group's business activities, strategic direction and regulatory environment in which the Group operates. They will also have the opportunity to visit the Group's operational facilities and to meet with the Management so as to gain a better understanding of the Group's business operations. For those who do not have prior experience or are not familiar with the duties and obligations required of a Director of a listed company in Singapore, will undergo mandatory training pursuant to Listing Rule 201(5)(a) in the roles and responsibilities of a listed company director. Newly appointed Non-Executive Directors are provided with a letter of appointment setting out their duties, obligations and terms of appointment. On the other hand, Executive Directors are provided with a service agreement setting out his/her terms of office and terms and conditions of his/her appointment. No new Director was appointed during the year under review.

The Board has separate and independent access to Management, the Company Secretary and external auditors as and when required to seek advices and obtain additional information to facilitate their decision making.

Corporate Governance Report

BOARD COMPOSITION AND GUIDANCE

Principle 2: *The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decision in the best interests of the company.*

The Board comprises of five (5) Directors, three (3) of whom are Independent Directors and two (2) are Executive Directors. The Independent Directors made up a majority of the Board.

The composition of the Board is as follows:

Hong Qing Liang (Chairman and Chief Executive Officer (“CEO”))

Hong Peng You (Executive Director)

Dr Ho Kah Leong (Lead Independent Director)

Lim Cheng Kee (Independent Director)

Qiu Qing Yuan (Independent Director)

The size and composition of the Board and Board Committees are reviewed on an annual basis by the NC to ensure that it has an appropriate balance and mix of skills, knowledge, expertise and experience, and collectively possesses the necessary core competencies for effective functioning and informed decision making, which the Group may tap on for assistance in furthering its business objectives and shaping its business strategies. The NC strives to ensure that the size of the Board is conducive for discussions and facilitates effective decision making. Currently, there is no alternate director appointed.

The NC, with the concurrence of the Board is of the view that the current Board size of five (5) members is adequate, taking into account of the scope of the Group’s operations.

As a Group, the Directors bring with them a broad range of expertise and experience in areas such as accounting and finance, business and management experience, industry knowledge, strategic planning experience, industry’s customer-based and marketing, banking and manufacturing. The diversity of the Directors’ experience allows useful exchange of ideas and views during discussion.

The Independent Directors’ views and opinions provide alternative perspectives to the Group’s business. When challenging Management’s proposals or decisions, they bring independent judgment for business activities and transactions involving conflict of interest and other complexities.

The Board assesses the independence of Independent Directors in accordance with the requirements of the Code to ensure appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the Group. Under the Code, an Independent Director is one who is independent in conduct, character and judgement, and has no relationship with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Director’s independent business judgment in the best interests of the Company.

Independent Directors, led by the Lead Independent Director are free to meet up without the presence of Management and feedback from such meetings would be provided to the Board and Chairman as appropriate.

Key information regarding the Directors is set out on pages 10 to 11 of this Annual Report.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Principle 3: *There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision making.*

The roles of Chairman and CEO are currently held by Mr Hong Qing Liang. Although this is a deviation from the recommendation of the Code, the Board believes that vesting the roles of both Chairman and CEO on the same

Corporate Governance Report

person who is knowledgeable in the business of the Group provides the Group with strong and consistent leadership and allows for more effective planning and execution of long term business strategies.

In addition, in the People Republic of China (“PRC”), the CEO of a company normally assumes the role that of an Executive Chairman. As the Group’s business and operation are based in the PRC, Mr Hong Qing Liang’s dual roles as Executive Chairman and CEO will enable the Group to conduct its business efficiently and to ensure that the decision-making process of the Group would not be unnecessary hindered.

All major decisions made by the Executive Chairman cum CEO are reviewed by the Board. His performance and appointment to the Board are reviewed by the NC and his remuneration package is reviewed by the RC. Both of the NC and RC are chaired by Independent Directors. The Board believes that there are adequate safeguards and checks in place to ensure that decision making process by the Board is independent and based on collective decision making of the Directors without Mr Hong Qing Liang being able to exercise considerable concentration of power or influence.

As such, the Board will not consider segregating the role of the Chairman and CEO at this moment. The NC will review the need to separate the roles from time to time and make its recommendation to the Board when necessary.

As Chairman of the Board, Mr Hong Qing Liang bears responsibility for the effective working of the Board. He ensures that Board meetings held when necessary, sets the Board agenda and that Directors are provided with complete, adequate and timely information. As CEO, he is responsible for day-to-day management affairs of the Group. He also ensures that stipulated corporate policies are properly complied with.

Dr Ho Kah Leong was appointed as Lead Independent Director on 23 May 2014 to provide leadership in situations where the Chairman is conflicted. Dr Ho Kah Leong is available to shareholders where they have concerns or issues that unable to be appropriately dealt with by the Chairman, CEO or Chief Financial Officer (“CFO”). A separate email account has been set up for Dr Ho Kah Leong for the purpose of communication with the shareholders. Shareholders may contact the Lead Independent Director at drhokahleong@3fzipper.com when they have concerns and for which contact through normal channels with the Chairman and Management are inappropriate and inadequate.

BOARD MEMBERSHIP

Principle 4: *The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.*

The NC, regulated by a set of written terms of reference, comprises four (4) members, a majority of whom are Independent Directors:

The members of the NC are:

Mr Qiu Qing Yuan (Chairman)
Dr Ho Kah Leong
Mr Lim Cheng Kee
Mr Hong Qing Liang

The duties and responsibilities of the NC as provided in its terms of reference are as follows:

- (a) reviewing the structure, size and composition (including the skills, gender, age, qualification, experience and diversity) of the Board and Board Committees;
- (b) identifying and nominating candidates to fill Board vacancies as they occur;
- (c) recommending membership of the Board Committees to the Board;

Corporate Governance Report

- (d) determining annually the independence of the Directors, bearing in mind the circumstances set forth in the Code, Listing Rule of SGX-ST and any other salient factors;
- (e) evaluating Board's performance as a whole, Board Committees and individual Directors;
- (f) making recommendations to the Board on all Board appointments, re-appointments and re-elections to the Board (including alternate director, if any), depending on the Director's performance, commitment and his/her ability to continue contributing to the Board;
- (g) reviewing and evaluating whether a Director is able to and has been adequately carrying out his duties as a Director, particularly, when he has multiple board representations;
- (h) overseeing induction, orientation, training and professional development programmes for the Board and its Directors;
- (i) reviewing and ensuring there is clear division of responsibilities between the Chairman and CEO;
- (j) reviewing succession plans for the directors, in particular the appointment and/or replacement of the Chairman, the CEO and key management personnel ("KMP"); and
- (k) undertaking such other functions and duties as may be delegated by the Board.

For FY2019, the NC conducted a review of its terms of reference to be in line with the Code, reviewed the Board composition, determined the independence of Directors, adopted Individual Director evaluation form, conducted Board, Board Committees' and Individual Directors' performance evaluation, reviewed Directors' commitment when they have multiple board representations and succession planning for the Chairman and CEO.

The NC has adopted a process for the selection and appointment of new Directors. In selecting potential new Directors, the NC will seek to identify the competencies required to enable the Board to fulfill its responsibilities. External professional help or tagging on the Directors' network may be used to source for potential candidates. The curriculum vitae and other particulars or documents of the nominee or candidate will be given to NC for consideration. The NC will evaluate the suitability of the nominee or candidate based on his or her qualifications, business and related experience, commitment, ability to contribute the Board process and such qualities and attributes that may be required by the Board. The NC will also meet with the potential candidate before making the nomination to the Board for appointment as Director.

The independence of each Director is reviewed annually by the NC with the recommendations set out in the Code. Dr Ho Kah Leong and Mr Qiu Qing Yuan had each served the Board for more than 9 years since their first appointment. The NC has conducted a rigorous review of their independence and considered Dr Ho Kah Leong and Mr Qiu Qing Yuan to be independent after having determined that they have no relationship with the Company, its related corporations, its 5% shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgement with a view to the best interest of the Company. Dr Ho Kah Leong and Mr Qiu Qing Yuan have throughout their appointment, demonstrated strong independence in character and judgement in the discharge of their duties and responsibilities as directors of the Company. They have continued to express their individual viewpoints, debated issues and objectively challenged Management on business decisions with a view to the best interests of the Group. Having considered the above, the NC has determined that Dr Ho Kah Leong and Mr Qiu Qing Yuan's tenure has not affected their independence and judgement in discharging their duties as a member of the Board. The NC has recommended to the Board that Dr Ho Kah Leong and Mr Qiu Qing Yuan that they continue to be considered as independent, notwithstanding they have served on the Board for more than 9 years since their first appointment. The Board concurred with NC's assessment. Each of Dr Ho Kah Leong, Mr Lim Cheng Kee and Mr Qiu Qing Yuan abstained from discussion and voting in respect of their independence.

Pursuant to its terms of reference, the NC is required to determine if a Director has been adequately carrying out his duties as a Director of the Company, particularly if he has multiple Board representations. In view of

Corporate Governance Report

this, the NC having considered the confirmations received from Dr Ho Kah Leong, Mr Lim Cheng Kee and Mr Qiu Qing Yuan, concluded that such multiple Board representations do not hinder each Director from carrying out his duties as a Director of the Company. In consultation with the NC, the Board has prescribed that its Independent Director may not hold more than five (5) directorships in other public listed companies.

In accordance with Bye-Law 86 of the Company's Bye-Laws, each Director is required to retire at least once in every three (3) years and under Bye-Law 85(6), all newly appointed Directors will have to retire at the next Annual General Meeting ("AGM") following their appointments. The retiring Directors are eligible to offer themselves for re-election.

Mr Lim Cheng Kee and Mr Hong Peng You will be retiring by rotation pursuant to the Company's Bye-Law 86 at the forthcoming AGM and being eligible, will be offering themselves for re-election. All the retiring Directors signified their consents for re-election.

Information regarding the Directors nominated for re-election, including the information required under Appendix 7.4.1 of the Listing Manual of the SGX-ST is given under pages 28 to 29 of the Annual Report.

BOARD PERFORMANCE

Principle 5: *The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.*

The Board has, through the NC, adopted a process to evaluate the effectiveness of the Board as a whole, each Board Committees separately and individual Directors. The evaluations are carried out by means of questionnaire being completed by each Director on an annual basis and the results will then be collated by the Company Secretary to be presented to the NC. The findings from the evaluations were analysed and discussed with a view to implementing certain recommendations to further enhance the effectiveness of the Board and Board Committees.

The Board and Board Committees' evaluation cover amongst others, size and composition of the Board and Board Committees, the accessibility of the Board to information, Board and Board Committees processes and accountability in relation to discharging its principal responsibilities and standards of conduct of the Board members.

Individual Directors' assessment was also conducted in FY2019 whereby each Director was evaluated on his contributions to the Board, initiative, knowledge of senior management's job scope and Group's business, leadership and the support that he lends to Management in steering the Group.

For FY2019, the NC is generally satisfied with the Board, Board Committees and Individual Directors performance evaluation results which indicated areas of strengths and those that could be improved further. No significant issues had been identified. The NC had discussed the results with Board members who agreed to work on area that could be improved further.

(B) REMUNERATION MATTERS

PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

Principle 6: *The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.*

The RC, regulated by a set of written terms of reference, comprises three members, all of whom are Independent Directors.

Corporate Governance Report

The members of the RC are:

Mr Lim Cheng Kee (Chairman)
Dr Ho Kah Leong
Mr Qiu Qing Yuan

The duties and responsibilities of the RC as provided in its terms of reference are as follows :

- (a) reviewing and recommending to the Board a general framework of remuneration for the Board and KMP and to recommend to the Board the specific remuneration packages and terms of employment for:
 - each Director and KMP of the Group;
 - employees related to Directors, CEO or controlling shareholders of the Group;

In the event of termination of Executive Directors and KMP's service contracts, to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous.

 - Directors' fees, which are subject to shareholders' approval at the AGM; and
 - The service contracts of the CEO and Executive Directors.
- (b) Reviewing all aspects of remuneration, including terminating terms, to ensure they are fair;
- (c) Recommending to the Board long-term initiative schemes which may be set up from time to time; and
- (d) Undertaking such other functions and duties as may be delegated by the Board.

For FY2019, the RC conducted a review of its terms of reference to be in line with the Code.

The RC has access to expert professional advice if there is a need to consult externally taking in consideration of the industry's practices and norms in determining compensation. No external consultant was engaged in FY2019.

LEVEL AND MIX OF REMUNERATION

Principle 7: *The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.*

The remuneration packages are set adequately but not excessively remunerated compared to other comparable companies in the industry in view of present market conditions such that it is appropriate to attract, retain and motivate the Directors to provide good stewardship of the Company and KMP to successfully manage the Company for long term. The remuneration policy adopted takings into account the individual's responsibilities, skills, expertise as well as the Group's performance.

The Executive Directors' respective service agreements have an automatic one year renewal clause (unless otherwise terminated by either party giving not less than three months' notice to the other), and comprise a salary and a performance bonus. The performance bonus of the Executive Directors is linked to the Group's performance which would be reviewed by the RC before submission to the Board for approval. As the Executive Directors are rewarded based on their achievement of certain key performance indicators and the actual results of the Group, and not on any other assigned incentives, there are no "claw back" provisions in their service agreements. The RC will when appropriate, review the need to adopt provisions allowing the Company to reclaim incentive components of remuneration from Executive Directors and KMP in exceptional circumstances of misstatement of financial results or of misconduct resulting in financial loss to the Group.

Corporate Governance Report

The RC will carry out an annual review of the remuneration packages of the Executive Directors and KMP to ensure that a significant and appropriate proportion of their remuneration is structured so as to link rewards to corporate and individual performance, giving due regard to the financial health and business needs of the Group, and align with the interest of the shareholders and other stakeholders and promote long term success of the Group.

The RC after having reviewed, is satisfied with the remuneration packages of the Executive Directors and KMP and recommended the same for Board approval. The Board had approved the RC's recommendation accordingly.

None of the Non-Executive Directors has service contracts or consultancy arrangements with the Group. They are paid Directors' fees based in a structured fee framework reflecting the level of contribution, taking into account factors such as effort, time spent and responsibilities of the Directors. The RC, with the concurrence of the Board, is of the view that the current remuneration of the Non-Executive Directors is appropriate and each Executive Director is paid a Board fee.

In light of the unprecedented circumstances relating to Covid-19 and taking into consideration the Group's operation and performance, the RC recommended to the Board an aggregate amount of S\$95,232 as Directors' fees for financial year ending 31 December 2020, payable half-yearly in arrears (2019: S\$102,400). The recommendation has been endorsed by the Board and will be tabled at the forthcoming AGM for shareholders' approval.

Each of the Directors is to abstain from voting in respect of their own remuneration. Each of Mr Lim Cheng Kee, Dr Ho Kah Leong and Mr Qiu Qing Yuan being the RC members, abstained from deliberation and voting in respect of their own remuneration.

Presently, the Company does not have any share option or long-term incentive scheme in place.

DISCLOSURE ON REMUNERATION

Principle 8: The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

The breakdown of each individual Director's remuneration for FY2019 is as follows:

Name of Directors	Salary	Bonus	Director's fees	Other benefits	Total	Total remuneration (S\$'000)
Executive Chairman and CEO						
Hong Qing Liang	98%	–	2%	–	100%	213
Executive Director						
Hong Peng You	84%	–	16%	–	100%	28
Hong Shui Ku ⁽¹⁾	–	–	–	–	–	–
Independent Directors						
Dr Ho Kah Leong	–	–	100%	–	100%	38
Lim Cheng Kee	–	–	100%	–	100%	35
Qiu Qing Yuan	–	–	100%	–	100%	21

Note:

⁽¹⁾ Due to time and work commitments, Mr. Hong Shui Ku had voluntarily relinquished his position as Executive Director of the Company on 18 March 2019 to focus on his existing management role as Chief of Operations of the Group. He has waived his Director's fees entitlement from 1 January 2019 to 18 March 2019.

Corporate Governance Report

Details of remuneration paid to top five (5) KMP of the Group (who are not Directors or the CEO) for FY2019 are set out below:

Name of KMP	Salary	Bonus	Other benefits	Total
Below S\$250,000				
Hong Shui Ku - Chief of Operations	100%	-	-	100%
Hong Shao Lin - General Manager	100%	-	-	100%
James Ma - Chief Financial Officer ("CFO")	100%	-	-	100%
Ye Mu Gui - Production Manager	100%	-	-	100%
Lei Zhen Min - Human Resource Manager	100%	-	-	100%

The aggregate remuneration paid to the top five (5) KMP (who are not Directors or the CEO) for FY2019 was S\$212,700.

There are no termination, retirement and post-employment benefits that may be granted to the CEO, the Directors and the top five (5) KMP (who are not Directors or the CEO).

Employees who are immediate family members of a Director, the CEO or controlling shareholders during the year under review are as follows:

- (i) Mr Hong Shao Lin, son of Mr Hong Qing Liang (Chairman of the Board and CEO of the Company), who is employed as a General Manager of Jinjiang Fookhing Zipper Co. Ltd, a subsidiary of the Group;
- (ii) Ms Hong Yan Ru, daughter of Mr Hong Qing Liang, who is employed as an Investment Manager of the Group; and
- (iii) Madam Zeng Li Ming, spouse of Mr Hong Peng You (an Executive Director of the Company), is employed as an Administrator of the Group.

None of the abovementioned employees' remuneration exceeded S\$100,000 during the year.

In view of confidentiality of remuneration matters, the Board opined that it is in the best interest of the Group not to disclose the exact remuneration of KMP in the Annual Report.

(C) ACCOUNTABILITY AND AUDIT

RISK MANAGEMENT AND INTERNAL CONTROLS

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

The Board has overall responsibility for the risk management and internal controls of the Group. The Board determines the nature and extent of the significant risks which the Company is willing to take in achieving its strategic objectives and value creation to ensure that Management maintains a sound system of risk management and internal controls to safeguard the Group's assets and shareholders' interests.

Corporate Governance Report

The Board, assisted by the AC, evaluate the adequacy and effectiveness of the Group's internal controls and risk management system. The Group does not have a separate Risk Management Committee. In line with recommendations of the Code on internal controls and risk management, the Board has designated Mr Hong Shui Ku, the Chief of Operations of the Group to oversee the risk management of the Group.

The Group's Internal and External Auditors have, during the course of their respective audits, conducted an annual review of the adequacy and effectiveness of the Group's internal controls (including financial, operational, compliance and information technology controls) and risk management policies and systems established by Management. Any non-compliance or weaknesses in internal controls recommended for improvements are reported to the AC. The AC will also review the effectiveness of the actions taken by Management on the recommendations made by the internal and external auditors and ensures that there are follow-up actions on the implementation. The adequacy and effectiveness of the internal financial control systems and procedures at present are monitored by Management.

The Board recognizes that no internal controls system will preclude all error and irregularities as a system is designed to manage rather than eliminate the risk of failure to achieve business objects, and can provide only reasonable and not absolute assurance against material misstatement or loss.

For FY2019, the Group's Internal Auditors were also engaged to review the Group's business and operational activities and identify areas of significant business risks as well as take appropriate measures to control and mitigate these risks. On an annual basis, the Internal Auditors' report and the risk management report are presented to the AC on significant matters arising from the said review and counter measures to mitigate the identified risks potential risks. There were no material deficiencies arising from the review.

The Board has received written assurance from:

- (a) the CEO and CFO that the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances; and
- (b) the CEO and other KMP who are responsible, regarding the adequacy and effectiveness of the Company's risk management and internal control systems.

Based on the reviews conducted by the Internal Auditors and External Auditors, written assurance of Management, the Board, with the concurrence of the AC, is of the opinion that the internal controls and risk management systems addressing financial, operational, compliance and information technology controls are adequate and effective.

AUDIT COMMITTEE

Principle 10: *The Board has an Audit Committee which discharges its duties objectively.*

The AC, regulated by a set of written terms of reference, comprises three members, all of whom are Independent Directors and a majority of whom has recent and relevant accounting or related financial management expertise or experience to discharge its duties objectively. None of the members of the AC is a former partner of the Company's existing auditing firm.

The members of the AC are:

Dr Ho Kah Leong (Chairman)
Mr Lim Cheng Kee
Mr Qiu Qing Yuan

Corporate Governance Report

The AC meets at least four times a year and as and when deemed appropriate to carry out its functions as provided in its terms of reference:

- (a) reviews the quarterly and full year financial statements of the Group before submission to the Board for approval, focusing in particular, on changes in accounting policies and practices, major risk areas, significant adjustments resulting from the audit, the going concern statement, compliance with accounting standards as well as compliance with statutory and regulatory requirements;
- (b) reviews with the external auditors any suspected fraud or irregularity, or suspected infringement of any relevant laws, rules or regulation, which has or is likely to have a material impact on the Group's operating results or financial position, and Management's responses thereto;
- (c) reviews and approves the internal and external audit plans and results of their audits and recommendations as well as Management's responses thereto;
- (d) reviews the assistance given by Management to the internal and external auditors to facilitate their audits and concerns, if any, arising from the interim and final audits, and any matters which the auditors may wish to discuss (in the absence of Management at least once a year and where necessary);
- (e) reviews and approves the appointment or re-appointment of internal and external auditors and matters relating to resignation or dismissal of the auditors;
- (f) reviews interested person transactions;
- (g) reviews annually the scope and results of the audit and its cost effectiveness as well as the independence and objectivity of the external auditors annually;
- (h) reviews the effectiveness and adequacy of internal controls, including financial, operational, compliance and information technology controls and risk management system;
- (i) ensure that arrangements are in place for staff of the Group and any other persons may, in confidence, raise concerns about possible improprieties in financial reporting or, other matters;
- (j) reviews potential conflicts of interests, if any; and
- (k) undertakes such other functions and duties as may be required by the statute or the Listing Manual of the SGX-ST.
- (l) met with the External Auditors and Internal Auditors without the presence of Management to discuss the results of their findings and communicated with the internal auditors to discuss their evaluation of the Group's internal controls and risk management systems, set out in their respective reports;
- (m) ascertained that both the Internal and External Auditors have had the full co-operation of Management in carrying out their audits of the Group. The External Auditors, Mazars LLP, have affirmed their independence in this respect. Audit services rendered by Mazars LLP amounted to S\$313,000. In FY2019, the Business and Risk Consulting division of Mazars LLP was engaged to assist in drafting the Sustainability Report for S\$12,000. Apart from the aforementioned, no other non-audit services were rendered by Mazars LLP;
- (n) kept abreast of accounting standards and issues that could potentially impact financial reporting through updates and advice from the External Auditors;
- (o) confirmed that Company had complied with Rule 712 of the SGX-ST Listing Manual in relation to the appointment of a suitable auditing firm to meet its audit obligations. Mazars LLP, the appointed External Auditors of the Group, is registered with Accounting and Corporate Regulatory Authority and is an independent member of Mazars Group.

Corporate Governance Report

Together with the Audit Engagement Partner and his team assigned to the particular audit, the AC was satisfied that the resources and experience of Mazars LLP, the Audit Engagement Partner and his team assigned to the audit were adequate to meet their obligations, given the size, nature and operations of the Group;

- (p) confirmed that the Company had complied with Rule 715 of the SGX-ST Listing Manual in relation to the appointment of the same auditing firm based in Singapore to audit its accounts, its significant foreign-incorporated subsidiaries;
- (q) reviewed interested person transactions on a quarterly basis;
- (r) reviewed the implementing process of the Company's sustainability report; and
- (s) reviewed the whistle-blowing policy.

The AC has the explicit powers to conduct or authorise investigation into any of the abovementioned matters. The AC has full access to and co-operation by Management and also has full discretion to invite any Director or Management to attend its meetings as well as reasonable resources to enable it to discharge its duties and functions properly.

For FY2019, the AC conducted a review of its terms of reference to be in line with the Code.

The AC, with the concurrence of the Board, had recommended the appointment of Mazars LLP as External Auditors of the Company at the forthcoming AGM.

In the review of the Group's FY2019 financial statements, the AC has discussed with the Management and the External Auditors on significant issues and assumptions that impact the financial statements. The significant financial reporting matters have also been identified and included in the Independent Auditors' Report to the members of the Company under "Key Audit Matters".

The AC has reviewed the key audit matters and concurred with the audit procedures adopted by the External Auditors as well as Management's assessment, and is satisfied that the key audit matters have been appropriately dealt with.

The AC has also put in place a "whistle-blowing" policy on financial improprieties or other matters whereby staff of the Group and any other persons may raise in confidence and ensure that arrangements are in place of independent investigations of such matters and follow up actions. There were no whistle blowing incidents received in FY2019.

The Group has outsourced its internal audit function to an external audit firm, Xiamen De Cheng Accounting Co. Ltd, (the "IA") in the PRC. The AC approves the hiring, removal, evaluation and compensation of the accounting/auditing firm to which the internal audit function is outsourced. The IA reports directly to the AC Chairman on internal audit matters and to the CEO on administrative matters. The role of the IA is to assist the AC to ensure that the Group maintains a sound system of internal controls by regular monitoring key controls and procedures and ensuring their effectiveness, undertaking investigations as directed by the AC, and conducting regular in-depth audits of high risk areas.

The AC is of the view that the IA has adequate resources to perform its functions and has, to the best of its ability, maintained its independence from the activities it audits. The AC will review the adequacy of the internal audit functions annually to ensure that the internal audit function is adequately resourced and is able to perform its function effectively.

Corporate Governance Report

(D) SHAREHOLDER RIGHTS AND ENGAGEMENT

SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETINGS

Principle 11: *The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.*

In line with its continuous disclosure obligations, the Group is committed to maintaining regular and pro-active communication with shareholders. It is the Board's policy that the shareholders be informed of all major developments that impact the Group.

The Company is aware of its obligations to shareholders in providing information regarding any changes in the Group's business which would likely to materially affect the price or value of the Company's shares.

Shareholders are invited to attend shareholders' meetings to put forth any questions they may have on the motions to be debated and decided upon. The notice of AGM or Special General Meeting (as the case may be) is despatched to shareholders, together with explanatory notes, at least 14 days before the meeting. Each item on special business included in the notice of the meeting is accompanied, where appropriate, by an explanation for the proposed resolutions. At the shareholders' meetings, shareholders are given the opportunity to voice their views and seek clarification on issues relating to the business as outlined in the meeting agenda.

If any shareholder is unable to attend, he/she is allowed to appoint up to 2 proxies to vote on his/her behalf at the meeting through proxy forms which are sent together with the Annual Reports or Circulars. The duly completed proxy form is required to be deposited at the Group's share transfer agent's office at least forty-eight (48) hours before the shareholders' meeting.

At the shareholders' meetings, each distinct issue is proposed as a separate resolution. The Company adheres to the requirements of the Listing Manual of the SGX-ST, all resolutions at the Company's shareholders' meetings are put to vote by poll. For cost effectiveness, the voting for resolutions at the shareholders' meetings is conducted by manual polling. The detailed results showing the number of votes cast for and against each resolution are announced via SGXNet after the meetings. The minutes of the shareholders' meetings are available to shareholders upon their written request.

All Directors, including the Chairman of the Board and the respective Chairman of AC, RC and NC, as well as External Auditors will normally be present at the shareholders' meetings to address shareholders' queries.

The Company is not implementing absentia voting methods such as voting via mail, email or fax until security, integrity and other pertinent issues are satisfactorily resolved.

The Company does not have a formal dividend policy. The Company takes into account the Group's operating results, financial position, working capital requirements and any other relevant considerations as the Board may deem appropriate. No dividend was proposed by the Board for FY2019 as the Group was in a loss position.

ENGAGEMENT WITH SHAREHOLDERS

Principle 12: *The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company:*

The Group monitors the dissemination of material information to ensure that it is made publicly available on a timely and non-selective basis. Price sensitive information is first publicly released, either before the Company meets with any group of investors or analysts or simultaneously at such meetings. Results and annual reports are announced or issued within the mandatory period via SGXNET. The Company does not practice selective disclosure.

Corporate Governance Report

Shareholders are notified in advance of the date of release of the Group's financial results through announcement on SGXNet. Management also conducts regular briefings for shareholders, which will normally coincide with the release of the Group's financial results. During these briefings, Management will review the Group's performance as well as discuss the business outlook for the Group. In FY2019, there were three shareholders' briefing organised.

Information is communicated to the shareholders on a timely and non-selective basis through:

- (a) SGXNet releases on major developments of the Group;
- (b) quarterly and full-year financial statements containing a summary of the financial information and affairs of the Group via SGXNet;
- (c) annual reports;
- (d) notices and explanatory notes for shareholders' meetings; and
- (e) results briefings.

The Board embraces openness and transparency in the conduct of Company's affairs, whilst safeguarding its commercial interests. Although the Company does not have an investor relations policy, shareholders can still provide their enquiries and feedback to the Company via email feedback to oilinfxcg@gmail.com.

(E) MANAGING STAKEHOLDERS RELATIONSHIPS

ENGAGEMENT WITH STAKEHOLDERS

Principle 13: *The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.*

The Board recognises the interests of other parties such as shareholders, guests, colleagues, and local community are essential as part of value creation for the Group to ensure business is sustainable. The Group has in place a process to identify the major stakeholders, their needs and effective communication channels to engage these stakeholders to strike a balance between its business and interests of its stakeholders. Effective stakeholder engagement would enhance better understanding on their needs and incorporate these into the Group's corporate strategy.

The Group's key focus areas during the reporting period are Economic Performance, Procurement Practices, Raw Materials, Employment, Training and Education, Environmental Compliance and Occupational Health and Safety.

The Group engages with the key stakeholders through various means. Details of the approach to stakeholder engagement would be provided in the Company's Sustainability Report to be released in May 2020.

The Company does not maintain corporate website, stakeholders can reach out to the Company through email feedback to oilinfxcg@gmail.com.

Corporate Governance Report

(F) DEALINGS IN SECURITIES

The Group has adopted an internal compliance code of conduct to provide guidance to its officers regarding dealings in the Company's securities and implications of insider trading in compliance with Rule 1207(19) of the SGX-ST Listing Manual. The Company, Directors and Officers are prohibited from dealing in securities of the Company two weeks before the release of the quarterly results and at least one month before the release of full year results and at all times if the Directors and Officers are in possession of unpublished material price-sensitive information and on short term considerations.

(G) INTERESTED PERSON TRANSACTIONS ("IPT")

The Group has established procedures to ensure that IPTs are reported in a timely manner to the AC, at its quarterly meeting, and such transactions are conducted on an arm's length basis and are not prejudicial to the interests of the shareholders. For the financial year reported on, there were no interested person transactions which exceeded the threshold limits set out under Chapter 9 of the Listing Manual of the SGX-ST and no announcement or shareholders' approval was therefore required.

(H) MATERIAL CONTRACTS

Save for the Service Agreements entered with the Executive Directors, there were no material contracts entered into by the Company or any of its subsidiaries involving the interest of the CEO, any Director or controlling shareholder for FY2019.

Corporate Governance Report

Information on Directors nominated for re-election / re-appointment – Appendix 7.4.1 of the Listing Manual of the SGX-ST

Name of Director	Mr Hong Peng You (“Mr Hong”)	Mr Lim Cheng Kee (“Mr Lim”)
Date of appointment	19 December 2006	23 May 2014
Date of last re-appointment (if applicable)	27 April 2018	27 April 2018

Information required

Disclose the following matters concerning an appointment of director, chief executive officer, chief financial officer, chief operating officer, general manager or other officer of equivalent rank. If the answer to any question is "yes", full details must be given.

- Whether at any time during the last 10 years, an application or a petition under any bankruptcy law of any jurisdiction was filed against him or against a partnership of which he was a partner at the time when he was a partner or at any time within 2 years from the date he ceased to be a partner?
- Whether at any time during the last 10 years, an application or a petition under any law of any jurisdiction was filed against an entity (not being a partnership) of which he was a director or an equivalent person or a key executive, at the time when he was a director or an equivalent person or a key executive of that entity or at any time within 2 years from the date he ceased to be a director or an equivalent person or a key executive of that entity, for the winding up or dissolution of that entity or, where that entity is the trustee of a business trust, that business trust, on the ground of insolvency?
- Whether there is any unsatisfied judgment against him?
- Whether he has ever been convicted of any offence, in Singapore or elsewhere, involving fraud or dishonesty which is punishable with imprisonment, or has been the subject of any criminal proceedings (including any pending criminal proceedings of which he is aware) for such purpose?
- Whether he has ever been convicted of any offence, in Singapore or elsewhere, involving a breach of any law or regulatory requirement that relates to the securities or futures industry in Singapore or elsewhere, or has been the subject of any criminal proceedings (including any pending criminal proceedings of which he is aware) for such breach?

Corporate Governance Report

- (f) Whether at any time during the last 10 years, judgment has been entered against him in any civil proceedings in Singapore or elsewhere involving a breach of any law or regulatory requirement that relates to the securities or futures industry in Singapore or elsewhere, or a finding of fraud, misrepresentation or dishonesty on his part, or he has been the subject of any civil proceedings (including any pending civil proceedings of which he is aware) involving an allegation of fraud, misrepresentation or dishonesty on his part?
- (g) Whether he has ever been convicted in Singapore or elsewhere of any offence in connection with the formation or management of any entity or business trust?
- (h) Whether he has ever been disqualified from acting as a director or an equivalent person of any entity (including the trustee of a business trust), or from taking part directly or indirectly in the management of any entity or business trust?
- (i) Whether he has ever been the subject of any order, judgment or ruling of any court, tribunal or governmental body, permanently or temporarily enjoining him from engaging in any type of business practice or activity?
- (j) Whether he has ever, to his knowledge, been concerned with the management or conduct, in Singapore or elsewhere, of the affairs of:
- (i) any corporation which has been investigated for a breach of any law or regulatory requirement governing corporations in Singapore or elsewhere; or
 - (ii) any entity (not being a corporation) which has been investigated for a breach of any law or regulatory requirement governing such entities in Singapore or elsewhere; or
 - (iii) any business trust which has been investigated for a breach of any law or regulatory requirement governing business trusts in Singapore or elsewhere; or
 - (iv) any entity or business trust which has been investigated for a breach of any law or regulatory requirement that relates to the securities or futures industry in Singapore or elsewhere, in connection with any matter occurring or arising during that period when he was so concerned with the entity or business trust?
- (k) Whether he has been the subject of any current or past investigation or disciplinary proceedings, or has been reprimanded or issued any warning, by the Monetary Authority of Singapore or any other regulatory authority, exchange, professional body or government agency, whether in Singapore or elsewhere?
- Mr Hong and Mr Lim have individually given a negative disclosure on each of the above items (a) to (k).**

Disclosure applicable to the appointment of Director only.

Any prior experience as a director of an issuer listed on the Exchange? If yes, please provide details of prior experience. If no, please state if the director has attended or will be attending training on the roles and responsibilities of a director of a listed issuer as prescribed by the Exchange.

Please provide details of relevant experience and the nominating committee's reasons for not requiring the director to undergo training as prescribed by the Exchange (if applicable).

Not applicable for each of Mr Hong and Mr Lim as this is a re-election/re-appointment of Director.

Directors' Statement

The directors present their statement to the members together with the audited financial statements of the Fuxing China Group Limited (the "Company") and its subsidiaries for the financial year ended 31 December 2019 and the statement of financial position and statement of changes in equity of the Company as at 31 December 2019.

1. Opinion of the directors

In the opinion of the directors,

- (i) the consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2019 and the financial performance, changes in equity and cash flows of the Group and changes in equity of the Company for the financial year then ended on that date; and
- (ii) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

2. Directors

The directors of the Company in office at the date of this statement are:

Hong Qing Liang	Executive Chairman and Chief Executive Officer
Hong Peng You	Executive Director
Ho Kah Leong	Lead Independent Director
Qiu Qing Yuan	Independent Director
Lim Cheng Kee	Independent Director

3. Arrangements to enable directors to acquire shares or debentures

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objects were, or one of whose objects was, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate, except as disclosed in paragraphs 4 and 6 below.

4. Directors' interests in shares or debentures

The directors of the Company holding office at the end of the financial year had no interest in the share capital and debentures of the Company and related corporations except as disclosed below:

Name of director and respective companies in which interests are held	Direct interest		Deemed interest	
	At the beginning of the year	At the end of the year	At the beginning of the year	At the end of the year
Fuxing China Group Limited (No. of ordinary shares)				
Hong Qing Liang	468,640	10,068,640	9,600,000	–
Hong Peng You	–	–	372,000	372,000

Directors' Statement

4. Directors' interests in shares or debentures (Continued)

Hong's Holdings Private Limited owned 9,600,000 shares in the Company as at 31 December 2018. Mr Hong Qing Liang holds 100% of the share capital of Hong's Holdings Private Limited. As such, Mr Hong Qing Liang is deemed to have an interest in all the shares held by Hong's Holdings Private Limited in the Company and its subsidiaries. On 22 August 2019, Hong's Holdings Private Limited has transferred all its the shares in the Company to Mr Hong Qing Liang.

The directors' interests as at 21 January 2020 in the shares or debentures of the Company have not changed from those disclosed as at 31 December 2019.

5. Share options

There were no share options granted by the Company or its subsidiaries during the financial year.

There were no shares issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company or its subsidiaries.

There were no unissued shares under option in the Company or its subsidiaries as at the end of the financial year.

6. Audit Committee

The Audit Committee of the Company comprises three non-executive directors and at the date of this statement, they are:

Ho Kah Leong (Chairman)
Qiu Qing Yuan
Lim Cheng Kee

The Audit Committee has convened four meetings during the financial year with key management and the internal and external auditors of the Company.

The Audit Committee carried out its below functions:

- (i) reviewed the audit plan and results of the external audit, the independence and objectivity of the external auditors, including the review of the extent of non-audit services provided by the external auditors to the Group;
- (ii) reviewed the audit plans of the internal auditors of the Group and their evaluation of the adequacy of the Group's system of internal accounting controls;
- (iii) reviewed the Group's quarterly and annual financial statements and the external auditors' report on the annual financial statements of the Group and of the Company before their submission to the board of directors;
- (iv) reviewed the quarterly, half-yearly and annual announcements on the results of the Group and financial position of the Group and of the Company;
- (v) reviewed and assessed the adequacy of the Group's risk management processes;
- (vi) reviewed and checked the Group's compliance with legal requirements and regulations, including the related compliance policies and programmes and reports received from regulators, if any;
- (vii) reviewed interested person transactions in accordance with SGX listing rules;
- (viii) reviewed the nomination of external auditors and approval of their compensation; and
- (ix) submitted report of actions and minutes of the Audit Committee to the board of directors with any recommendations as the Audit Committee deems appropriate.

Directors' Statement

6. Audit Committee (Continued)

The Audit Committee has full access to and has the co-operation of the management and has been given the resources required for it to discharge its function properly. It also has full discretion to invite any director and executive officer to attend its meetings. The external and internal auditors have unrestricted access to the Audit Committee.

The Audit Committee has recommended to the directors the nomination of Mazars LLP for re-appointment as external auditors of the Group at the forthcoming AGM of the Company.

7. Auditors

The auditors, Mazars LLP, have expressed their willingness to accept re-appointment.

On behalf of the board of directors

Hong Qing Liang
Director

Independent Auditors' Report

To the Members of Fuxing China Group Limited

Report on the Audit of Financial Statements

Opinion

We have audited the financial statements of Fuxing China Group Limited (the "Company") and its subsidiaries (the "Group") which comprise the statements of financial position of the Group and of the Company as at 31 December 2019, and the statements of profit or loss and other comprehensive income, changes in equity and cash flows of the Group and the statement of changes in equity of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements of the Group and the statements of financial position and changes in equity of the Company are properly drawn up in accordance with the Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2019 and of the financial performance, changes in equity and cash flows of the Group and changes in equity of the Company for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSA"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Overview

Audit Approach

We designed a risk-based audit approach in identifying and assessing the risks of material misstatement at both the financial statement and assertion levels.

Materiality

As in all our audits, we exercised our professional judgement in determining our materiality, which was also affected by our perception of the financial information needs of the users of the financial statements, being the magnitude of misstatement in the financial statements that makes it probable for a reasonably knowledgeable person to change or be influenced in his economic decision.

Scope of audit

For the audit of the current financial year's financial statements, we identified 4 significant components which required a full scope audit of their financial information, either because of their size or/and their risk characteristics.

These significant components were audited by other Mazars offices as component auditors under our instructions. We determined the component materiality and our level of involvement in their audit necessary for us, in our professional judgement, to obtain sufficient appropriate audit evidence as a basis for our opinion on the Group's financial statements as a whole.

Area of focus

We focused our resources and effort on areas which were assessed to have higher risks of material misstatement, including areas which involve significant judgements and estimates made by directors.

Independent Auditors' Report

To the Members of Fuxing China Group Limited

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current financial year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	Our audit response
Revenue recognition (refer to Note 4 to the financial statements) In accordance to SSA 240 <i>The Auditor's Responsibilities Relating to Fraud in an Audit of Financial Statements</i>, there is a presumed fraud risk in revenue recognition and the presumption has not been rebutted given the nature of the industry and business environment in which the Group operates.	Our audit procedures included, and were not limited to the following: We reviewed the application of the Group's revenue recognition policy and challenged management's assessment in respect of the accounting treatment adopted by the management of the Group based on those delivery terms as to whether they are appropriate for compliance with SFRS(I) 15 <i>Revenue from Contracts with Customers</i>. We tested the design, implementation and operating effectiveness of the Group's relevant key controls over the revenue recognition, analysed the gross profit margins, performed substantive and cut-off tests on a sample basis, by verifying against acknowledged delivery orders to determine the point of revenue recognition.
Investment property (refer to Note 14 to the financial statements) The investment property pertains to an office building in Xiamen, China. Investment property is initially recorded at cost. Subsequent to recognition, investment property is measured at fair value, determined annually by the independent professional valuer on the highest and best-use basis. Gain or loss arising from change in the fair value of investment property is included in the profit or loss in the year in which it arises. We focus on this area because significant judgement is exercised by the independent professional valuer in arriving at the fair value of the investment property. Furthermore, the Group announced on 2 October 2019 its intention to dispose of the investment property. As at 31 December 2019, the Group was in the process of seeking the preliminary approval from the relevant local authorities in connection with the intended disposal of the property. Based on management's assessment, they have determined the classification of the investment property to remain unchanged from that in 2018.	Our audit procedures included, and were not limited to the following: We have reviewed: - the professional competence, objectivity and independence of the independent professional valuer; - the appropriateness of the basis used by the independent professional valuer, including the assumptions applied; and - the management's assessment regarding the classification of the property pursuant to the criteria of Non-current Assets Held for Sales under SFRS(I) 5 <i>Non-current Assets Held for Sale and Discontinued Operations</i>.

Independent Auditors' Report

To the Members of Fuxing China Group Limited

Key Audit Matters (Continued)

Key audit matter	Our audit response
Allowance for receivables (refer to Note 19 to the financial statements) With reference to SFRS(I) 9 <i>Financial Instruments</i> ("SFRS(I) 9"), the Group adopts a simplified approach for the recognition of the loss allowance for trade and bill receivables, which are carried at amortised cost, at an amount equal to lifetime expected credit losses ("ECL") and has also used the practical expedient permitted in SFRS(I) 9 in the form of a provision matrix. For other receivables which are carried at amortised cost, the Group recognises the loss allowance at an amount equal to 12-month expected credit losses. In the event that the credit risk is assessed to have increased significantly since initial recognition, the Group recognises the loss allowance of such other receivables at an amount equal to lifetime ECL. The assessment of the credit risk and the measurement of ECL require the use of significant judgement and estimates. Any impairment losses or gains resulting from the recognition or reversal of ECL are recognised in profit or loss as an adjustment to the loss allowance at the reporting date.	Our audit procedures included, and were not limited to the following: We have reviewed: - the management's assessment of the recoverability of long outstanding and overdue trade receivables; - the reasonableness of management's assumptions and inputs used in the allowance matrix to measure the ECL by comparing to historical credit loss rates, and reviewed data and information used by the management, including the consideration of forward-looking information based on specific economic data; - the arithmetic accuracy of management's computation of ECL; - the debtor ageing analysis and verified to subsequent receipts from major debtors; and - documentary evidence, representation and explanations from management to assess the recoverability of long outstanding debts, where applicable.
Going concern (refer to Note 2.1 to the financial statements) During the financial year ended 31 December 2019, the Group reported net current liabilities position of RMB 120 million. This condition appeared to indicate the existence of a material uncertainty which may cast significant doubt over the Group's ability to continue as a going concern. The Group's current liabilities as at 31 December 2019 included a bank loan amounting to RMB 55 million (2018: RMB 83 million) which was granted to the Group in 2013 and it was secured by an investment property (Note 14) as of 31 December 2019. The loan is only due for repayment in 2021. However, the loan agreement contains a clause that gives the bank the right to recall the outstanding loan on demand. Other than the bank loan, the Group also had short-term loans and bill payables amounting to RMB 344 million (2018: RMB 223 million) as of 31 December 2019 of which the Group has continued to pay when due. These short-term loans and bill payables are revolving loans that are renewable on an annual basis.	Our audit procedures included, and were not limited to the following: We assessed the basis used in the going concern assumption that there is no material uncertainty. We reviewed the past trends of renewal of loan facilities of the Group with the banks. We also reviewed the bank facilities letters and the cash flows forecast for the 12 months subsequent to the reporting date and the management's key assumptions to the cash flows forecast.

Independent Auditors' Report

To the Members of Fuxing China Group Limited

Other information

Management is responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and the independent auditors' report thereon, which we obtained prior to the date of this report.

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the SFRS (I), and for devising and maintaining a system of internal accounting controls sufficient to provide reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSA, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

Independent Auditors' Report

To the Members of Fuxing China Group Limited

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

The engagement partner on the audit resulting in this independent auditors' report is Lai Keng Wei.

Notes to the Financial Statements

For the financial year ended 31 December 2019

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. General

Fuxing China Group Limited (the “Company”) was incorporated and domiciled as an exempt company with limited liability in Bermuda and is listed on the mainboard in Singapore Exchange Securities Trading Limited (SGX-ST).

The principal activity of the Company is that of investment holding.

The principal activities of the subsidiaries are disclosed in Note 17 to the financial statements.

The registered office of the Company is at Clarendon House, 2 Church Street, Hamilton HM11, Bermuda and the principal place of business of the Group is located at Hangbian Industry Area, Longhu Town, Jinjiang City, Fujian Province, People’s Republic of China (the “PRC”).

The financial statements of the Group and the statement of financial position and the statement of changes in equity of the Company for the financial year ended 31 December 2019 were authorised for issue in accordance with a resolution of the directors of the Company on the date of Directors’ Statement.

2. Summary of significant accounting policies

2.1 Basis of preparation

The consolidated financial statements of the Group and the statements of financial position and changes in equity of the Company have been drawn up in accordance with the provisions of Singapore Financial Reporting Standards (International) (“SFRS(I)s”) including related Interpretations of SFRS(I) (“SFRS(I) INT”) and are prepared on the historical cost basis, except as disclosed in the accounting policies below.

The individual financial statements of each Group entity are measured and presented in the currency of the primary economic environment in which the entity operates (its functional currency). The consolidated financial statements of the Group and the statement of financial position and the statement of changes in equity of the Company are presented in Renminbi (“RMB”) which is also the functional currency of the Company, and all values presented are rounded to the nearest thousand (“RMB’000”), unless otherwise indicated.

Going concern

During the financial year ended 31 December 2019, the Group reported net current liabilities position of RMB 120 million (2018: RMB 108 million). This condition appeared to indicate the existence of a material uncertainty which may cast significant doubt over the Group’s ability to continue as a going concern.

The Group’s current liabilities as at 31 December 2019 included a bank loan amounting to RMB 55 million (2018: RMB 83 million) which was granted to the Group in 2013 and it was secured by an investment property (Note 14) as of 31 December 2019. The loan is only due for repayment in 2021. However, the loan agreement contains a clause that gives the bank the right to recall the outstanding loan on demand.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.1 Basis of preparation (Continued)

Going concern (Continued)

Other than the bank loan, the Group also took on short-term loans and bill payables amounting to RMB 344 million (2018: RMB 223 million) as of 31 December 2019. These short-term loans and bill payables are revolving loans that are renewable on an annual basis.

Excluding the effects of these loans and bill payables from current liabilities, the Group would report net current asset position of RMB 279 million (2018: RMB197 million). The going concern assumption of the Group is dependent on the Group being able to obtain continued support from its existing banks.

In the current financial year, the Group has adopted all the new and revised SFRS(I)s and SFRS(I) INT that are relevant to its operations and effective for annual periods beginning on or after 1 January 2019. The adoption of these new or revised SFRS(I)s and SFRS(I) INT did not result in changes to the Group's and Company's accounting policies, and has no material effect on the current or prior year's financial statement and is not expected to have a material effect on future periods.

SFRS(I) and SFRS(I) INT issued but not yet effective

At the date of authorisation of these statements, the following SFRS(I) and SFRS(I) INT that are relevant to the Group were issued but not yet effective:

SFRS (I)	Title	Effective date (annual periods beginning on or after)
SFRS(I) 1-1, SFRS(I) 1-8	Amendments to SFRS(I) 1-1 and SFRS(I) 1-8: <i>Definition of Material</i>	1 January 2020
SFRS(I) 3	Amendments to SFRS(I) 3: <i>Definition of a Business</i>	1 January 2020
SFRS(I) 9, SFRS(I) 1-39, SFRS(I) 7	Amendments to SFRS(I) 9, SFRS(I) 1-39 and SFRS(I) 7: <i>Interest Rate Benchmark Reform</i>	1 January 2020
SFRS(I) 10, SFRS(I) 1-28	Amendments to SFRS(I) 10 and SFRS(I) 1-28: <i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i>	To be determined
Various	Amendments to References to the Conceptual Framework in SFRS(I) Standards	
	Amendments to illustrative examples, implementation guidance and SFRS(I) practice statements	1 January 2020
SFRS(I) 17	Insurance Contracts	1 January 2021

Consequential amendments were also made to various standards as a result of these new or revised standards.

The Group does not intend to early adopt any of the above new or revised standards, interpretations and amendments to the existing standards. Management anticipates that the adoption of the aforementioned new or revised standards will not have a material impact on the financial statements of the Group and Company in the period of their initial adoption.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.2 Basis of consolidation

The financial statements of the Group comprise the financial statements of the Company and its subsidiaries. Subsidiaries are entities (including structured entities) (i) over which the Group has power and the Group is (ii) able to use such power to (iii) affect its exposure, or rights, to variable returns from then through its involvement with them.

The Group reassesses whether it controls the subsidiaries if facts and circumstances indicate that there are changes to the one or more of the three elements of control.

When the Group has less than a majority of the voting rights of an investee, it still has power over the investee when the voting rights are sufficient, after considering all relevant facts and circumstances, to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers, among others, the extent of its voting rights relative to the size and dispersion of holdings of the other vote holders, currently exercisable substantive potential voting rights held by all parties, rights arising from contractual arrangements and voting patterns at previous shareholders' meetings.

Subsidiaries are consolidated from the date on which control is transferred to the Group up to the effective date on which control ceases, as appropriate.

Intra-group assets and liabilities, equity, income, expenses and cash flows relating to intragroup transactions are eliminated on consolidation.

The financial statements of the subsidiaries used in the preparation of the financial statements are prepared for the same reporting date as that of the Company. Where necessary, accounting policies of subsidiaries have been changed to ensure consistency with the policies adopted by the Group.

Non-controlling interests are identified separately from the Group's equity therein. On an acquisition-by-acquisition basis, non-controlling interests may be initially measured either at fair value or at their proportionate share of the fair value of the acquiree's identifiable net assets. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity. Losses in the subsidiary are attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. Any differences between the amount by which the non-controlling interests are adjusted to reflect the changes in the relative interests in the subsidiary and the fair value of the consideration paid or received is recognised directly in equity and attributed to the owners of the Company.

When the Group loses control over a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for (i.e. reclassified to profit or loss or transferred directly to retained earnings) in the same manner as would be required if the relevant assets or liabilities were disposed of. The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under SFRS(I) 9 *Financial Instruments* ("SFRS(I) 9") or, when applicable, the cost on initial recognition of an investment in an associate or joint controlled entity.

Investment in subsidiaries is carried at cost less any impairment loss that has been recognised in profit or loss in the Company's separate financial statements.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.3 Business Combinations

Business combinations from 1 January 2010

The acquisition of subsidiaries is accounted for using the acquisition method. The cost of the acquisition is measured at the aggregate of the fair values, at the date of exchange, of assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for control of the acquiree. Acquisition-related costs are recognised in profit or loss as incurred.

The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under SFRS(I) 3 *Business Combination* ("SFRS(I) 3") are recognised at their fair values at the acquisition date, except for non-current assets (or disposal groups) that are classified as held-for-sale in accordance with SFRS(I) 5 *Non-Current Assets Held for Sale and Discontinued Operations* ("SFRS(I) 5"), which are recognised and measured at the lower of cost and fair value less costs to sell.

Where a business combination is achieved in stages, the Group's previously held interests in the acquired entity are remeasured to fair value at the acquisition date (i.e. the date the Group attains control) and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss, where such treatment would be appropriate if that interest were disposed of.

The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under SFRS(I) 3 are recognised at their fair value at the acquisition date, except that:

- deferred tax assets or liabilities and liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with SFRS(I) 1-12 *Income Taxes* and SFRS(I) 1-19 *Employee Benefits* respectively;
- liabilities or equity instruments related to the replacement by the Group of an acquiree's share-based payment awards are measured in accordance with SFRS(I) 2 *Share-based Payment*; and
- assets (or disposal groups) that are classified as held for sale in accordance with SFRS(I) 5 are measured in accordance with that Standard.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see below), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amounts recognised as of that date.

The measurement period is the period from the date of acquisition to the date the Group obtains complete information about facts and circumstances that existed as of the acquisition date, and is subject to a maximum of one year.

Goodwill arising on acquisition is recognised as an asset at the acquisition date and is initially measured at cost, being the excess of the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer previously held equity interest (if any) in the entity over net acquisition-date fair value amounts of the identifiable assets acquired and the liabilities assumed.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.3 Business Combinations (Continued)

Business combinations from 1 January 2010 (Continued)

If, after reassessment, the Group's interest in the net fair value of the acquiree's identifiable net assets exceeds the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Business combinations before 1 January 2010

In comparison to the above mentioned requirements, the following differences applied:

Business combinations were accounted for by applying the purchase method. Transaction costs directly attributable to the acquisition formed part of the acquisition costs. The non-controlling interest (formerly known as minority interest) was measured at the proportionate share of the acquiree's identifiable net assets.

Business combinations achieved in stages were accounted for as step acquisitions. Adjustments to those fair values relating to previously held interests were treated as a revaluation and recognised in equity.

When the Group acquired a business, embedded derivatives separated from the host contract by the acquiree were not reassessed on acquisition unless the business combination resulted in a change in the terms of the contract that significantly modified the cash flows that would otherwise be required under the contract.

Contingent consideration was recognised if, and only if, the Group had a present obligation, the economic outflow was probable and a reliable estimate was determinable. Subsequent measurements to the contingent consideration affected goodwill.

Common Control Business Combination Outside the Scope of SFRS(I) 3

A business combination involving entities under common control is a business combination in which all the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination, and that control is not transitory. A business combination involving common control entities, are outside the scope of SFRS(I) 3. For such common control business combinations, the merger accounting principles are used to include the assets, liabilities, results, equity changes and cash flows of the combining entities in the consolidated financial statements.

In applying merger accounting, financial statement items of the combining entities or businesses for the reporting period in which the common control combination occurs, and for any comparative periods disclosed, are included in the consolidated financial statements of the combined entity as if the combination had occurred from the date when the combining entities or businesses first came under the control of the controlling party or parties.

A single uniform set of accounting policies is adopted by the combined entity. Therefore, the combined entity recognises the assets, liabilities and equity of the combining entities or businesses at the carrying amounts in the consolidated financial statements of the controlling party or parties prior to the common control combination. The carrying amounts are included as if such combined entity's accounting policies and applying those policies to all periods presented. There is no recognition of any goodwill or excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over cost at the time of the common control combination. The effects of all transactions between the combining entities or businesses, whether occurring before or after the combination, are eliminated in preparing the consolidated financial statements of the combined entity.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.3 Business Combinations (Continued)

Restructuring reserve represents the differences between the nominal amount of the share capital of the combining entities at the date on which it was acquired by the Group and the nominal amount of the share capital issued as consideration for the acquisition.

The consolidated financial statements were prepared based on the audited financial statements of subsidiaries which were prepared in accordance with SFRS(I) for the purpose of consolidation. The PRC subsidiaries maintain their accounting records and prepare the relevant statutory financial statement in accordance with the accounting standards and legislations of the PRC Generally Accepted Accounting Principle (GAAP).

Apart from the above, all business combinations are accounted for using the acquisition method.

2.4 Revenue recognition

The Group is principally in the business of production and trading of zipper products and provision of related processing services. Revenue from contracts with its customers is recognised when or as the Group satisfies a performance obligation by transferring a promised good or service generated in the ordinary course of the Group's activities to its customer, at a transaction price that reflects the consideration the Group expects to be entitled in exchange for the goods or service and that is allocated to that performance obligation. The goods or service is transferred when or as the customer obtains control of the goods or service.

Sale of goods

The Group provides customisation and manufacturing of zipper products to deliver the desired designs to customers. Generally, the contracts would be completed within a year from commencement date. Customers can select the materials and quality of their products to fit their requirements. The customisation and manufacturing of zipper products is one performance obligation as the promises are not distinct within the context of the contract. Revenue is recognised at a point in time when the control of the goods is transferred to the customer (i.e. when the goods are delivered in accordance with the applicable incoterms or terms and conditions and significant risks and rewards of ownership of the goods is transferred to the customer). A corresponding receivable is recognised for the consideration that is unconditional when only the passage of time is required before the payment is due.

Processing

Processing represents colour dyeing of fabric tapes for zippers, electroplating services for zipper sliders and manufacturing and sales of dyed yarn. Revenue from processing is recognised at a point in time when the end customer receives the service (i.e. when the service is performed in accordance with the applicable terms and conditions). A corresponding receivable is recognised for the consideration that is unconditional when only the passage of time is required before the payment is due.

2.5 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Borrowing costs on general borrowings are capitalised by applying a capitalisation rate to construction or development expenditures that are financed by general borrowings. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All borrowing costs are recognised in profit or loss in the period in which they are incurred.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.6 Retirement benefit costs

The Group participates in the national pension schemes as defined by the laws of PRC. Subsidiaries incorporated in the PRC are required to provide staff pension benefits to their employees under existing PRC legislation. These subsidiaries are required to contribute a certain percentage of their payroll costs to the pension scheme to fund the benefits. The pension funds are managed by government agencies, which are responsible for paying pensions to the retired employees. Contributions under the pension scheme are charged to the profit or loss as they become payable in accordance with the rules of the pension scheme.

2.7 Employee leave entitlements

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of the financial year.

2.8 Income tax

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are not taxable or tax deductible. The Group's liability for current tax is calculated using tax rates (and tax laws) that have been enacted or substantively enacted in countries where the Company and subsidiaries operate by the end of the financial year.

Deferred tax is recognised on the differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and are accounted for using the liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised on taxable temporary differences arising on investment in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each financial year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the financial year and based on the tax consequence that will follow from the manner in which the Group expects, at the end of the financial year, to recover or settle the carrying amounts of its assets and liabilities except for the investment property where investment property measured at fair value is presented to be recovered entirely through sale. Deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.8 Income tax (Continued)

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax are recognised as an expense or income in profit or loss, except when they relate to items credited or debited directly to equity, in which case the tax is also recognised directly in equity, or where they arise from the initial accounting for a business combination. In the case of a business combination, the tax effect is taken into account in calculating goodwill or determining the excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over cost.

2.9 Foreign currency transactions and translation

Foreign currency transactions are translated into the individual entities' respective functional currencies at the exchange rates prevailing on the date of the transaction. At the end of each financial year, monetary items denominated in foreign currencies are retranslated at the rates prevailing as of the end of the financial year. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in profit or loss for the year. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the year except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in equity.

Exchange differences relating to assets under construction for future productive use, are included in the cost of those assets where they are regarded as an adjustment to interest costs on foreign currency borrowings.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in Renminbi using exchange rates prevailing at the end of the financial year. Income and expense items (including comparatives) are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are classified as equity and transferred to the Group's translation reserve. Such translation differences are recognised in profit or loss in the period in which the foreign operation is disposed of.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities (including monetary items that, in substance, form part of the net investment in foreign entities), and of borrowings and other currency instruments designated as hedges of such investments, are taken to the foreign currency translation reserve.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.10 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses. The cost of property, plant and equipment includes its purchase price and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the property, plant and equipment.

Subsequent expenditure relating to property, plant and equipment is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

Depreciation is charged so as to write off the cost of assets, over their estimated useful lives, using the straight-line method, on the following bases:

• Plant and machinery	10% to 20%
• Buildings	5%
• Motor vehicles	10% to 20%
• Office equipment	20%

No depreciation is charged on construction-in-progress as they are not yet in use as at the end of the financial year.

Properties in the course of construction for production, supply or administrative purposes, or for purposes not yet determined, are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The estimated useful lives, residual values and depreciation methods are reviewed, and adjusted as appropriate, at the end of each financial year.

The gain or loss, being the difference between the sales proceeds and the carrying amount of the asset, arising on disposal or retirement of an item of property, plant and equipment is recognised in profit or loss. Any amount in the revaluation reserve relating to that asset is transferred to retained earnings directly.

Fully depreciated property, plant and equipment are retained in the financial statements until they are no longer in use.

2.11 Investment property

Investment property, which is property held to earn rentals and/or for capital appreciation, is measured initially at its cost, including transaction costs. Subsequent to initial recognition, investment property is measured at fair value and changes in the fair value are included in profit or loss for the year in which they arise. Fair values are determined annually by independent professional valuers.

Costs of major renovations and improvements to the investment property are capitalised as additions and the carrying amounts of the replaced components are written off to profit or loss. The costs of maintenance, repairs and minor improvement are charged to profit or loss when incurred.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.11 Investment property (Continued)

Upon its disposal or retirement, the difference between the net disposal proceeds and the carrying amount of the investment property is recognised in profit or loss.

2.12 Intangible assets

Intangible assets acquired separately are measured initially at cost. The cost of intangible assets acquired in a business combination is their fair values as at the date of acquisition. Following initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is reflected in profit or loss in the year in which expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite useful lives are amortised on a straight-line basis over their estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at least at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in profit or loss in the expense category consistent with the function of the intangible asset.

Intangible assets with indefinite useful lives or not yet available for use are tested for impairment annually, or more frequently if events and circumstances indicate that the carrying value may be impaired either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite useful life is reviewed annually to determine whether the useful life assessment continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

Computer software

Acquired computer software licences are initially capitalised on the basis of the costs incurred to acquire and prepare the software for its intended use. Direct expenditure which enhances or extends the performance of computer software beyond its specifications and which can be reliably measured is added to the original cost of the software. Costs associated with maintaining computer software are recognised as an expense as incurred.

Computer software licences are subsequently carried at cost less accumulated amortisation and accumulated impairment losses. These costs are amortised to profit or loss over their estimated useful lives of 5 years.

Patent

A patent for the new Super Durable Zipper product was purchased in the financial year ended 31 December 2010. This patent is measured at cost less accumulated amortisation and any impairment loss. It is amortised on a straight-line basis over its estimated useful life of 7 years.

The amortisation expense on the patent with a finite life is recognised in profit or loss through the 'Administrative expenses' line item.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.12 Intangible assets (Continued)

Customer base

The customer base was acquired in business combinations. This customer base is measured at cost less accumulated amortisation and any impairment loss. It is amortised on a straight-line basis over its estimated useful life of 10 years.

The amortisation expense on the customer base with a finite life is recognised in profit or loss through the 'Administrative expenses' line item.

Operating licence

The operating licence was acquired in business combinations. This operating licence is measured at cost less accumulated amortisation and any impairment loss. It is amortised on a straight-line basis over its estimated useful life of 22 years.

The amortisation expense on the operating licence with a finite life is recognised in profit or loss through the 'Administrative expenses' line item.

Land use rights

Land use rights are initially measured at cost. Following initial recognition, land use rights are measured at cost less accumulated amortisation. The land use rights are amortised on a straight-line basis over the lease term of 50 years.

2.13 Impairment of non-financial assets

The Group reviews the carrying amounts of its non-financial assets as at each reporting date to assess for any indication of impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Irrespective of whether there is any indication of impairment, the Group also tests its intangible assets with indefinite useful lives and intangible assets not yet available for use for impairment annually by comparing their respective carrying amounts with their corresponding recoverable amounts.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value-in-use. In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss for the amount by which the asset's carrying amount exceeds the recoverable amount is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.14 Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and allocating the interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments (including all fees on points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial instrument, or where appropriate, a shorter period, to the net carrying amount of the financial instrument. Income and expense are recognised on an effective interest basis for debt instruments other than those financial instruments at fair value through profit or loss.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Financial assets

Initial recognition and measurement

All financial assets are recognised on trade date – the date on which the Group commits to purchase or sell the asset. With the exception of trade receivables that do not contain a significant financing component or for which the Group applies a practical expedient, all financial assets are initially measured at fair value, plus transaction costs, except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value. Such trade receivables that do not contain a significant financing component or for which the Group applies a practical expedient are measured at transaction price as defined in SFRS(I) 15 *Revenue from Contracts with Customers* (“SFRS(I) 15”) in Note 2.4.

Financial assets are classified as subsequently measured at amortised cost, fair value through other comprehensive income (“FVTOCI”) and fair value through profit or loss (“FVTPL”). The classification at initial recognition depends on the Group’s business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

The Group’s business model refers to how the Group manages its financial assets in order to generate cash flows which determines whether cash flows will result from collecting contractual cash flows, selling financial assets or both.

The Group determines whether the asset’s contractual cash flows are solely payments of principal and interest (“SPPI”) on the principal amount outstanding to determine the classification of the financial assets.

Financial assets at amortised cost

A financial asset is subsequently measured at amortised cost if the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, the financial asset at amortised cost are measured using the effective interest method and is subject to impairment. Gains or losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.14 Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets

The Group recognises a loss allowance for expected credit losses (“ECL”) on financial assets measured at amortised cost and debt instruments measured at FVTOCI. At each reporting date, the Group assesses whether the credit risk on a financial asset has increased significantly since initial recognition by assessing the change in the risk of a default occurring over the expected life of the financial instrument. Where the financial asset is determined to have low credit risk at the reporting date, the Group assumes that the credit risk on a financial assets has not increased significantly since initial recognition.

The Group uses reasonable and supportable forward-looking information that is available without undue cost or effort as well as past due information when determining whether credit risk has increased significantly since initial recognition.

Where the credit risk on that financial instrument has increased significantly since initial recognition, the Group measures the loss allowance for a financial instrument at an amount equal to the lifetime ECL. Where the credit risk on that financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month ECL.

The Group uses a practical expedient to recognise the ECL for trade receivables, which is to measure the loss allowance at an amount equal to lifetime ECL using an allowance matrix derived based on historical credit loss experience adjusted for current conditions and forecasts of future economic conditions.

The amount of ECL or reversal thereof that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised in profit or loss.

The Group directly reduces the gross carrying amount of a financial asset when the entity has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof.

For details on the Group’s accounting policy for its impairment of financial assets, refer to Note 30.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the financial asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds receivables.

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.14 Financial instruments (Continued)

Financial liabilities and equity instruments (Continued)

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Ordinary share capital

Ordinary share capital is classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options are recognised as a deduction from equity.

When shares recognised as equity are reacquired, the amount of consideration paid is recognised directly in equity. Reacquired shares are classified as treasury shares and presented as a deduction from total equity. No gain or loss is recognised in profit or loss on the purchase, sale issue or cancellation of treasury shares.

When treasury shares are subsequently cancelled, the cost of treasury shares are deducted against the share capital account if the shares are purchased out of capital of the Company, or against the accumulated profits of the Company if the shares are purchased out of earnings of the Company, or proportionately against the share capital and accumulated profits accounts if the shares are purchased both out of capital and accumulated profits of the Company.

When treasury shares are subsequently sold or reissued pursuant to the employee share option scheme, the cost of treasury shares is reversed from the treasury share account and the realised gain or loss on sale or reissue, net of any directly attributable incremental transaction costs and related income tax, is recognised in the capital reserve of the Company.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised on trade date – the date on which the Group commits to purchase or sell the asset. All financial liabilities are initially measured at fair value, minus transaction costs, except for those financial liabilities classified as at fair value through profit or loss, which are initially measured at fair value.

Financial liabilities are classified as either financial liabilities at fair value through profit or loss or other financial liabilities.

Financial liabilities are classified as at fair value through profit or loss if the financial liability is either held for trading or it is designated as such upon initial recognition. Financial liabilities classified as at fair value through profit or loss comprise derivatives that are not designated or do not qualify for hedge accounting.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.14 Financial instruments (Continued)

Financial liabilities and equity instruments (Continued)

Other financial liabilities

Trade and other payables

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, where applicable, using the effective interest method, with interest expense recognised on an effective yield basis. A gain or loss is recognised in profit or loss when the liability is derecognised and through the amortisation process.

Borrowings

Interest-bearing bank loans and overdrafts are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in accordance with the Groups accounting policy for borrowing costs (see Note 2.5 above). A gain or loss is recognised in profit or loss when the liability is derecognised and through the amortisation process.

Financial guarantee contracts

The Company has issued corporate guarantees to banks for banking facilities granted by them to certain subsidiaries and these guarantees qualify as financial guarantees because the Company is required to reimburse the banks if these subsidiaries breach any repayment terms.

Financial guarantee contract liabilities are measured initially at their fair values plus transaction costs and subsequently at the higher of the amount of the loss allowance and the amount initially recognised less cumulative amortisation in accordance with SFRS(I) 15.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire.

2.15 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs comprise direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Cost is calculated using the weighted average method. Net realisable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

2.16 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, bank overdrafts and other short-term highly liquid investments which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.17 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the financial year, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss as they arise.

2.18 Contingencies

A contingent liability is:

- (i) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (ii) a present obligation that arises from past events but is not recognised because:
 - (a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (b) the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingencies are not recognised on the statement of financial position of the Group, except for contingent liabilities assumed in a business combination that are present obligations and which the fair value can be reliably determined.

2.19 Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Where the grants related to income, they are presented as part of profit or loss under a general heading of 'Other income'.

2.20 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the group of executive directors and the chief executive officer who make strategic decisions.

Notes to the Financial Statements

For the financial year ended 31 December 2019

2. Summary of significant accounting policies (Continued)

2.21 Leases

Operating leases - Lessor

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which use benefit derived from the leased asset is diminished. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

3. Critical accounting judgements and key sources of estimation uncertainty

The Group made judgements, estimates and assumptions about the carrying amounts of assets and liabilities that were not readily apparent from other sources in the application of the Group's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience and other factors that are considered to be reasonable under the circumstances. Actual results may differ from the estimates.

3.1 Critical judgements made in applying the Group's accounting policies

Determination of functional currency

The Group measures foreign currency transactions in the respective functional currency of the Company and its subsidiaries. In determining the functional currency of the respective entity in the Group, judgement is required to determine the currency that mainly influences sales prices of goods and services and of the country whose competitive forces and regulations mainly determines the sales prices of its goods and services. The functional currency of the entities in the Group is determined based on the local management's assessment of the economic environment in which the entities operate and the respective entity's process of determining sales prices.

3.2 Key sources of estimation uncertainty

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Estimated fair value of investment property

Investment property is initially recorded at cost. Subsequent to recognition, investment property is measured at fair value, determined annually by independent valuer which based on the income method that made reference to estimated market rental values and equivalent yields. Gain or loss arising from change in the fair value of investment property is recognised in the profit or loss in the year in which it arises. The fair value of the investment property is disclosed in Note 14 to the financial statements.

Measurement of ECL of trade receivables and bill receivables

The Group uses an allowance matrix to measure ECL for trade receivables and bill receivables. The ECL rates are based on the Group's historical loss experience of the receivables, for the last 1 year prior to the reporting date for various customer groups that are assessed by geographical locations, product types and internal ratings, adjusted for forward looking factors specific to the receivables and the economic environment which could affect the ability of the debtors to settle the trade receivables and bill receivables. In considering the impact of the economic environment on the ECL rates, the Group assesses, for example, the gross domestic production growth rates of the countries and the growth rates of the major industries in which its customers operate. The Group adjusts the allowance matrix at each reporting date. Such estimation of the ECL rates may not be representative of the actual default in the future. The expected loss allowance on the Group's trade receivables and bill receivables as at 31 December 2019 are disclosed in Note 19 to the financial statements.

Notes to the Financial Statements

For the financial year ended 31 December 2019

3. Critical accounting judgements and key sources of estimation uncertainty (Continued)

3.2 Key sources of estimation uncertainty (Continued)

Depreciation of property, plant and equipment

The Group depreciates the property, plant and equipment over their estimated useful lives after taking into account of their estimated residual values. The estimated useful life reflects management's estimate of the period that the Group intends to derive future economic benefits from the use of the Group's property, plant and equipment. The residual value reflects management's estimated amount that the Group would currently obtain from the disposal of the asset, after deducting the estimated costs of disposal, as if the asset may already of the age and in the condition expected at the end of its useful life. Changes in the expected level of usage and technological developments could affect the economics, useful lives and the residual values of these assets which could then consequentially impact future depreciation charges. The carrying amount of the Group's property, plant and equipment at 31 December 2019 are disclosed in Note 13 to the financial statements.

Inventory valuation method

Inventory is valued at the lower of cost and net realisable value. Management reviews the Group's inventory levels in order to identify slow-moving and obsolete merchandise and identifies items of inventory which have a market price, being the merchandise's selling price quoted from the market of similar items, that is lower than its carrying amount. Management then estimates the amount of inventory loss as an allowance on inventory. Changes in demand levels, technological developments and pricing competition could affect the stability and values of the inventory which could then consequentially impact the Group's results, cash flows and financial position. The carrying amount of the Group's inventories as at 31 December 2019 is disclosed in Note 18 to the financial statements.

Measurement of prepayments

The Group's prepayments mainly pertain to the advances to supplier for future purchase. The loss allowances for prepayments are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. The carrying amount of the Group's prepayments as at 31 December 2019 is disclosed in Note 20 to the financial statements.

Impairment of investment in subsidiaries

At the end of each financial year, an assessment is made on whether there are indicators that the Company's investment is impaired. Where necessary, the Company's assessments are based on the estimation of the value-in-use of the assets defined in SFRS(I) 1-36 *Impairment of Assets* by forecasting the expected future cash flows for a period of up to 5 years, using a suitable discount rate in order to calculate the present value of those cash flows. The Company's carrying amount of investment in subsidiaries as at 31 December 2019 is disclosed in Note 17 to the financial statements.

Provision for income taxes

The Group has exposure to income taxes in several jurisdictions of which a portion of these taxes arose from certain transactions and computations for which ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities of expected tax issues based on their best estimates of the likely taxes due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax positions in the period in which such determination is made. The carrying amount of the Group's current tax payables as at 31 December 2019 were RMB 4,531,000 (2018: RMB 3,811,000).

Notes to the Financial Statements

For the financial year ended 31 December 2019

4. Revenue

The disaggregation of revenue from contracts with customers is as follows:

in RMB'000	Reportable segments												Inter-segment revenue				Total
	Sale of goods								Processing								
	Zipper Chain		Zipper Slider		Trading				Total								
					2019	2018	2019	2018	2019	2018	2019	2018					
Geographical markets^(a)

Timing of revenue recognition																	
Goods transferred at a point in time	328,697	301,692	82,780	86,642	271,987	447,051	683,464	835,385	76,914	86,097	(19,674)	(20,534)	740,704	900,948			

Notes to the Financial Statements

For the financial year ended 31 December 2019

4. Revenue (Continued)

(a) *The disaggregation is based on the location of customers from which revenue was generated.*

The Group has applied the practical expedient permitted under SFRS(I) 15 for those performance obligations which are part of contracts that have an original expected duration of one year or less.

Contract balances

	2019 RMB'000	2018 RMB'000
Contract liabilities – Advance from customers (Note 25)	(46,915)	(55,603)

Significant changes in the contract liabilities balances during the period are as follows:

	2019 RMB'000	2018 RMB'000
Revenue recognised that was included in the contract liability balance at the beginning of the year	55,603	52,422

5. Other income

	Group	
	2019 RMB'000	2018 RMB'000
Government grant	771	383
Fair value gain on investment property (Note 14)	–	12,030
Foreign exchange gain, net	2,026	4,790
Rental and management income	20,030	16,194
Others	360	401
	23,187	33,798

6. Interest income and financial costs

	Group	
	2019 RMB'000	2018 RMB'000
Interest income from:		
- Bank deposits	656	692
Interest expense on:		
- Bank loans	14,964	16,547

Notes to the Financial Statements

For the financial year ended 31 December 2019

7. Other expenses

	Group	
	2019 RMB'000	2018 RMB'000
Fair value loss on investment property (Note 14)	37,600	–
Others	6	453
	<u>37,606</u>	<u>453</u>

8. (Loss)/Profit before income tax

The following charges/(credits) were included in determination of (loss)/profit before income tax:

	Group	
	2019 RMB'000	2018 RMB'000
Personnel expenses (Note 10)	61,953	68,517
Fair value loss/(gain) on investment property	37,600	(12,030)
Net allowance for doubtful trade receivables	5,627	485
Net allowance for doubtful other receivables	–	950
Net allowance for advance to suppliers	316	6,032
Allowance for obsolescence and slow-moving stocks	2,270	–
Net write back of social security contribution	(2,373)	(1,188)
Audit fees charged by auditors of the Company	<u>1,620</u>	<u>1,480</u>

9. Significant related party transactions

A related party is defined as follows:

- (a) A person or a close member of that person's family is related to the Group and Company if that person:
 - (i) Has control or joint control over the Company;
 - (ii) Has significant influence over the Company; or
 - (iii) Is a member of the key management personnel of the Group or Company or of a parent of the Company.
- (b) An entity is related to the Group and the Company if any of the following conditions applies:
 - (i) The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Company or itself such a plan, the sponsoring employers are also related to the Company.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a);
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the reporting entity or to the parent of the reporting entity.

Notes to the Financial Statements

For the financial year ended 31 December 2019

9. Significant related party transactions (Continued)

The effect of the Group's and Company's transactions and arrangements with related parties is reflected in these financial statements. The balances are unsecured, interest-free and repayable on demand unless otherwise stated.

Compensation of directors and key management personnel

	Group		Company	
	2019	2018	2019	2018
	RMB'000	RMB'000	RMB'000	RMB'000
Total compensation to key management personnel – salaries, bonuses and fees (included in personnel expenses in Note 10)	3,087	3,025	1,933	1,928
Comprises amounts paid to:				
- Directors	1,869	1,856	1,333	1,328
- Other key management personnel	1,218	1,169	600	600
	3,087	3,025	1,933	1,928

No defined contribution plans were paid to key management personnel.

10. Personnel expenses

	Group	
	2019	2018
	RMB'000	RMB'000
Salaries and bonuses	58,091	63,968
Contribution to defined contribution plans	3,862	4,549
	61,953	68,517

11. Income tax (credit)/expense

	Group	
	2019	2018
	RMB'000	RMB'000
Current income tax:		
- Current financial year	2,103	2,814
Deferred income tax (Note 27)		
- Origination and reversal of temporary differences	(9,086)	3,155
Total income tax (credit)/expense	(6,983)	5,969

Notes to the Financial Statements

For the financial year ended 31 December 2019

11. Income tax expense (Continued)

The reconciliation between tax (credit)/expense and the (loss)/profit before income tax multiplied by the applicable corporate tax rate for the financial years ended 31 December 2019 and 2018 is as follows:

	Group	
	2019	2018
	RMB'000	RMB'000
(Loss)/Profit before income tax	(45,842)	13,053
Tax at the domestic tax rates applicable to profits in the countries where the Group operates	(11,378)	2,637
Adjustments:		
- Non-deductible expenses	3,472	8,110
- Income not subject to taxation	(314)	(3,304)
- Deferred tax provision relating to withholding tax for undistributed profits of PRC subsidiaries	317	147
- Utilisation of deferred tax assets previously not recognised	–	(1,248)
- Deferred tax assets not recognised	931	–
- Others	(11)	(373)
Total income tax (credit)/expense	(6,983)	5,969

The above reconciliation is prepared by aggregating separate reconciliations for each national jurisdiction.

(i) Fuxing China Group Limited (“the Company”) and Jade Star Group Holdings Limited (“Jade Star”)

The Company and Jade Star are incorporated in Bermuda and the British Virgin Islands respectively and are not required to pay taxes.

(ii) Jinjiang Fookhing Zipper Co., Ltd (“Fookhing Zipper”), Jinjiang Fuxing Dress Co., Ltd (“Fuxing Dress”), Fulong Zipper and Weaving Co., Ltd (“Fulong”), Jinjiang Jianxin Weaving Co., Ltd (“Jianxin”), Jinjiang Fuxin Electroplating Co., Ltd (“Fuxin”) and Xiamen Fuxing Industrial Company Limited (“Xiamen Fuxing”)

Pursuant to the Enterprise Income Tax Law of the PRC (the “EIT” Law) promulgated by the National People’s Congress on 16 March 2007 (effective from 1 January 2008), resident and non-resident enterprises deriving income from the PRC are subject to Enterprise Income Tax (“EIT”). Under the EIT Law, EIT applies to all enterprises, including FIEs and domestic enterprises. The general applicable EIT tax rate in the PRC is 25%.

Accordingly, Fuxing Dress, Fulong, Jianxin and Fuxin are subjected to EIT tax rate of 25% for the year ended 31 December 2019 (2018: 25%).

Fookhing Zipper has obtained the “New and High Technology Enterprise” status, which allows the subsidiary to enjoy a preferential corporate tax rate of 15% for 3 years. However, the application has not been approved by the Fujian province tax bureau. Accordingly, the applicable EIT tax rate for Fookhing Zipper is 25% for the financial year ended 31 December 2019 (2018: 25%).

Rental income from Xiamen Fuxing is subjected to EIT tax rate of 25% for the year ended 31 December 2019 (2018: 25%).

Notes to the Financial Statements

For the financial year ended 31 December 2019

11. Income tax expense (Continued)

- (iii) Fookhing Group Trading Company Limited ("Fuxing HK") and Fuxing China Group Limited (HK) ("FCG")

The statutory income tax applicable to Fuxing HK and FCG for the financial year ended 31 December 2019 is 16.5% (2018: 16.5%).

No provision for income tax has been made for FCG as this Company did not have any assessable profit during the financial years ended 31 December 2019 and 2018.

Unutilised tax losses

At the end of the reporting period, the Group has tax losses of approximately RMB 71,912,000 (2018: RMB 68,188,000) that are available for offset against future taxable profits of the companies in which the losses arose. Deferred tax asset has not been recognised in respect of such losses due to uncertainty of its recoverability. The use of these tax losses is subject to the agreement of the tax authorities and compliance with the relevant provisions of the tax legislation in the PRC.

12. (Loss)/Earnings per share

Basic (loss)/earnings per share is calculated by dividing the (loss)/profit for the year attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial year amounting to 17,205,438 ordinary shares (2018: 17,205,438).

The following tables reflect the (loss)/earning and share data used in the computation of basic and diluted (loss)/earnings per share for the years ended 31 December:

	Group	
	2019 RMB'000	2018 RMB'000
(Loss)/Profit for the year attributable to owners of the Company	(39,118)	6,991
	No. of shares '000	No. of shares '000
Weighted average number of ordinary shares for diluted (loss)/earnings per share computation	17,205	17,205

Note: Basic (loss)/earnings per share is computed based on weighted average number of shares in issue in 17,205,438 ordinary shares (2018: 17,205,438).

	Group	
	2019	2018
Basic and diluted (loss)/earnings per share (RMB per share)	(2.27)	0.41

Notes to the Financial Statements

Net cash outflow for purchase of property, plant and equipment	35,839	33,145

Assets pledged as security

As of 31 December 2019, certain buildings of the Group with net carrying amount of RMB 169,773,000 (2018: RMB 176,710,000) were pledged as security for the facility of bills payables (Note 24) and short-term bank loans (Note 26).

There are no rules or guidelines under the existing rules and regulations in the PRC as to the responsibility of restoration upon expiry of land use rights. There is no reliable estimation to the cost of restoration and the expenditure is not probable.

During the financial year, the Group carried out a review of the recoverable amount of its buildings as it incurred operating loss. An impairment loss of RMB 2,153,000 (2018: Nil) represent the write-down of buildings to recoverable amount which was recognised in profit or loss. The recoverable amount of the buildings is determined based on valuation performed by independent qualified professional valuer during the financial year. The method of valuation was market comparable approach that makes reference to market values of the comparable properties in the same area.

14. Investment property

	Group	
	2019 RMB'000	2018 RMB'000
At fair value:		
At 1 January	510,500	498,470
Fair value (loss)/gain included in profit or loss	(37,600)	12,030
At 31 December	472,900	510,500
Statement of comprehensive income		
Rental income from investment property and management income (Including direct expenses) - net	20,030	16,194

Valuation of investment property

Investment property is stated at fair value based on the properties' highest and best use, which has been determined based on valuation performed as at 31 December 2019 and 31 December 2018. The valuation of investment property was performed by Jin Jiang Decheng Asset Appraisal Co., Ltd, on 31 December 2019 and 31 December 2018. The independent valuer has a recognised and relevant professional qualification and with relevant recent experience in the location and category of the properties being valued. The valuation is based on the market comparable approach that makes reference to market values of the comparable properties in the same area. There has been no change to the valuation technique during the year.

Notes to the Financial Statements

For the financial year ended 31 December 2019

14. Investment property (Continued)

Valuation of investment property (Continued)

Key unobservable input used is the transacted prices per square metre of comparable properties in close proximity based on recent market transactions. These recent transacted prices are subsequently adjusted to consider the size of the Group's property, the age of the building, the remaining tenure of the property and/or the plot ratio of the land relative to those of the comparable properties sold to derive the fair value of the Group's property. An increase in transacted prices per square metre would increase the valuation.

Property pledged as security

The investment property is mortgaged to secure short-term loans (Note 26).

Details of the investment property held by the Group as at 31 December 2019 and 2018 are as follows:

Location	Gross Area	Existing Use	Tenure	Expiry of Lease Term
Siming District, Xiamen City, Fujian Province, the People's Republic of China	49,554 sq m	Office	Leasehold	27 April 2061

15. Land use rights

	Group	
	2019 RMB'000	2018 RMB'000
Cost		
At 1 January and 31 December	35,300	35,300
Accumulated amortisation		
At 1 January	7,462	6,557
Additions	905	905
At 31 December	8,367	7,462
Net carrying amount		
At 31 December	26,933	27,838
Amount to be amortised		
- Not later than one year	905	905
- Later than one year but not later than five years	4,525	4,525
- Later than five years	21,503	22,408

The Group has land use rights over six plots (2018: six plots) of state-owned land in People's Republic of China (PRC) where the Group's manufacturing and storage facilities reside. The land use rights are not transferable and have remaining tenure of 27 years to 39 years (2018: 28 years to 40 years).

Land use rights pledged as security

As of 31 December 2019, the land use rights of the Group with net carrying amount of RMB 26,933,000 (2018: RMB 27,838,000) were pledged as security for the facility of bills payables (Note 24) and short-term bank loans (Note 26).

Notes to the Financial Statements

For the financial year ended 31 December 2019

16. Intangible assets

	Software RMB'000	Patent RMB'000	Customer base RMB'000	Operating licence RMB'000	Total RMB'000
Group					
Cost

Accumulated impairment					
At 1 January 2018, 31 December 2018 and 2019	–	25,738	53,364	87,461	166,563
Net carrying amount					
At 31 December 2018 and 2019	–	–	–	–	–

Customer base and operating licence arised from business combinations in 2011.

Patent

This represents the patent right bought from the patent holder for the production of new Super Durable Zipper, hence it has been identified as an intangible asset from these acquisitions.

Customer base

The vast majority of the products by Fulong Zipper and Weaving Co., Ltd (“Fulong”) and Jinjiang Jianxin Weaving Co., Ltd (“Jianxin”) are transacted with existing customers whom the subsidiaries have long-term relationship with and repeated orders from these customers, hence it has been identified as an intangible asset arising from these acquisitions.

Operating licence

The electroplating industry is regulated tightly in PRC due to its pollutive nature and there will be limited granting of such licences to new entrants based on current legislation, hence it has been identified as an intangible asset arising from these acquisitions.

Amortisation expense

The amortisation of software, patent, customer base and operating licence is included in the “Administrative expense” line items in profit or loss respectively.

Impairment loss recognised previously

In 2013, full impairment was recognised on the carrying amount of patent, customer base and operating licence. Since then, the subsidiaries became and remain dormant.

Notes to the Financial Statements

For the financial year ended 31 December 2019

17. Investment in subsidiaries

Notes to the Financial Statements

For the financial year ended 31 December 2019

17. Investment in subsidiaries (Continued)

Notes on auditors

- (1) Reviewed by an overseas member firm of Mazars for consolidation purposes.
- (2) Audited by an overseas member firm of Mazars for consolidation purposes.
- (3) The unaudited management accounts have been used for consolidation purposes as they are not material to the Group's financial statements. Summarised financial information was not disclosed as the non-controlling interest of the Group is not significant.

18. Inventories

	Group	
	2019 RMB'000	2018 RMB'000
Raw materials	12,196	15,075
Work-in-progress	8,537	12,241
Finished goods	21,941	42,874
	<u>42,674</u>	<u>70,190</u>

The Group has recognised RMB 698,460,000 (2018: RMB 849,643,000), as an expense in cost of sales.

The inventories have been reduced by RMB 2,270,000 (2018: Nil) as a result of the write down to net realisable value. The write-down is included as an expense in cost of sales.

19. Trade and other receivables

	Group		Company

Bills receivables	23,103	13,210	–	–
Other receivables	6,667	12,550	2	2
Amount due from subsidiaries (non-trade)	–	–	475,979	475,678
Less: loss allowance (Note 30)	(950)	(950)	(142,691)	(94,720)
Total trade and other receivables	<u>255,078</u>	<u>268,694</u>	<u>333,290</u>	<u>380,960</u>

Trade receivables

Trade receivables are non-interest bearing and are normally settled on 90 to 180 days (2018: 90 to 180 days) term. They are recognised at their original invoice amounts which represent their fair values on initial recognition. The trade receivables are denominated in the functional currencies of the respective companies as at 31 December 2019 and 2018.

Notes to the Financial Statements

For the financial year ended 31 December 2019

19. Trade and other receivables (Continued)

Bills receivable

Bills receivable are interest-free and have maturity periods of approximately 180 days (2018: 180 days) and are denominated in the functional currencies of the respective companies.

Amount due from subsidiaries

Amount due from subsidiaries are unsecured, non-interest bearing, repayable on demand and are to be settled in cash. Amounts due from subsidiaries are denominated in the functional currency of the respective company except for an amount of RMB 68,036,281 (2018: RMB 74,737,000) which are denominated in Hong Kong dollar ("HKD").

The details of the impairment of trade and other receivables and credit exposures are disclosed in Note 30.

20. Prepayments

	Group	
	2019 RMB'000	2018 RMB'000
Non-current:		
Prepayments for property, plant and equipment	180	–
Current:		
Advances to suppliers	74,603	88,088
Less: loss allowance	(6,348)	(6,032)
	68,255	82,056
Prepaid operating expenses	2,497	2,586
	70,752	84,642
Total prepayments	70,932	84,642

The prepayments are non-interest bearing, refundable on demand and denominated in the functional currencies of the respective entities as at 31 December 2019 and 2018.

Movement in loss allowance for advance to suppliers:

At 1 January	6,032	–
Charge for the financial year	316	6,032
At 31 December	6,348	6,032

Notes to the Financial Statements

For the financial year ended 31 December 2019

21. Cash and short-term deposits

	Group		Company	
	2019	2018	2019	2018
	RMB'000	RMB'000	RMB'000	RMB'000
Cash at banks and on hand	27,512	23,748	378	240
Short-term deposits	60,000	40,000	–	–
Cash and short-term deposits	87,512	63,748	378	240

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short-term deposits are made for varying periods of between one day and three months depending on the immediate cash requirements of the Group and earn interests at the respective short-term deposits rates. Short-term deposits amounting to RMB 60,000,000 (2018: RMB 40,000,000) are pledged to banks for the Group's bills payables to banks (Note 24) and short-term bank loans (Note 26).

Cash and short-term deposits denominated in foreign currencies at 31 December are as follows:

	Group		Company	
	2019	2018	2019	2018
	RMB'000	RMB'000	RMB'000	RMB'000
United States Dollar	885	978	–	–
Singapore Dollar	48	69	48	69
Hong Kong Dollar	861	740	330	171

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise the following at the end of the reporting period:

	Group	
	2019	2018
	RMB'000	RMB'000
Cash and short-term deposits	87,512	63,748
Less: short-term deposits pledged	(60,000)	(40,000)
Cash and cash equivalents	27,512	23,748

Notes to the Financial Statements

For the financial year ended 31 December 2019

22. Share capital and treasury shares

(a) Share capital

	Group and Company			
	2019		2018	
	No. of shares '000	Value RMB'000	No. of shares '000	Value RMB'000
At 1 January and 31 December	17,205	772,574	17,205	772,574

The holders of ordinary shares (except treasury shares) are entitled to receive dividends as and when declared by the Company. All ordinary shares carry one vote per share without restrictions. The ordinary shares have par value of SGD 5 each.

(b) Treasury shares

	Group and Company			
	2019		2018	
	No. of shares '000	Value RMB'000	No. of shares '000	Value RMB'000
At 1 January and 31 December	277	6,408	277	6,408

Treasury shares relate to ordinary shares of the Company that are held by the Company.

23. Other reserves

(a) Reserve fund

In accordance with the Foreign Enterprise Law applicable to the subsidiaries in the People's Republic of China (PRC), the subsidiary is required to make appropriation to a Statutory Reserve Fund (SRF). At least 10% of the statutory after tax profits as determined in accordance with the applicable PRC accounting standards and regulations must be allocated to the SRF until the cumulative total of the reserve fund reaches 50% of the subsidiary's registered capital. Subject to approval from the relevant PRC authorities, the SRF may be used to offset any accumulated losses or increase the registered capital of the subsidiary. The SRF is not available for dividend distribution to shareholders.

(b) Capital reserve

On 10 September 2007, the Company acquired the entire issued share capital of Jade Star Group at an aggregate consideration based on the net assets value ("NAV") of Jade Star Group and its subsidiaries of SGD 67,777,712 (RMB 344,854,544) (which is the aggregate of the audited NAV of Fookhing Zipper and Fuxing Dress as at 31 December 2006) which is deemed as fair value of the investment in Jade Star Group and its subsidiaries. In consideration of the foregoing, the Company issued an aggregate of 599,800,000 shares of SGD 0.10 each in the Company at an aggregate excess value of SGD 7,777,712 (RMB 39,572,999), credited to the capital reserve of the Company.

Notes to the Financial Statements

For the financial year ended 31 December 2019

23. Other reserves (Continued)

(c) Restructuring reserve

This represents the difference between the nominal value of shares issued by the Company in exchange for the nominal value of shares and capital reserve of subsidiaries acquired which is accounted for under “merger accounting”.

(d) Foreign currency translation reserve

The foreign currency translation reserve represents exchange differences arising from the translation of the financial statements of entities whose functional currencies are different from that of the Group’s presentation currency.

24. Trade and other payables

	Note	Group		Company	
		2019 RMB’000	2018 RMB’000	2019 RMB’000	2018 RMB’000

- 3 Bill payable to bank amounting to RMB 14,951,000 (2018: Nil) is secured by a charge over investment property (Unit 13 on 5th Floor, Unit 15 on 16th Floor and Unit 15 on 25th Floor, Seapower Tower Concordia Plaza, No.1 Science Museum Road, Kowloon owned by Goldplan Corporation Limited, a corporate guarantee from Fuxing China Group Limited, and a personal guarantee from a related party – Mr. Hong Qing Liang (Executive Chairman and CEO).

Goldplan Corporation Limited is wholly-owned by Mr. Hong Qing Liang (Executive Chairman and CEO).

Amounts due to directors

These amounts are non-trade related, unsecured, non-interest bearing, repayable on demand and are to be settled in cash.

All trade and other payables are denominated in the functional currency of the respective entities as at 31 December 2019 and 2018.

25. Other liabilities

	Group		Company	
	2019	2018	2019	2018
	RMB'000	RMB'000	RMB'000	RMB'000
Contract liabilities - Advances from customers	46,915	55,603	–	–
Accrued salary and bonuses	33,929	36,443	350	350
Deposit received	47,323	10,330	–	–
Other accruals	17,956	27,304	1,829	1,520
	146,123	129,680	2,179	1,870

Deposits received are rental deposits from tenants, and deposits received from potential buyers to secure the purchase of certain properties units from the intended disposal of the investment property.

All other liabilities are denominated in the functional currencies of the respective entities as at 31 December 2019 and 2018.

Notes to the Financial Statements

For the financial year ended 31 December 2019

26. Loans and borrowings

	Group	
	2019	2018
	RMB'000	RMB'000
Short-term bank loans:		
Loan 1	102,500	112,000
Loan 2	75,000	7,900
Loan 3	19,686	–
Loan 4	55,000	82,500
Loan 5	19,000	19,000
Total loans and borrowings	271,186	221,400

- This short-term bank loan is secured by bank deposits of Jinjiang Fookhing Zipper Co., Ltd, and certain land use rights and buildings owned by Jinjiang Jianxin Weaving Co., Ltd, located at Donghaian Development Zone, Shenhu Town, Jinjiang City, Fujian Province, the PRC. and personal guarantee from related party – Mr. Hong Qing Liang (Executive Chairman and CEO), and corporate guarantee from related party Jinjiang Fuxing Dress Co., Ltd and independent third party – Jinjiang Yuanda Garment Weaving Co., Ltd.
- This short-term bank loan is secured by certain land use rights and buildings owned by Jinjiang Fookhing Zipper Co., Ltd, located at Hangbian Industrial Area, Longhu Town, Jinjiang City, Fujian Province, the PRC. and personal guarantee from related party – Mr. Hong Qing Liang (Executive Chairman and CEO), and corporate guarantee from a related party – Jinjiang Fuxing Dress Co., Ltd, and independent third party – Jinjiang Yuanda Garment Weaving Co., Ltd.
- This short-term bank loans is secured by a charge over investment property (Unit 13 on 5th Floor, Unit 15 on 16th Floor and Unit 15 on 25th Floor, Seapower Tower Concordia Plaza, No.1 Science Museum Road, Kowloon owned by Goldplan Corporation Limited, a corporate guarantee from Fuxing China Group Limited, and a personal guarantee from a related party - Mr. Hong Qing Liang (Executive Chairman and CEO).

Goldplan Corporation Limited is wholly-owned by Mr. Hong Qing Liang (Executive Chairman and CEO).
- This loan is secured by an investment property owned by Xiamen Fuxing Industrial Co., Ltd, located at northeast to the junction of Tai Dong Road and Tai Nan Road, 03-07 Guanyin Shan, Siming District, Xiamen, the PRC. This short-term loan bears an effective interest rate of 6.55% (2018: 6.55%) and is only due for repayment in 2021. However, the loan agreement contains a clause that gives the bank the right to recall the outstanding loan on demand.
- This loan is guaranteed by personal guarantee from a related party – Mr. Hong Qing Liang (Executive Chairman and CEO), an independent third party – Mr. Wu Yuan Yang and corporate guarantee from an independent third party – Jinjiang Yuanda Garment Weaving Co., Ltd.

All loans and borrowings are denominated in the functional currencies of the respective entities as at 31 December 2019 and 2018. Except for Loan 4, the short-term loans bear interest ranging from 4.5% to 7.4% (2018: 4.4% to 6.1%) and are repayable within 12 months.

Notes to the Financial Statements

For the financial year ended 31 December 2019

27. Deferred tax liabilities

Deferred tax as at 31 December relates to the following:

Group	Accelerated tax depreciation RMB'000	Revaluation of investment property RMB'000	Withholding tax on undistributed profits ⁽¹⁾ RMB'000	Total RMB'000
Deferred tax liabilities				
At 1 January 2018	9,103	8,842	10,455	28,400
(Credit)/Charge to profit or loss	(68)	4,474	(1,251)	3,155
At 31 December 2018	9,035	13,316	9,204	31,555
(Credit)/Charge to profit or loss	–	(9,400)	314	(9,086)
At 31 December 2019	9,035	3,916	9,518	22,469

¹ On 22 February 2008, the State Administration of Taxation of China issued a circular [2008] No.001, which states that distribution of dividends after 1 January 2008 from pre-2008 profits will be exempt from withholding tax on distribution to foreign investors. As a result, there should be no deferred tax liabilities arising from undistributed profits of the Company's PRC subsidiaries accumulated up till 31 December 2007. Provision for deferred tax liabilities however, would be required to the extent per SFRS(I) 1-12 on profits accumulated from 1 January 2008 onwards.

28. Segment information

For management purposes, the Group is organised into business units based on their products and services, and has four reportable operating segments as follows:

(i) Zippers

This operating segment is further sub-divided into 2 sub-segments as follows:

(a) Zipper Chains

The zipper chain consists of 2 strips of fabric tapes, with parallel rows of specially shaped nylon, metal or plastic teeth, as the case may be, either weaved on or punched onto adjacent edges of a fabric tape, thereby interlocking with each other to provide a firm grip and resulting in a zipper chain.

(b) Zipper Sliders

The zipper slider consists of a zinc zipper head and zipper pull tab which is subsequently affixed on the zipper chain, such that it moves along the rows of teeth, allowing the teeth to be fastened or separated, depending on the direction of the movement.

(ii) Processing

Processing represents colour dyeing of fabric tapes for zippers, electroplating services for zipper sliders and manufacturing and sales of dyed yarn.

Notes to the Financial Statements

For the financial year ended 31 December 2019

28. Segment information (Continued)

(iii) Trading

The trading segment represents trading of raw materials, including rubber thread, nylon fabric and nylon yarn.

(iv) Corporate

The corporate segment is involved in Group-level corporate services and treasury functions.

Except as indicated above, no operating segments has been aggregated to form the above reportable operating segments.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which in certain respects, as explained in the table below, is measured differently from operating profit or loss in the consolidated financial statements.

Segment assets and liabilities are not disclosed as such separate financial information is not available but is evaluated regularly by the chief operating decision-maker in deciding how to allocate resources to the operating segments.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

Geographical information

Revenue and non-current assets information based on geographical location of customers and assets respectively are as follows:

	Revenue		Non-current assets	
	2019 RMB'000	2018 RMB'000	2019 RMB'000	2018 RMB'000
People's Republic of China	468,717	453,897	765,565	803,659
Hong Kong	271,987	447,051	1	3
	740,704	900,948	765,566	803,662

Non-current assets information presented above consist of property, plant and equipment, investment property, land use rights, intangible assets and prepayments as presented in the statement of financial position.

Notes to the Financial Statements

For the financial year ended 31 December 2019

28. Segment information (Continued)

Notes to the Financial Statements

For the financial year ended 31 December 2019

29. Commitments

(a) Operating lease commitments

Lessor

The Group has entered into residential and commercial property leases on its investment property. These non-cancellable leases have remaining lease terms of between 2 and 8 years.

As at the end of the financial year, future minimum rentals receivables under non-cancellable operating leases at the end of the financial year are as follows:

	2019 RMB'000	2018 RMB'000
Future minimum lease payments payable:		
Within one year	18,940	18,940
After one year but within five years	74,282	74,282
More than five years	45,129	64,049
	138,351	157,271

The rental income recognised in profit or loss during the financial year is disclosed in Note 5 to the financial statements.

(b) Guarantees

At 31 December 2019, the Company has provided the following corporate guarantees at the end of the reporting period for banking facilities taken up by Fuxing HK:

- Bills payable to banks of RMB 14,951,000 (Note 24); and
- Short-term bank loans of RMB 19,686,000 (Note 26).

The financial effects relating to financial guarantee contracts issued by the Company are insignificant to the financial statements of the Company and therefore are not recognised.

No corporate guarantee as at 31 December 2018 as the Group has fully repaid the bills payable, bank overdraft and short-term bank loans. Thus, the guarantees were released.

Notes to the Financial Statements

For the financial year ended 31 December 2019

30. Financial instruments and financial risks

Financial instruments by category

The carrying amount of the different categories of financial instruments is as disclosed on the face of the statements of financial position and as follows:

		Group	
	Note	2019 RMB'000	2018 RMB'000
Financial assets at amortised cost

Other liabilities	25	2,179	1,870
		4,089	2,550

The Group is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, interest rate risk and foreign currency risk. The Board of Directors reviews and agrees policies and procedures for the management of these risks which are executed by the Chief Financial Officer. The Audit Committee provides independent oversight to the effectiveness of the risk management process. It is and has been throughout the current and previous financial years, the Group's policy that no derivatives shall be undertaken except for the use as hedging instruments where appropriate and cost-efficient. The Group does not apply hedge accounting.

The following sections provide details regarding the Group's exposure to the abovementioned financial risks and the objectives, policies and processes for the management of these risks.

There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risks.

Notes to the Financial Statements

For the financial year ended 31 December 2019

30. Financial instruments and financial risks (Continued)

Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including cash and short-term deposits), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

The Group's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored closely on an ongoing basis.

To assess and manage its credit risk, the Group categorises the aforementioned financial assets according to their risk of default. The Group defines default to have taken place when internal or/and external information indicates that the financial asset is unlikely to be received, which could include a breach of debt covenant, default of interest due for more than 30 days, but not later than when the financial asset is more than 90 days past due as per SFRS (I) 9's presumption.

The Group has not rebutted the presumption included in SFRS(I) 9 that there has been a significant increase in credit risk since initial recognition when financial assets are more than 30 days past due.

In their assessment, the management considers, amongst other factors, the latest relevant credit ratings from reputable external rating agencies where available and deemed appropriate, historical credit experiences, latest available financial information and latest applicable credit reputation of the debtor.

The Group's internal credit risk grading categories are as follows:

Category	Description	Basis of recognising ECL
1	Low credit risk ^(Note 1)	12-months ECL
2	Non-significant increase in credit risk since initial recognition and financial asset is $\leq$ 30 days past due	12-months ECL
3	Significant increase in credit risk since initial recognition ^(Note 2) or financial asset is > 30 days past due	Lifetime ECL
4	Evidence indicates that financial asset is credit-impaired ^(Note 3)	Difference between financial asset's gross carrying amount and present value of estimated future cash flows discounted at the financial asset's original effective interest rate
5	Evidence indicates that the management has no reasonable expectations of recovering the write off amount ^(Note 4)	Written-off

Notes to the Financial Statements

For the financial year ended 31 December 2019

30. Financial instruments and financial risks (Continued)

Credit risk (Continued)

Note 1. Low credit risk

The financial asset is determined to have low credit risk if the financial assets have a low risk of default, the counterparty has a strong capacity to meet its contractual cash flow obligations in the near term and adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the counterparty to fulfil its contractual cash flow obligations. Generally, this is the case when the Group assesses and determines that the debtor has been, is in and is highly likely to be, in the foreseeable future and during the (contractual) term of the financial asset, in a financial position that will allow the debtor to settle the financial asset as and when it falls due.

Note 2. Significant increase in credit risk

In assessing whether the credit risk of the financial asset has increased significantly since initial recognition, the Group compares the risk of default occurring on the financial asset as of reporting date with the risk of default occurring on the financial asset as of date of initial recognition, and considered reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. In assessing the significance of the change in the risk of default, the Group considers both past due and forward looking quantitative and qualitative information. Forward looking information includes the assessment of the latest performance and financial position of the debtor, adjusted for the Group's future outlook of the industry in which the debtor operates based on independently obtained information and the most recent news or market talks about the debtor, as applicable. In its assessment, the Group will generally, for example, assess whether the deterioration of the financial performance and/or financial position, adverse change in the economic environment (country and industry in which the debtor operates), deterioration of credit risk of the debtor, etc. is in line with its expectation as of the date of initial recognition of the financial asset.

Note 3. Credit impaired

In determining whether financial assets are credit-impaired, the Group assesses whether one or more events that have a detrimental impact on the estimated future cashflows of the financial asset have occurred. Evidence that a financial asset is credit impaired includes the following observable data:

- Significant financial difficulty of the debtor;
- Breach of contract; such as a default or being more than 90 days from invoice date;
- It is becoming probable that the debtor will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for the financial asset because of financial difficulties.

Note 4. Write off

Generally, the Group writes off, partially or fully, the financial asset when it assesses that there is no realistic prospect of recovery of the amount as evidenced by, for example, the debtor's lack of assets or income sources that could generate sufficient cashflows to repay the amounts subjected to the write-off.

The Group performs ongoing credit evaluation of its counterparties' financial condition and generally does not require collateral.

The Group and Company do not have any significant credit exposure to any single counterparty or any groups of counterparties having similar characteristics.

Notes to the Financial Statements

For the financial year ended 31 December 2019

30. Financial instruments and financial risks (Continued)

Credit risk (Continued)

Credit risk concentration profile

The Group is principally engaged in the production and sale of zipper sliders, zipper chains, provision of colour dyeing of fabric tapes for zippers, electroplating services for zipper sliders and manufacturing and sales of dyed yarn. The Group is also engaged in trading of raw materials in Hong Kong. The products are sold to a diversified customer base which is in numerous industry sectors. The Group determines concentrations of credit risk by monitoring the country of its trade receivables on an ongoing basis. The credit risk concentration profile of the Group's trade receivables at the end of the reporting period is as follows:

By country:	Group			
	2019		2018	
	RMB'000	% of total	RMB'000	% of total
People's Republic of China	150,111	66	100,800	41
Hong Kong	76,147	34	143,084	59
	226,258	100	243,884	100

At the end of the reporting period, approximately 58% (2018: 62%) of the Group's trade receivables were due from 6 (2018: 6) major customers who are mainly trading companies located in the PRC and Hong Kong.

Trade receivables and bill receivables (Note 19)

The Group uses the practical expedient under SFRS(I) 9 in the form of allowance matrix to measure the ECL for trade receivables and bill receivables, where the loss allowance is equal to lifetime ECL.

The ECL for trade receivables and bill receivables are estimated using an allowance matrix by reference to the historical credit loss experience of the customers for the last 1 year prior to the respective reporting dates for various customer groups that are assessed by geographical locations, product types and internal ratings, adjusted for forward looking factors specific to the debtors and the economic environment which could affect the ability of the debtors to settle the financial assets. In considering the impact of the economic environment on the ECL rates, the Group assesses, for example, the gross domestic production growth rates of the countries and the growth rates of the similar industry which its customers operate in.

Trade receivables and bill receivables are written off when there is evidence to indicate that the customer is in severe financial difficulty such as being under liquidation or bankruptcy and there is no reasonable expectations for recovering the outstanding balances.

Notes to the Financial Statements

For the financial year ended 31 December 2019

30. Financial instruments and financial risk (Continued)

Credit risk (Continued)

Trade receivables and bill receivables (Note 19) (Continued)

The loss allowance for trade receivables and bill receivables are determined as follows:

		Past due			
	Current	1 to 90 days	91 to 180 days	More than 180 days	Total
31 December 2019					
Expected credit loss rates	0%	0%	0%	67%	
Trade receivables (gross)	69,828	78,591	45,744	98,540	292,703
Bill receivables (gross)	23,103	–	–	–	23,103
Loss allowance (including credit impaired)	–	–	–	66,445	66,445
31 December 2018					
Expected credit loss rates	0%	0%	0%	95.9%	
Trade receivables (gross)	58,651	118,956	63,421	63,674	304,702
Bill receivables (gross)	13,210	–	–	–	13,210
Loss allowance (including credit impaired)	–	–	–	60,818	60,818

Other receivables (Note 19) and advances to suppliers (Note 20)

As of 31 December 2019, the Group recorded other receivables and advances to suppliers amounted to RMB 6,667,000 (2018: RMB 12,550,000) and RMB 74,603,000 (2018: RMB 88,088,000), respectively. The Group assessed on those suppliers' credit reputation and concluded that there has been no significant increase in the credit risk since the initial recognition of the financial assets, except for those with objective evidence which indicated that financial assets were credit-impaired. Accordingly, the Group measured the impairment loss allowance pursuant to the abovementioned credit risk grading categories and determined that a loss allowances of RMB 950,000 and RMB 6,348,000 (2018: RMB 950,000 and RMB 6,032,000) on other receivables and advances to suppliers respectively were made.

Amount due from subsidiaries (Note 19)

As of 31 December 2019, the Company recorded amount due from subsidiaries of RMB 475,979,000 (2018: RMB 475,678,000) consequent to an extension of loans to the subsidiaries. In its assessment of the credit risk of the subsidiaries, the Company considered amongst other factors, the financial position of the subsidiaries as of 31 December 2019. The Company assessed the impairment loss allowance of these amounts on a 12-month ECL basis consequent to their assessment and conclusion that these receivables are of low credit risk other than the credit impaired amount of RMB 142,691,000 (2018: RMB 94,720,000).

Notes to the Financial Statements

For the financial year ended 31 December 2019

Note (i) For trade receivables, the Group uses the practical expedient under SFRS(I) 9 in the form of an allowance matrix to measure the ECL, where then loss allowance is equal to lifetime ECL.

Notes to the Financial Statements

For the financial year ended 31 December 2019

30. Financial instruments and financial risk (Continued)

Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

The Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. The Group's liquidity risk management policy is to maintain sufficient liquid financial assets and funding flexibility through the use of bank loans and bills payables when necessary. At the end of the reporting period, approximately 100% (2018: 100%) of the Group's borrowings will mature in less than one year based on the carrying amount reflected in the financial statements.

The Group assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. Access to sources of funding is sufficiently available and debt maturing within 12 months can be rolled over with existing lenders.

Analysis of financial instruments by remaining contractual maturities

The table below summarises the maturity profile of the Group's and of the Company's financial assets and liabilities at the end of the reporting period based on contractual undiscounted repayment obligations.

Group	One year or less	
	2019	2018
	RMB'000	RMB'000
Financial assets:		
Trade and other receivables	255,078	268,694
Advances to suppliers	68,255	82,056
Cash and short-term deposits	87,512	63,748
Total undiscounted financial assets	410,845	414,498
Financial liabilities:		
Trade and other payables	154,381	145,669
Other liabilities	146,123	129,680
Loans and borrowings	271,186	221,400
Total undiscounted financial liabilities	571,690	496,749
Total net undiscounted financial liabilities	(160,845)	(82,251)

<u>Company</u>	One year or less	
	2019 RMB'000	2018 RMB'000
Financial assets:		
Trade and other receivables	333,290	380,960
Cash and short-term deposits	378	240
Total undiscounted financial assets	333,668	381,200
Financial liabilities:		
Amounts due to directors (non-trade)	1,910	680
Other liabilities	2,179	1,870
Total undiscounted financial liabilities	4,089	2,550
Total net undiscounted financial assets	329,579	378,650

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk arises primarily from their short-term bank loans.

The Group's policy is to obtain the most favourable interest rates available.

Sensitivity analysis for interest rate risk

At the end of the reporting period, if RMB interest rates had been 100 (2018: 100) basis points lower/higher and all other variables were held constant, the Group's (loss)/profit before income tax would have been RMB 2,712,000 (2018: RMB 2,214,000) higher/lower, arising mainly as a result of lower/higher interest expenses/income on floating rate cash at bank balances, bills payables to banks and floating rate bank loans. The assumed movement in basis points for interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly lower volatility as in prior financial years.

Foreign currency risk

The Group collects most of its revenue and incurs most of its expenditures in RMB. Bank balances and cash of the Group are mainly denominated in RMB. The Group currently does not have a foreign currency hedging policy as management considers the foreign exchange risk exposure of the Group to be limited. However, the Group monitors currency risk exposure by periodically reviewing foreign currency exchange rates and will consider hedging significant foreign currency exposure should the need arise.

The Group's operations are primarily conducted in the PRC in RMB. Currently, the PRC government imposes control over foreign currencies, RMB, the official currency in the PRC, is not freely convertible. Enterprises operating in the PRC can enter into exchange transactions through the People's Bank of China or other authorised financial institutions.

Notes to the Financial Statements

For the financial year ended 31 December 2019

30. Financial instruments and financial risk (Continued)

Foreign currency risk (Continued)

Payments for imported materials or services, which are outside the PRC, are subject to the availability of foreign currency which depends on the foreign currency denominated earnings of the enterprises. Exchanges of RMB for foreign currency must be arranged through the People's Bank of China or other authorised financial institutions and is granted to enterprises in the PRC for valid reasons such as purchase of imported materials and remittance of earnings. While conversion of RMB into other currencies can generally be effected at the People's Bank of China or other authorised financial institutions, there is no guarantee that it can be effected at all times.

Sensitivity analysis for foreign currency risk

The following table demonstrates the sensitivity of the Group's and of the Company's (loss)/profit before tax to a reasonably possible change in the HKD exchange rates against RMB, with all other variables held constant.

	Group		Company	
	2019 (Loss)/profit before income tax RMB'000	2018 RMB'000	2019 (Loss)/profit before income tax RMB'000	2018 RMB'000
HKD – strengthened 5% (2018: 5%)	(17)	(9)	(3,418)	(3,745)
– weakened 5% (2018: 5%)	17	9	3,418	3,745

31. Fair value of assets and liabilities

The fair values of applicable assets and liabilities are determined as follows:

- Level 1 – the fair values of assets and liabilities with standard terms and conditions and which trade in active liquid markets that the Group can access at the measurement date are determined with reference to quoted market prices (unadjusted).
- Level 2 – in the absence of quoted market prices, the fair values of the assets and liabilities (excluding derivative instruments) are determined using the other observable, either directly or indirectly, inputs such as quoted prices for similar assets/liabilities in active markets, quoted prices for identical or similar assets/liabilities in non-active markets.
- Level 3 – in the absence of quoted market prices included within Level 1 and observable inputs included within Level 2, the fair values of the remaining assets and liabilities are determined in accordance with generally accepted pricing models.

Notes to the Financial Statements

For the financial year ended 31 December 2019

31. Fair value of assets and liabilities (Continued)

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Recurring Fair Value Measurement

Group

2019

Non-financial assets:

Investment property - Commercial

Level 1 RMB'000	Level 2 RMB'000	Level 3 RMB'000
–	–	472,900

2018

Non-financial assets:

Investment property - Commercial

–	–	510,500
---	---	---------

Movements in Level 3 assets and liabilities subject to recurring fair value measurements

The following table presents the reconciliation for all assets and liabilities measured at fair value based on significant unobservable inputs (Level 3):

	Investment property 2019 RMB'000	2018 RMB'000
At 1 January	510,500	498,470
Fair value (loss)/gain for financial year included in profit or loss	(37,600)	12,030
At 31 December	472,900	510,500

The amount of total (loss)/gain for the financial year included in profit or loss under 'Other expenses'/'Other Income' that is attributable to the change in unrealised loss relating to commercial investment property is RMB 37,600,000 (2018: gain of RMB 12,030,000).

Valuation policies and procedures

The Group's Chief Financial Officer ("CFO") oversees the Group's financial reporting valuation process and is responsible for setting and documenting the Group's valuation policies and procedures and reports to the Group's Audit Committee.

It is the Group's policy to engage external valuation experts to perform all significant financial reporting valuations using valuation models and significant unobservable inputs. The CFO is responsible for selecting and engaging valuation experts that possess the relevant credentials and knowledge on the subject of valuation, valuation methodologies, and SFRS (I) 13 *Fair Value Measurement* guidance. He also reviews the appropriateness of the valuation methodologies and assumptions adopted and evaluates the appropriateness and reliability of the inputs (including those developed internally by the Group) used in the valuations.

At least on an annual basis, the CFO evaluates all significant changes in fair value measurements for reasonableness. Key drivers of the changes are identified and assessed for reasonableness against relevant information from independent sources, or internal sources, if necessary and appropriate.

The analysis and results of the external valuations are then reported to the Audit Committee on a quarterly basis who then performs a high-level independent review of the valuation process and results and recommends if any revisions need to be made before presenting the results to the Board of Directors for approval. During the financial year, there is no change in the valuation technique of the various classes of financial instruments.

Notes to the Financial Statements

For the financial year ended 31 December 2019

32. Capital management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholders value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended 31 December 2019 and 2018.

As disclosed in Note 23(a), PRC subsidiaries are required by the relevant law and regulations of the PRC to contribute to and maintain a non-distributable statutory reserve fund whose utilisation is subject to approval by the relevant PRC authorities. This externally imposed capital requirement has been complied with by the above-mentioned subsidiaries for the financial years ended 31 December 2019 and 2018.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group includes within net debt, trade and other payables, other liabilities and loans and borrowings, less cash and unpledged fixed deposits. Capital includes equity attributable to the owners of the Company less restricted statutory reserve fund.

	Group	
	2019	2018
	RMB'000	RMB'000
Trade and other payables	154,381	240,669
Other liabilities	146,123	129,680
Loans and borrowings	271,186	221,400
Less: Cash and unpledged fixed deposits	(87,512)	(63,748)
Net debt	484,178	528,001
Equity attributable to owners of the Company	622,500	663,688
Less: Reserve fund	(66,015)	(66,015)
Total capital	556,485	597,673
Capital and net debt	1,040,663	1,125,674
Gearing ratio	0.47	0.47

33. Event subsequent to the reporting date

The unexpected advent of novel coronavirus ("COVID-19") in early 2020 halts social and economic development throughout the PRC, which also almost causes the stagnation of economic activities. Since then, the pandemic has gradually spread globally. The raging pandemic caused a significant decline in the overall economy, with lower demand and greatly damaged supply chain. Currently, the pandemic is gradually brought under control in the PRC, evidenced by resumed operating activities in companies, as well as recovering market demand and supply chain. In view of this, the Group is mainly exposed to impact during the first quarter of 2020 because of the postponement of work resumption after the Chinese New Year holiday. At the date of these financial statements, the Group has resumed the operating activities. As the extent to which the coronavirus outbreak will continue is uncertain, it is not practicable to estimate the full financial effects that the coronavirus outbreak may have on the Group's businesses as at the date when the financial statements are authorised for issue.
