Shares Issue and the Proposed Representative's Warrants and Representative's Shares Issue and to seek Shareholders' approval at the SGM. The Notice of SGM is set out on pages N-1 to N-6 of this Circular.

### 1.2 Conditionality of the Proposed Resolutions

Shareholders should note the following:

- (a) the Proposed Amendments Resolution is independent from the passing of the other Proposed Resolutions;
- (b) the Proposed Capital Reorganisation Resolution is conditional only upon the passing of the Proposed Amendments but not upon any of the other Proposed Resolutions;
- (c) the Proposed NASDAQ Listing Resolution, the Proposed Underlying Shares Issue Resolution and the Proposed Representative's Warrants and Representative's Shares Issue Resolution are conditional upon the passing of the Proposed Capital Reorganisation Resolution and the Proposed Amendments Resolution; and
- (d) the Proposed NASDAQ Listing Resolution, the Proposed Underlying Shares Issue Resolution and the Proposed Representative's Warrants and Representative's Shares Issue Resolution are inter-conditional upon the passing of one another.

The Proposed Capital Reorganisation cannot be undertaken by the Company until its Bye-laws have been amended and the references to the par value of its ordinary shares being S\$5.00 are removed from its existing Bye-laws in order to prevent any discrepancy from arising. Consequently, the Proposed Capital Reorganisation Resolution is conditional upon the passing of the Proposed Amendments Resolution.

As the Proposed Underlying Shares Issue and the Proposed Representative's Warrants and Representative's Shares Issue involves the issue of Shares below the existing par value of S\$5.00 per Share, the Company would not be able to undertake the Proposed Underlying Shares Issue and the Proposed Representative's Warrants and Representative's Shares Issue unless the Proposed Capital Reorganisation is completed. Accordingly, the Proposed Underlying Shares Issue Resolution and the Proposed Representative's Warrants and Representative's Shares Issue Resolution are conditional upon the passing of the Proposed Capital Reorganisation Resolution.

The Proposed NASDAQ Listing involves (i) the compliance of the Company's Bye-laws with the relevant listing requirements of NASDAQ, (ii) the issue of the Underlying Shares, and (iii) the issue of the Representative's Warrants as part of the compensation payable to the Representative in respect thereof. Accordingly, the Proposed NASDAQ Listing is conditional upon the passing of the Proposed Amendments Resolution, the Proposed Underlying Shares Issue Resolution and the Proposed Representative's Warrants and Representative's Shares Issue Resolution. Conversely, if the Proposed NASDAQ Listing Resolution is not passed, it will no longer be necessary for the Company to undertake the Proposed Underlying Shares Issue and the Proposed Representative's Warrants and Representative's Shares Issue and such respective resolutions will not be tabled for approval at the SGM. For avoidance of doubt, the passing of the Proposed Amendments Resolution will not be conditional upon the passing of the Proposed NASDAQ Listing Resolution or any other Proposed Resolution.

- 1.3 The SGX-ST assumes no responsibility for the correctness or accuracy of any of the statements or opinions made, reports contained and opinions expressed in this Circular.

## 2. THE PROPOSED CAPITAL REORGANISATION

### 2.1 Background

Under the laws of Bermuda, shares of a Bermuda company may not be issued for an amount which is less than the par value of the shares. As at the Latest Practicable Date, the authorised share capital of the Company is S\$200,000,000 divided into 40,000,000 Shares of a par value of S\$5.00 each, of which 17,483,158 Shares (including 277,720 treasury shares) of a par value of S\$5.00 each have been issued and are fully paid-up or credited as fully paid. Accordingly, the issued share capital of the Company as at Latest Practicable Date is RMB772,574,000, comprising an aggregate par value of the Company's issued shares of S\$87,415,790 (equivalent to approximately RMB472,744,592) and a share premium amounting to approximately

---

RMB299,829,408 (equivalent to approximately S\$55,441,828), which represents the aggregate amount of the premium on the Company's issued shares of a par value of S\$5.00 each. The aggregate value of such premium is recorded under the Company's share premium account in accordance with Section 40(1) of the Companies Act (which provides that where a company issues shares at a premium, a sum equal to the aggregate amount or value of the premiums on those shares shall be transferred to an account, to be called "the share premium account").

Bye-law 6 of the Existing Bye-laws provides that the Company may, from time to time, by special resolution (as defined in the Existing Bye-laws), subject to any confirmation or consent required by law, reduce its authorised or issued share capital or any share premium account or other undistributable reserve in any manner permitted by law.

The Directors are convening the SGM to seek Shareholders' approval for the Proposed Capital Reorganisation to, among others, reduce the par value of each Share from S\$5.00 to S\$0.02 and transfer the entire sum of approximately S\$55,441,828 standing to the credit of the share premium account as at the Latest Practicable Date into the contributed surplus account.

### 2.2 Rationale for the Proposed Capital Reorganisation

#### *Reduction of Par Value*

The concept of par value is applicable to the Company as it is a company incorporated in Bermuda, which (unlike certain other jurisdictions such as Singapore) have yet to abolish this concept. Under the laws of Bermuda, shares of a Bermuda company may not be issued for an amount which is less than the par value of the shares.

The Proposed Capital Reorganisation will facilitate and enable the Company to undertake the Proposed Underlying Shares Issue. Each ADS will represent a certain number of new Shares underlying it. Such number of new Shares or Underlying Shares and the issue price per Underlying Share will be determined taking into consideration the then trading price per Share on the SGX-ST and subject always to compliance with the requirements of the Net Income Standard, in particular the minimum bid price requirement of US\$4.00, as described in Section 5.3.1 of this Circular. Please refer to Section 5.3.1 for further details regarding the Net Income Standard. The closing price per Share traded on the SGX-ST ranged between S\$0.165 and S\$0.600 during the six months prior to the Latest Practicable Date with a volume weighted average price of approximately S\$0.215 per Share over the said six-month period, which is below the existing par value of its Shares of S\$5.00. As such, the reduction of the par value per Share from S\$5.00 to S\$0.02 will facilitate the Proposed Underlying Shares Issue and the ADS Offering.

The Proposed Capital Reorganisation will also provide the Company with greater flexibility to issue new Shares with a par value of S\$0.02 each at an issue price closer to its volume weighted average price in the future should fund raising opportunities or requirements arise and facilitate corporate actions which may require the issuance of new Shares, such as a rights issue or private placement.

#### *Transfer of Credit to the Contributed Surplus*

The term "contributed surplus" is defined in Section 54(2) of the Companies Act to include proceeds arising from donated shares, credits resulting from the redemption or conversion of shares at less than the amount set up as nominal capital and donations of cash and other assets to the company. The amount of credit arising from the Capital Reduction will be transferred to the contributed surplus account of the Company as further elaborated in Section 2.3.1(d) of this Circular. In addition, there is also an amount of credit arising from the Share Premium Reduction which will also be transferred to the contributed surplus account of the Company as further elaborated in Section 2.3.1(d) of this Circular, given the restricted application of the share premium account under the Companies Act (which does not include payment of any dividend or other distribution therefrom).

Subject to Section 54(1) of the Companies Act, any credit balance in the contributed surplus account of the Company may, as long as the Company is solvent, be applied in such manner as the Directors may determine in accordance with the Bye-laws of the Company and all applicable laws. Section 54(1) of the Companies Act provides that a company shall not declare or pay a dividend, or make a distribution out of contributed surplus, if there are reasonable grounds for believing that (a) the company is, or would after the payment be, unable to pay its liabilities as they become due; or (b) the realisable value of the company's assets would thereby be less than

its liabilities. The credit balance will provide the Company with greater flexibility in relation to future distributions, if any, out of contributed surplus. Shareholders should note that whether or not the Company will make a distribution out of contributed surplus and the timing and amount of any distribution to be paid will depend on the Company's earnings, financial position including cash flow position, future capital requirements, future plans and other relevant factors. Shareholders should note that as at the date of this Circular, there are currently no plans to make any distribution out of the increased contributed surplus arising from the Proposed Capital Reorganisation.

### *Set-off Against Accumulated Losses*

Further, based on the audited consolidated financial statements of the Group for FY2023, the issued and paid-up share capital of the Company which is lost or unrepresented by available assets ("**Accumulated Losses**") of the Group as at 31 December 2023 amounted to approximately RMB171,754,000 (equivalent to approximately S\$31,759,246).

The amount of credit arising from the Capital Reduction and the Share Premium Reduction will be transferred to the contributed surplus account of the Company and will be utilised to set-off against the Accumulated Losses in full.

The Directors are therefore of the view that the Proposed Capital Reorganisation will mitigate the limitations generally associated with the concept of par value, allow for a more meaningful financial reporting and provide the Company with greater flexibility on its future capital structure to enable the Company to take advantage of opportunities as and when they arise.

## 2.3 Details of the Proposed Capital Reorganisation

### 2.3.1 The Proposed Capital Reorganisation

The Proposed Capital Reorganisation will involve the following:

- (a) the reduction of the issued and paid-up share capital of the Company of a sum of S\$87,066,126.84 (the "**Capital Reduction**"), by the cancellation of the paid-up share capital of the Company to the extent of S\$4.98 on each of the 17,483,158 Shares (including 277,720 treasury shares) with a par value of S\$5.00 in issue on the Proposed Capital Reorganisation Effective Date so that each issued Share with a par value of S\$5.00 shall be treated as one fully paid Share with a par value of S\$0.02 as at the Proposed Capital Reorganisation Effective Date, and any liability of the holder of such Shares to make any further contribution to the share capital of the Company on each such Share shall be treated as satisfied. As at the Latest Practicable Date, all issued Shares in the capital of the Company have been fully paid-up;
- (b) subject to and forthwith upon the Capital Reduction taking effect, the cancellation of all of the authorised but unissued 22,516,842 Shares with a par value of S\$5.00 each in the share capital of the Company (which shall include, without limitation, the authorised but unissued share capital resulting from the Capital Reduction) and the diminution of the authorised share capital of the Company of S\$200,000,000 by S\$199,650,336.84 representing the amount of Shares so cancelled and the Capital Reduction (the "**Authorised Capital Diminution**"), and forthwith upon the Authorised Capital Diminution, the authorised share capital of the Company be increased from S\$349,663.16 divided into 17,483,158 Shares (including 277,720 treasury shares) of a par value of S\$0.02 each to S\$200,000,000 divided into 10,000,000,000 Shares of a par value of S\$0.02 each by the creation of 9,982,516,842 unissued Shares with a par value of S\$0.02 each (representing the difference between 10,000,000,000 Shares with a par value of S\$0.02 each and the number of Shares with a par value of S\$0.02 each in issue after the Capital Reduction) (the "**Authorised Capital Increase**"), as it is not intended for the par value reduction to lead to a reduction in the authorised share capital, which is currently S\$200,000,000;
- (c) the share premium account of the Company be reduced from approximately S\$55,441,828 to zero by cancelling the entire sum of approximately S\$55,441,828 standing to the credit of the share premium account as at the Latest Practicable Date (the "**Share Premium Reduction**");
- (d) subject to and forthwith upon the Capital Reduction and the Share Premium Reduction taking effect, the amount of credit arising from the Capital Reduction in the sum of S\$87,066,126.84 (equivalent to

---

---

approximately RMB470,853,614) and the amount of credit arising from the Share Premium Reduction in the sum of approximately S\$55,441,828 (equivalent to approximately RMB299,829,408) (being an aggregate sum of approximately S\$142,508,127 (equivalent to approximately RMB770,683,022)) be credited to the contributed surplus account of the Company (the “**Crediting of Contributed Surplus**”) and part of the sum of approximately S\$142,508,127 in the contributed surplus account of the Company be utilised to set-off against the Accumulated Losses amounting to RMB171,754,000 (equivalent to approximately S\$31,759,246) in full; and

- (e) the authorisation of the Directors to utilise any credit balance in the contributed surplus account of the Company in accordance with the Bye-laws of the Company and all applicable laws.

### 2.3.2 Effects of the Proposed Capital Reorganisation

Upon the Proposed Capital Reorganisation taking effect on the Proposed Capital Reorganisation Effective Date:

- (a) the par value of each issued and unissued Share will be reduced from S\$5.00 to S\$0.02;
- (b) the authorised share capital will remain unchanged at S\$200,000,000, but will be divided into 10,000,000,000 Shares with a par value of S\$0.02 each, instead of 40,000,000 Shares with a par value of S\$5.00 each;
- (c) the issued and paid-up share capital (based on the number of issued Shares as at the Latest Practicable Date) will be reduced by S\$87,066,126.84 from S\$87,415,790 to S\$349,663.16 divided into 17,483,158 Shares (including 277,720 treasury shares) with a par value of S\$0.02 each. The number of issued Shares will remain unchanged at 17,483,158 Shares (including 277,720 treasury shares);
- (d) the share premium account of the Company will be reduced from approximately S\$55,441,828 to zero; and
- (e) the contributed surplus account of the Company will be increased from zero to approximately S\$142,508,127 prior to the set-off against the Accumulated Losses amounting to RMB171,754,000 (equivalent to approximately S\$31,759,246).

Upon the Proposed Capital Reorganisation becoming effective, there is no change in the number of issued and paid-up Shares held by, or the percentage level of shareholding of, each Shareholder or Depositor as a result of the Proposed Capital Reorganisation. The Shares with a par value of S\$0.02 each will rank *pari passu* in all respects with each other. Other than the costs and expenses incurred in relation to the Proposed Capital Reorganisation which are not expected to have any material effect on the financial position of the Group, the implementation thereof will not alter the underlying assets, business operations, management or financial position of the Company. The Proposed Capital Reorganisation will not involve the diminution of any liability in respect of any unpaid capital or the payment to any Shareholders of cash or any paid-up share capital of the Company. The amount of credit arising from the Capital Reduction and the Share Premium Reduction will be transferred to the contributed surplus account of the Company and part of such sum in the contributed surplus account will be utilised to set-off against the Accumulated Losses in full.

**Please refer to Section 7 of this Circular for further details on the financial effects of the Proposed Capital Reorganisation.**

### 2.3.3 Conditions of the Proposed Capital Reorganisation

The implementation of the Proposed Capital Reorganisation is subject to, among others, the following:

- (a) the approval by the Shareholders of the Proposed Capital Reorganisation by way of a special resolution (as defined in the Existing Bye-laws) at the SGM, i.e. the Proposed Capital Reorganisation has to be approved by a resolution passed by a majority of not less than three-fourths (3/4) of the votes cast by the Shareholders, being entitled so to do, present and voting at the SGM (either voting in person or by duly authorised corporate representative or by proxy);
- (b) compliance with the relevant legal procedures and requirements under Bermuda laws to effect the Proposed Capital Reorganisation; and

---

## LETTER TO SHAREHOLDERS

---

- (c) the receipt of all necessary approvals (if any) from the regulatory authorities, as may be required in respect of the Proposed Capital Reorganisation.

Section 46(2) of the Companies Act provides that no company shall reduce the amount of its share capital if, on the date the reduction is to be effected, there are reasonable grounds for believing that the company is, or after the reduction would be, unable to pay its liabilities as they become due.

In the reasonable opinion of the Directors, barring unforeseen circumstances, as at the Latest Practicable Date, after taking into consideration the Group's internal resources, operating cash flows and present credit facilities available to the Company, the Company is, and after the Proposed Capital Reorganisation will continue to be, able to pay its liabilities as they become due. In this regard, it is noted that based on the Group's unaudited condensed interim financial statements for the half year ended 30 June 2024, the relevant financial information of the Group is reproduced below as follows:

<b>6 months ended 30 June 2024</b>	
<b>(RMB '000)</b>	
Net Current Assets	577,207
Net Asset Value	583,014
Net Increase in Cash and Cash Equivalents	78,417

On 25 November 2024, the Company had obtained in-principle approval from the SGX-ST for the listing and quotation of 17,483,158 Shares (including 277,720 treasury shares) in the capital of the Company with a new par value of S\$0.02 each arising from the Proposed Capital Reorganisation, replacing the existing 17,483,158 issued and paid-up Shares (including 277,720 treasury shares) with a par value of S\$5.00 each. The in-principle approval from SGX-ST is not to be taken as an indication of the merits of, among others, the Proposed Capital Reorganisation, the Company and/or its subsidiaries.

### 2.3.4 Proposed Capital Reorganisation Effective Date

Subject to the approval of the Shareholders for the Proposed Capital Reorganisation by way of a special resolution being duly passed at the SGM as mentioned above, the Proposed Capital Reorganisation Effective Date is expected to be 24 December 2024. An announcement will be made by the Company to confirm the Proposed Capital Reorganisation Effective Date (the "**Capital Reorganisation Announcement**").

### 2.3.5 Issue of Share Certificates

- (a) Deposit of Old Share Certificates with CDP

Shareholders who hold physical share certificates for Shares which reflect a par value of S\$5.00 in their own names (the "**Old Share Certificates**") and who wish to deposit the same with CDP and have their Shares with a par value of S\$0.02 each credited to their Securities Accounts must deposit their Old Share Certificates, together with the duly executed instruments of transfer in favour of CDP, no later than 12 Market Days prior to the Proposed Capital Reorganisation Effective Date. After the Proposed Capital Reorganisation Effective Date, CDP will only accept for deposit share certificates for Shares which reflect a par value of S\$0.02 each (the "**New Share Certificates**"). Shareholders who hold Old Share Certificates and wish to have their Shares credited to their Securities Accounts after the Proposed Capital Reorganisation Effective Date must first deliver their Old Share Certificates to the Share Transfer Agent, **Boardroom Corporate & Advisory Services Pte. Ltd.**, at **1 Harbourfront Avenue, Keppel Bay Tower #14-07, Singapore 098632**, in exchange for New Share Certificates. The New Share Certificates will then be sent by ordinary mail to the registered addresses of the Shareholders at their own risk within 10 Market Days from the date of receipt of the Old Share Certificates. Upon receipt of the New Share Certificates in their own names, Shareholders may then proceed to deposit these New Share Certificates in their own names with CDP.

### (b) Issue of New Share Certificates

Depositors having Shares standing to the credit of their Securities Accounts and Shareholders who have deposited their Old Share Certificates with CDP at least 12 Market Days prior to the Proposed Capital Reorganisation Effective Date need not take any action. The Company will arrange with CDP to facilitate the exchange of the Old Share Certificates for the New Share Certificates pursuant to the Proposed Capital Reorganisation.

Shareholders who do not deposit their Old Share Certificates as aforesaid or who do not wish to deposit their Old Share Certificates with CDP will have their Old Share Certificates cancelled by the Company. Upon such cancellation, the Company will issue New Share Certificates to the Shareholders in respect of the Shares registered in their names as appearing in the Register of Members as at the Proposed Capital Reorganisation Effective Date pursuant to the Proposed Capital Reorganisation.

The Old Share Certificates shall be void and will cease to have any effect or be valid for any purpose.

To facilitate the destruction of the Old Share Certificates, Shareholders with Shares registered in their names in the Register of Members are encouraged to return to the Share Transfer Agent, **Boardroom Corporate & Advisory Services Pte. Ltd.**, at **1 Harbourfront Avenue, Keppel Bay Tower #14-07, Singapore 098632**, their Old Share Certificates in respect of such Shares.

However, whether or not the Old Share Certificates are delivered to the Share Transfer Agent at least 12 Market Days prior to the Proposed Capital Reorganisation Effective Date, the Old Share Certificates shall be deemed to be cancelled and New Share Certificates will be issued to such Shareholders pursuant to the Proposed Capital Reorganisation. The New Share Certificates will be sent to such Shareholders at their own risk by ordinary post within 10 Market Days from the Proposed Capital Reorganisation Effective Date.

No receipts will be issued by the Share Transfer Agent for the receipt of physical Old Share Certificates tendered.

### (c) Share Certificates Not Valid for Settlement of Trades on the SGX-ST

Shareholders who hold physical share certificates are reminded that their Old Share Certificates are no longer good for settlement of trading in the Shares on the SGX-ST, as the Company is under a book-entry (scripless) settlement system, but such share certificates will continue to be accepted for cancellation and issue of New Share Certificates in replacement thereof for an indefinite period by the Share Transfer Agent. The New Share Certificates will not be valid for delivery pursuant to trades done on the SGX-ST although they will continue to be prima facie evidence of legal title.

Shareholders are to deliver their respective Old Share Certificates to the Share Transfer Agent or CDP in accordance with the provisions set out in this Section 2.3.5. Shareholders are to notify the Share Transfer Agent if they have lost any of their existing Old Share Certificates or if there are any changes in their addresses from that reflected in the Register of Members.

### 3. THE PROPOSED AMENDMENTS TO THE EXISTING BYE-LAWS OF THE COMPANY

#### 3.1 Introduction

The Company is proposing to amend the Existing Bye-laws to, among others, remove specific references to the par value of its ordinary shares being S\$5.00 each. This would allow the Company to undertake certain corporate actions which would result in the alteration or reorganisation of capital such as, among others, capital reorganisation, share consolidation or sub-division of shares, without having to amend its Bye-laws simultaneously.

Additionally, the Company is also proposing to amend Bye-law 60(3) of the Existing Bye-laws for compliance with the requirements of NASDAQ in connection with the Proposed NASDAQ Listing.

#### 3.2 Summary and Rationale of Proposed Amendments

To facilitate understanding of all the Proposed Amendments, the following table sets out the reference to the relevant Existing Bye-law(s) which is to be amended pursuant to the Proposed Amendments (in the first column of the table), the reference to the relevant Amended Bye-law(s) following the Proposed Amendments (in the second column of the table), a summary of the Proposed Amendments (in the third column of the table) and a brief explanation of the basis and reason(s) for the Proposed Amendments (in the fourth column of the table).

For the avoidance of doubt, the entirety of the Proposed Amendments is set out in the table below. The amended provisions of Bye-laws 1, 3(1), 60(3) and 83(2) will be in the Amended Bye-laws of the Company if approved by Shareholders at the SGM. Additionally, the relevant pages setting out the Amended Bye-laws have been extracted and set out in Appendix 1 to this Circular.

Shareholders are advised to read the following table in its entirety before deciding on the Special Resolution relating to the Proposed Amendments.

#### 4. THE PROPOSED NASDAQ LISTING

##### 4.1 Background

On 31 December 2021, the Company first announced its intention to seek a listing on NASDAQ and made further announcements on 30 June 2022, 8 July 2022, 5 June 2023, 4 April 2024, 22 August 2024, 26 September 2024, 5 November 2024 and 25 November 2024 to update Shareholders on material developments in relation to the Proposed NASDAQ Listing (the “**said Announcements**”). The Company also obtained Shareholders’ approval at the previous SGM held on 28 July 2023 to amend its Bye-laws for the purposes of, *among others*, complying with the relevant rules of NASDAQ and the amended Bye-laws came into effect from 28 July 2023 accordingly.

The Proposed NASDAQ Listing will be by way of a listing of the ADSs on the NASDAQ and the ADS Offering, instead of offering and listing ordinary shares as previously set out in the said Announcement dated 4 April 2024. In this regard, the Company filed an amended Registration Statement on 21 August 2024 and 4 November 2024 to reflect the same as described in the said Announcements dated 22 August 2024 and 5 November 2024. The Registration Statement, as amended, can be obtained for free by visiting the SEC’s website at <https://www.sec.gov/edgar/browse/?CIK=1954705&owner=exclude>.

Shareholders are able to switch trading of Shares on the SGX-ST to trading of ADSs on the NASDAQ and vice versa. Shareholders who wish to do so will need to comply with the relevant procedures for the conversion and transfer of Shares trading on the SGX-ST to ADSs for trading on the NASDAQ, and vice versa, as set out in Appendix 3 to this Circular.

##### 4.2 Rationale of the Proposed NASDAQ Listing

The Board believes that while it is important to maintain the Singapore listing status, it would be desirable and beneficial for the Company to also have its securities listed on NASDAQ, as it believes that the stock markets in the U.S. and Singapore attract different investors. The Proposed NASDAQ Listing and the ADS Offering will be beneficial and advantageous to the Group as these will potentially:

- (a) provide the Company with additional capital for future growth and expansion plans;
- (b) provide the Company with an alternative market to raise capital and the opportunity to gain access to more institutional and retail investors;
- (c) increase market visibility of the Group to potential investors in new markets that offer larger growth potential;
- (d) improve the liquidity and trading activity of its securities; and
- (e) further raise and enhance the Company’s profile internationally, and thereby potentially increase the Company’s long-term visibility and enhance its reputation among investors, suppliers and customers.

### 4.3 Appointment of Professional Advisers

Apart from the legal advisers appointed by the Company as set out under Section 14 of this Circular, the Company has also appointed the following professional advisers in respect of the Proposed NASDAQ Listing and ADS Offering:

- (a) Craft Capital Management LLC and Boustead Securities, LLC as underwriters of the ADS Offering; and
- (b) OneStop Assurance PAC ("**OneStop**") as the Group's independent auditors and reporting accountants in relation to the Proposed NASDAQ Listing only and to provide a report on the consolidated financial statements for the fiscal years ended 31 March 2023 and 31 March 2024 pursuant thereto.

OneStop<sup>2</sup> was appointed for purposes of the Proposed NASDAQ Listing instead of the existing auditors of the Company for the following reasons:

---

<sup>2</sup> Details of the engagement team from OneStop at the Latest Practicable Date are as follows as:

- (i) The Engagement Partner is Mr Adrian Yap Pong Ngee, the Concurring Partner is Mr Su Chun Keat, whilst the Technical Partner is Ms Yvonne Aw @ Wee Li Na.
- (ii) OneStop has a staff strength of more than 80 personnel and currently the auditors of 25 entities listed on the NASDAQ and the New York Stock Exchange. They have also successfully completed multiple IPOs in the US involving businesses from Singapore, Malaysia, the Hong Kong SAR and the PRC. OneStop currently has 9 partners, of which 8 are locally registered public accountants.
- (iii) Sometime around 2016 to 2017, Mr Su Chun Keat's audit of an SGX-listed company was subjected to inspection under the Practice Monitoring Programme ("**PMP**"). The said inspection concluded sometime in early 2018 and certain PMP Orders were issued by the Public Accountants Oversight Committee which Mr Su Chun Keat successfully complied with. Thereafter, his renewal of his ACRA Public Accountant licence in 2019 was approved along with the issue of a Certificate of Good Standing. Given the foregoing, OneStop is of the opinion that any issues raised in the aforementioned incident has been properly remedied by Mr Su Chun Keat and does not affect his suitability to act as the Concurring Partner of its engagement team.
- (iv) On 29 November 2018, the Securities Commission Malaysia's ("**SC**") Audit Oversight Board ("**AOB**") had withdrawn the recognition of RT LLP as a foreign audit firm of which Mr Su Chun Keat was then a partner. This was due to a breach of AOB's conditions of recognition for failing to comply with a notice issued by the SC requiring RT LLP and Mr Su Chun Keat (the engagement partner) to submit the audit working papers of a client, a public-listed company and its subsidiaries, within a prescribed time. However, RT LLP was unable to obtain AOB's concurrence to submit photocopies of the requested audit working papers in time, and this had resulted in the aforesaid breach, leading to AOB's unilateral withdrawal of recognition.

It is noted however that Mr Su Chun Keat had resigned from RT LLP in June 2018 prior to the issue of the said notice. Mr Su Chun Keat has also been renewing his Institute of Singapore Chartered Accounted membership and ACRA Public Accountant licence annually since completing the Public Practice Programme in 2013 and was issued with a Certificate of Good Standing following each renewal.

Given the foregoing, OneStop is of the opinion that the aforementioned incident is not prejudicial to the professional and ethical conduct of Mr Su Chun Keat and does not affect his suitability to act as the Concurring Partner of its engagement team.

- (i) For purposes of the Proposed NASDAQ Listing, the aforesaid consolidated financial statements of the Company were prepared under the U.S. Generally Accepted Accounting Principles (U.S. GAAP) as required under the NASDAQ Rules. The aforesaid consolidated financial statements are therefore different from the Company's existing audited consolidated financial statements which were prepared under the Singapore Financial Reporting Standards (International).
- (ii) In addition, OneStop has audited the aforesaid consolidated financial statements of the Company under the Public Company Accounting Oversight Board rules (a requirement under the NASDAQ Rules) as opposed to the audit of the Company carried out by its current auditors under the Singapore Standards on Auditing.

  - (d) the determination of the structure of the ADS Offering, including the Offering Price, by the Board in consultation with the Underwriters;
- 
- (v) Save as disclosed above, there are no PMP findings nor any other adverse findings against the firm and its partners by any regulatory or professional bodies, whether in Singapore or elsewhere.

The Company will make an immediate announcement on SGXNet in respect of the aforesaid details of the Proposed Underlying Shares Issue, the ADS Offering, the Offering Price and related information as and when such information is finalised.

No action has been or will be taken under the requirements of the legislation or regulations of, or of the legal or regulatory requirements of any jurisdiction (including Singapore), except for the lodgement and/or registration of the relevant documents (if any) in the United States in order to permit a public offering of the Offering ADSs (including any new ADSs which may be issued upon the exercise by the Underwriters of the Over-allotment Option) and the public distribution of the relevant documents (if any) in the United States.**

### 5.2 Timing

Subject to the receipt of all necessary approvals and the conditions set out in Section 8 of this Circular (including but not limited to, shareholders' approval pursuant to Rule 805(1) of the Listing Manual, the passing of the other Proposed Resolutions) being fulfilled within a time period which the Company can, under the applicable laws, rules and regulations, implement the Proposed Underlying Shares Issue and the ADS Offering, and the prevailing market conditions for equity offerings, the Company intends to complete the Proposed NASDAQ Listing, the Proposed Underlying Shares Issue and the ADS Offering no later than 31 January 2025. In the event that the Company requires more time to complete the Proposed NASDAQ Listing, the Proposed Underlying Shares Issue and the ADS Offering, the Board will make an immediate announcement on the SGXNet.

However, the Board may, notwithstanding that all necessary approvals have been obtained, decide not to proceed with or to postpone the Proposed NASDAQ Listing, the Proposed Underlying Shares Issue and the ADS Offering, if, after assessing various factors, including the prevailing general economic and capital market conditions, the Board deems that it is not in the best interests of the Group to proceed with the Proposed NASDAQ Listing, the Proposed Underlying Shares Issue and the ADS Offering. The Board will make an immediate announcement on the SGXNet if it decides not to proceed with, or to postpone, the Proposed NASDAQ Listing, the Proposed Underlying Shares Issue and the ADS Offering.

### 5.3 Information on the ADS Offering

The details of the ADS Offering are set out below:

#### 5.3.1 NASDAQ Listing Requirements

To list on NASDAQ, a company must satisfy the listing requirements set out under any one of the three standards prescribed under the relevant NASDAQ Rules. The Company will undertake the Proposed NASDAQ Listing under the Net Income Standard and the requirements to be satisfied thereunder includes, among others ("**NASDAQ Listing Requirements**"):

<i>Net Income Standard Requirements</i>	<i>Minimum Threshold</i>
Market Value of Unrestricted Publicly Held ADS	: US\$5 million
Net Income from Continuing Operations (in the latest fiscal year or in two of the last three fiscal years)	: US\$750,000

---

## LETTER TO SHAREHOLDERS

---

<i>Net Income Standard Requirements</i>		<i>Minimum Threshold</i>
Unrestricted Publicly Held ADS	:	1 million
Unrestricted Round Lot Holders <sup>(a)</sup>	:	300 <sup>(b)</sup>
Bid Price <sup>(c)</sup>	:	US\$4.00

**Note:**

- (a) Under the relevant NASDAQ Rules, unrestricted round lot holder means a holder of 100 unrestricted ADS.
- (b) At least 50% of such round lot holders must each hold unrestricted ADS with a market value of at least US\$2,500.
- (c) For avoidance of doubt, the bid price of US\$4.00 refers to the minimum threshold requirement imposed by the NASDAQ. Please refer to Section 5.3.2 of the Circular for further details on the Minimum Offering Price of US\$4.00.

For the purposes of the Proposed NASDAQ Listing, the Company's outstanding Shares which are unregistered with the U.S. Securities Exchange Commission are "restricted securities" as defined in Rule 144 under the Securities Act of the U.S. and are thus excluded from the calculation of unrestricted publicly held shares, unrestricted round lot shareholders and the market value of unrestricted publicly held shares, among others.

### 5.3.2 Structure of the ADS Offering

Pursuant to the NASDAQ Listing Requirements as set out above under Section 5.3.1 of this Circular, the Company is required to raise a minimum of US\$5 million (equivalent to approximately S\$6.7 million), have at least 1,000,000 unrestricted publicly held ADSs, and subject to a bid price of not less than US\$4.00 per ADS.

The Company intends to offer 1,500,000 Offering ADSs, representing 22,500,000 Underlying Shares, at a minimum offering price of US\$4.00 per Offering ADS ("**Minimum Offering Price**") raising a minimum of US\$6.0 million. This complies with the minimum bid price and the minimum market value of the ADS Offering prescribed under the Net Income Standard as described above. The actual market value or amount raised, as well as the actual Offering Price, can only be finalised nearing the launch of the Offering ADSs and the Proposed NASDAQ Listing, depending on, among others, the then trading price of the Shares on the SGX-ST, the demand for the Offering ADSs and overall market sentiment.

The Company will also be granting the Underwriters an option to purchase at the actual Offering Price such amount of additional ADSs equivalent to 15% of the actual number of Offering ADSs (being 225,000 ADSs, representing 3,375,000 Underlying Shares, based on the 1,500,000 Offering ADSs described in the preceding paragraph). The Underwriters may exercise the Over-allotment Option solely for the purpose of covering over-allotments, if any, made in connection with the ADS Offering in the event that the Company experiences a strong demand for its ADSs on NASDAQ and requires more ADSs to meet excess application, as well as for price-stabilisation purposes. The Over-allotment Option is a common feature for NASDAQ listings.

**The exact Offering Price is subject to changes and cannot be ascertained at this juncture. Based on the Maximum Issue Scenario as described below in Section 5.4.2 of this Circular, the Underlying Shares may comprise up to approximately 150.39% of the existing issued share capital of the Company comprising 17,205,438 Shares (excluding treasury shares) and 57.97% of the enlarged issued share capital of the Company immediately after the ADS Offering comprising 44,632,938 Shares (excluding treasury shares) on a fully diluted basis.**

**The Board will determine the exact ADS Offering structure and details of the ADS Offering closer to the launch of the ADS Offering, having regard to, among others, the demand for the Offering ADSs, the then prevailing trading price of the Shares on the SGX-ST and overall market sentiment.**

---

## LETTER TO SHAREHOLDERS

---

**The final Offering Price will be ascertained when the Underwriting Agreement is signed on the business day immediately before the launch of the ADS Offering.**

**The Company will announce the exact ADS Offering structure and details of the ADS Offering and the completion of the ADS Offering, as soon as possible after the information is available.**

**The Minimum Offering Price used in this Circular in relation to the ADS Offering is strictly intended as an illustration and should not be taken to be in any way a statement or indication of the expected, forecasted or actual Offering Price. Accordingly, there is no assurance that the actual Offering Price will not vary from the illustrations shown in this Circular.**

The Underlying Shares will not be allotted and issued so as to transfer a controlling interest in the Company without the prior approval of Shareholders in a general meeting as required under Rule 803 of the Listing Manual and the Underlying Shares will not be placed with any of the persons set out as restricted persons under Rule 812(1) of the Listing Manual.

There will not be any vendor share placement as part of the ADS Offering.

The trading of ADSs on NASDAQ and Shares on SGX-ST will be conducted in United States dollars and Singapore dollars respectively.

### 5.3.3 Offering Price

The Company requires certain flexibility in determining the Offering Price in order to successfully complete the ADS Offering. As discussed under Section 5.3.2 above, the Offering Price is subject to the minimum bid price requirement of US\$4.00.

The exact Offering Price at which the Offering ADSs will be issued pursuant to the ADS Offering will be determined by the Board in consultation with the Underwriters closer to the launch of the ADS Offering and upon the signing of the Underwriting Agreement. As set out below in Section 5.3.5 of this Circular, the Company has obtained a confirmation from the Underwriters that, among others, the issue price of the Underlying Shares shall not exceed a discount of 10% to the weighted average price per Share for trades done on the SGX-ST for the full Market Day on which the Underwriting Agreement is signed, or in the event that trading of the Shares is not available for a full Market Day, the weighted average price on the trades done on the SGX-ST for the preceding Market Day up to the time the Underwriting Agreement is signed. The issue price of the Underlying Shares shall in any case not be less than the new par value of S\$0.02 per Share.

In determining the exact Offering Price, the Board, in consultation with the Underwriters, will take into consideration, *among others*, the demand for the Offering ADSs, the then prevailing trading price of the Shares on the SGX-ST, the public stock price for similar companies, general conditions of the securities markets and overall market sentiments at the time of the ADS Offering and such other factors as were deemed relevant through a book-building exercise conducted by the Underwriters.

The Company will only seek to raise funds on such terms and at such a price as the Board considers is in the best interest of the Company. Please refer to Section 5.8 of this Circular for further information on the proposed use of the proceeds of the Proposed Underlying Shares Issue.

### 5.3.4 ADS Depositary and Description of ADS

The Company has appointed and The Bank of New York Mellon has agreed to act as the ADS Depositary for the ADSs pursuant to a deposit agreement (the “**Deposit Agreement**”) in respect of the Proposed NASDAQ Listing and the ADS Offering. The ADS Depositary will appoint a custodian to safekeep the new Shares (underlying the ADS) on deposit, being The Hongkong and Shanghai Banking Corporation Limited.

Each Offering ADS will represent 15 Underlying Shares. ADS holders will have the right to receive, upon cancellation of ADSs and withdrawal of the Underlying Shares, and payment of any applicable fees, taxes

---

## LETTER TO SHAREHOLDERS

---

or governmental charges pursuant to the terms of the Deposit Agreement, such number of Underlying Shares in respect of the cancelled ADSs that are deposited with the ADS Depository and/or custodian. Any certificated ADSs are evidenced by certificates referred to as ADRs that are delivered by the ADS Depository.

ADSs may be held either (A) directly, (i) by having an ADR, which is a certificate evidencing a specific number of ADSs, registered in the holder's name, or (ii) by holding in the direct registration system of the DTC, a central securities depository and a registered clearing agency with the U.S. Securities and Exchange Commission, pursuant to which the ADS Depository may register the ownership of uncertificated ADSs, which ownership shall be evidenced by periodic statements issued by the ADS Depository to the ADS holders entitled thereto, or (B) indirectly, by holding a security entitlement in ADSs through a broker or other financial institution that is a direct or indirect participant in the DTC.

As the Company is incorporated in Bermuda, Bermuda law governs shareholder rights. Under the Companies Act, ADS holders are not treated as shareholders and accordingly, do not have shareholder rights. The ADS Depository holds the legal title to the Shares represented by the ADSs, and ADS holders' rights are subject to the terms and conditions of the Deposit Agreement. The obligations of the ADS Depository, rights and obligations of the ADS holders, including processes related to the voting of the Shares underlying the ADSs, are governed by the terms and conditions of the Deposit Agreement. The Company, The Bank of New York Mellon, the Company's ADS holders and beneficial owners of the ADSs from time to time and any holder who deposits Shares and is issued ADSs will be subject to the terms and conditions of the Deposit Agreement. The Deposit Agreement and ADSs (including ADRs evidencing ADSs) are governed by the law of the State of New York.

The following is a summary of the material provisions of the Deposit Agreement. Shareholders are advised to read the Deposit Agreement and the form of ADR in their entirety for more complete information. Shareholders may obtain copies of these documents from the exhibits and schedules of the Company's registration statement on Form F-1 with the U.S. Securities and Exchange Commission.

(a) Voting Rights

Under the Companies Act, only a person who agrees to become a member of a Bermuda company and whose name is entered in the register of members of the Bermuda company is considered a member with rights to attend and vote at general meetings of such company.

ADS holders may instruct the ADS Depository on how to vote in respect of the number of deposited Shares their ADSs represent. The Company will request for the ADS Depository to solicit the voting instructions of ADS holders for a general meeting and the ADS Depository will notify the ADS holders of such general meeting and send or make voting materials available. Those materials will describe the matters to be voted on and explain how ADS holders may instruct the ADS Depository on how to vote. For instructions to be valid, they must reach the ADS Depository by a date set by the ADS Depository. The ADS Depository will try, as far as practical, subject to the laws of Bermuda and the provisions of our Bye-laws or similar documents, to vote or to have its agents vote the shares as instructed by ADS holders. If the Company does not request the ADS Depository to solicit voting instructions from the ADS holders, ADS holders can still send voting instructions, and, in that case, the ADS Depository may try to vote as instructed, but it is not required to do so.

Except by instructing the ADS Depository as described above, ADS holders will not be able to exercise voting rights unless such ADS holders surrender their ADSs and withdraw the Shares underlying the surrendered ADSs. However, ADS holders may not know about the meeting enough in advance to withdraw the shares. In any event, the ADS Depository will not exercise any discretion in voting deposited securities and it will only vote or attempt to vote as instructed.

The Company is unable to provide any assurance to ADS holders that they will receive the voting materials in time to ensure that they can instruct the ADS Depository to vote in respect of the Shares represented by their ADSs. In addition, the ADS Depository and its agents are not responsible for failing to carry out voting instructions or for the manner of carrying out voting instructions in the absence of bad faith on the part of the ADS Depository and its agents. This means that ADS holders may not be able to

---

## LETTER TO SHAREHOLDERS

---

exercise voting rights and there may be nothing such ADS holders can do if the shares represented by their ADSs are not voted as requested.

In order to give ADS holders a reasonable opportunity to instruct the ADS Depository as to the exercise of voting rights relating to the Shares underlying their ADSs, if the Company request the ADS Depository to act, the Company agrees to give the ADS Depository notice of any such meeting and details concerning the matters to be voted upon at least 30 days in advance of the meeting date.

(b) Dividend Rights

If the Company declares or pays any dividends on its Shares, the Company will pay those dividends which are payable in respect of the Shares underlying the ADSs to the ADS Depository, as the registered holder of such Shares, and the ADS Depository then will pay such amounts to the ADS holders in proportion to the number of Shares represented by the ADSs held by such ADS holders after deducting its fees and expenses and any other deductions, in accordance with and subject to the terms of the Deposit Agreement.

(c) Conversion and Transfer between Shares and ADSs

In addition, Shareholders are able to switch trading from the SGX-ST to NASDAQ or from NASDAQ to the SGX-ST. Shareholders who wish to switch the trading of their Shares from the SGX-ST to ADSs for trading on the NASDAQ, or vice versa, will need to comply with the relevant procedures for trading and transfer of Shares between the two securities exchanges and payment of applicable fees and expenses in accordance with and subject to the terms of the Deposit Agreement.

The procedures for the conversion and transfer of Shares trading on the SGX-ST to ADSs for trading on the NASDAQ, and vice versa, are set out in Appendix 3 to this Circular.

### 5.3.5 Underwriters

The Company has appointed Craft Capital Management LLC and Boustead Securities, LLC as the Underwriters to the ADS Offering.

(a) Underwriters' Commission

Pursuant to the Underwriting Agreement, the Company will offer, and the Underwriters will, on a firm commitment basis, purchase the Offering ADSs at the Offering Price less the underwriting discounts (representing the commission equivalent to 7.0% of the gross proceeds of the ADS Offering and the non-accountable expense allowance equivalent to 1.0% of the gross proceeds of the ADS Offering) set out in the Underwriting Agreement and procure subscriptions from their retail customers for the Offering ADSs.

The Underwriters are entitled to the following commissions from the Company:

- (i) a commission equivalent to 7% of the gross proceeds raised from investors procured by the Underwriters payable in cash;
- (ii) a non-accountable expense allowance equivalent to 1.0% of the gross proceeds raised from investors, which includes the cost of work done by the Underwriters which are not easily quantifiable and itemised, but at the same time incurred arising from the Proposed NASDAQ Listing and the ADS Offering which the Underwriters would not have otherwise incurred; and
- (iii) a reimbursement of up to US\$150,000 for the Underwriters' accountable out-of-pocket expenses.

The Board notes that the aforementioned commissions and rates payable are customary practice for NASDAQ listings and follows the industry norms.

(b) Representative's Warrants

Additionally, in conjunction with the Proposed NASDAQ Listing and the ADS Offering, the Company has agreed to issue to the Representative warrants to purchase ADSs equal to up to 6% of the total number of ADSs sold in the ADS Offering (including new ADSs issued upon exercise of the Over-allotment Option) as part of the compensation payable to the Representative, further details of which are set out in Section 6 of this Circular. Based on the Maximum Issue Scenario, up to 103,500 Representative's Warrants carrying the right to purchase up to 103,500 Representative's ADSs, representing 1,552,500 Representative's Shares, will be issued.

Assuming that the 1,500,000 Offering ADSs, and the 225,000 new ADSs issued upon full exercise of the Over-allotment Option, are fully placed out based on the Minimum Offering Price, approximately US\$702,000 will be paid to the Underwriters in relation to the Proposed NASDAQ Listing in addition to the Representative's Warrants which will be issued to the Representative.

(c) Underwriters' Confirmation

The Underwriters have confirmed, amongst other things, that:

- (i) the commission payable by the Company to the Underwriters for the ADS Offering will not be shared with any person to whom the Offering ADSs are placed;
- (ii) the Underwriters have obtained or will obtain (as the case may be) confirmations from the places of the Offering ADSs and the new ADSs to be issued pursuant to the exercise of the Over-allotment Option that they are not acting in concert (as defined under the Singapore Take-over Code) with any other party in the acquisition of Shares in the Company;
- (iii) the Offering ADSs, the additional new ADSs which may be issued by the Company pursuant to the Over-allotment Option, and the Representative's Warrants will not be placed to any person who is a director or a substantial shareholder of the Company, an interested person as defined in Chapter 9 of the Listing Manual or any other person in the categories set out in Rule 812(1) of the Listing Manual;
- (iv) the Proposed Underlying Shares Issue and the ADS Offering will not result in the transfer of a controlling interest of the Company;
- (v) there are no securities borrowing arrangements entered into for the ADS Offering;
- (vi) the issue price of the Underlying Shares shall not exceed a discount of 10% to the weighted average price per Share for trades done on the SGX-ST for the full Market Day on which the Underwriting Agreement is signed, or in the event that trading of the Shares is not available for a full Market Day, the weighted average price on the trades done on the SGX-ST for the preceding Market Day up to the time the Underwriting Agreement is signed;
- (vii) the conversion price of the Representative's Shares shall not exceed a discount of 10% to the prevailing market price of the underlying shares prior to the signing of Underwriting Agreement;
- (viii) the terms of the Representative's Warrants will provide for any adjustment to the exercise price and, where appropriate, the number of Representative's Warrants, in the event of a rights issue, bonus issue or subdivision or consolidation of shares, while setting out the specific formula pursuant to Rule 829(1) of the Listing Manual; and
- (ix) shall not, in compliance with Rule 831 of the Listing Manual, cause the Company to (a) extend the exercise period of the Representative's Warrants; (b) issue a warrant to replace the Representative's Warrants; or (c) change the exercise price or exercise ratio of the Representative's Warrants except where the adjustments are made pursuant to the terms of the issue.

### 5.3.6 Moratorium

Pursuant to the Underwriting Agreement, the Company, its officers, directors and Substantial Shareholders (the “**Moratorium Obligors**”) will provide a moratorium undertaking to the Representative under which the Moratorium Obligors shall not, without the prior written consent of the Representative, among others, pledge, assign, encumber, sell, grant any option, right to purchase, or otherwise transfer or dispose of, any Shares, ADSs or any securities convertible into or exercisable or exchangeable for Shares, owned by any of the Moratorium Obligors as at the date of the Registration Statement or thereafter acquired. The said moratorium shall be for a period of six months from the date on which the trading of the ADSs commences.

## 5.4 Underlying Shares

### 5.4.1 Introduction

Each ADS will represent the right to receive, and to exercise the beneficial ownership interests in, 15 new Shares or Underlying Shares that are deposited with the ADS Depositary and/or custodian. The said ratio was arrived at after taking into consideration, *among others*, the minimum bid price of US\$4.00 per ADS as prescribed under the Net Income Standard as described in Section 5.3.1 of this Circular, and the closing price per Share traded on the SGX-ST ranged between S\$0.165 and S\$0.600 during the six months prior to the Latest Practicable Date with a volume weighted average price of approximately S\$0.215 per Share over the said six-month period.

The Underlying Shares will rank *pari passu* in all respects with the existing Shares, including rights to any dividend, right, allotment or other distributions, the record date for which falls on or after the date of issue.

The Underlying Shares to be issued to the ADS Depositary and/or custodian for the purposes of issuing to the potential NASDAQ investors the Offering ADS(s) will be duly and validly issued, and non-assessable (which term when used herein means that no further sums are required to be paid by the holders thereof in connection with the issue thereof), free and clear of all liens imposed by the Company.

### 5.4.2 Maximum Issue Scenario

As described under Section 5.3.2 above, 1,500,000 Offering ADSs, and an additional 225,000 new ADSs if the Over-allotment Option is fully exercised, will be offered pursuant to the ADS Offering. Given that each Offering ADS represents 15 Underlying Shares, the maximum number of Underlying Shares which may be issued pursuant to the ADS Offering shall be 22,500,000 Shares, or 25,875,000 Shares assuming that the Over-allotment Option is fully exercised (the “**Maximum Issue Scenario**”).

Based on the aforesaid ratio of one Offering ADS representing 15 Underlying Shares and the minimum bid price of US\$4.00 per ADS, the minimum issue price per Underlying Share pursuant to the Proposed Underlying Shares Issue would be approximately S\$0.345 (the “**Minimum Issue Price**”).

Based on the Maximum Issue Scenario, and the existing issued 17,205,438 Shares (excluding treasury shares) as at the Latest Practicable Date, the Underlying Shares and the Representative Shares as a proportion to the existing issued Shares (excluding treasury shares) and to the enlarged issued 44,632,938 Shares (excluding treasury shares) on a fully diluted basis is as follows:

---

Underlying Shares (Offering ADSs)	Underlying Shares (Over-allotment Option)	Representative's Shares	The aggregate number of such new Shares as a % of existing issued Shares	The aggregate number of such new Shares as a % of enlarged issued Shares
22,500,000	-	-	130.77%	50.41%
22,500,000	3,375,000	-	150.39%	57.97%

---

---

## LETTER TO SHAREHOLDERS

---

22,500,000	3,375,000	1,552,500	159.41%	61.45%
------------	-----------	-----------	---------	--------

---

Accordingly, Shareholders' approval is sought for the issue and allotment of up to an aggregate maximum of 25,875,000 Underlying Shares under the Maximum Issue Scenario, to facilitate and undertake the ADS Offering successfully.

The Company notes that the shareholding percentage of existing Shareholders will be significantly diluted by approximately 61.45% under the Maximum Issue Scenario upon completion of the Proposed Underlying Shares Issue and the Proposed Representative's Shares Issue. Further details regarding the changes in the interests of the Company's directors, the substantial Shareholders and the public Shareholders in the Shares under the Maximum Issue Scenario are set out in Section 9 of the Circular below.

### 5.5 Purpose and Rationale of the Proposed Underlying Shares Issue and the ADS Offering

As each ADS will be represented by 15 Underlying Shares, the Proposed Underlying Shares Issue would facilitate the ADS Offering and the Proposed NASDAQ Listing. The quantum of the Underlying Shares would enable the Company to meet the NASDAQ Listing Requirements as described in Section 5.3.2 of this Circular.

Additionally, the Board believes that an offering of new Shares in conjunction with the Proposed NASDAQ Listing coupled with allowing Shares to be directly transferable between the SGX-ST and NASDAQ would present a significant price disparity between the trading price of the Shares on the SGX-ST (where the volume weighted average price of each Share is S\$0.171 based on trades done on 18 November 2024, being the last full market day immediately preceding the Latest Practicable Date on which the Shares were traded on the SGX-ST) and the minimum bid price requirement of a minimum of US\$4.00 under the NASDAQ Listing Requirements. This could result in substantial speculative trading and arbitrage-related activities and the Company may face difficulty in placing out the new Shares pursuant to an offering of new Shares.

By structuring the offering using ADSs instead, the Company is able to bundle such number of Shares to be represented by one ADS and enable the Offering Price of each ADS to be pegged to the trading price of the Shares on the SGX-ST while meeting the minimum bid price requirement under the NASDAQ Listing Requirements. These would allow the Company to minimise the aforesaid price disparity and the concomitant speculative trading and arbitrage-related activities. The Company would also be able to allow for the conversion and transfer of its Shares trading on the SGX-ST to ADSs trading on NASDAQ and vice versa.

### 5.6 Dual Primary Listing on the SGX-ST and NASDAQ

In the event that the Company successfully proceeds with the Proposed NASDAQ Listing and the ADS Offering, the Company will be concurrently listed on the Main Board of the SGX-ST and the NASDAQ. As a matter of good corporate governance, the Company will not opt for any exemption<sup>3</sup> and will comply with all relevant U.S. securities laws, listing rules and regulations, and the disclosure requirements and the continuous listing requirements of the NASDAQ, in addition to those of Singapore and the SGX-ST. In the event of any inconsistency between the Listing Manual and the NASDAQ Rules, the Company shall comply with the more onerous rules and requirements.

Further information relating to, *among others*, the takeover obligations of the Company and the salient Listing Manual and NASDAQ Rules, applicable to the Company after the Proposed NASDAQ Listing is set out in Appendix 2 to this Circular.

---

<sup>3</sup> Under the NASDAQ Rules, the Company is a "foreign private issuer" and is afforded certain exemptions to NASDAQ corporate governance requirements. However, the Company will not opt for any exemptions and will comply with the NASDAQ Rules in full as a matter of good corporate governance.

### 5.7 Takeover Regulation

In the event that the Company successfully proceeds with the Proposed NASDAQ Listing, the Company will continue to be governed by the Singapore Take-over Code. The Company will not be subject to the rules of the U.S. Securities and Exchange Commission and the relevant laws and regulations of the U.S. relating to takeovers and mergers because the Company is incorporated in Bermuda.

### 5.8 Use of Proceeds of the Proposed Underlying Shares Issue

#### 5.8.1 Use of Proceeds

Based on the Minimum Offering Price, the minimum number of 1,500,000 Offering ADSs and assuming that there is no exercise of the Over-allotment Option by the Underwriters, the minimum amount of gross proceeds from the Proposed Underlying Shares Issue would be US\$6 million (equivalent to approximately S\$8.0 million). Assuming that the Company raises US\$6 million, the net proceeds from the Proposed Underlying Shares Issue would be approximately US\$3.3 million (equivalent to approximately S\$4.4 million) (after deducting the estimated commissions, professional fees and miscellaneous expenses (including out-of-pocket expenses)<sup>4</sup> estimated to be payable by the Company).

A breakdown of the estimated costs and expenses which the Company expects to incur in connection with the Proposed NASDAQ Listing and the Proposed Underlying Shares Issue is as follows:

Types of Costs and Expenses	Amount (US\$)
Underwriters' Commission and Expenses <sup>5</sup>	702,000
Securities and Exchange Commission Registration Fee	1,619
NASDAQ Capital Market Listing Fee	75,000
FINRA Filing Fee	2,225
Legal Fees and Expenses <sup>6</sup>	725,126
Accounting Fees and Expenses <sup>7</sup>	900,000
Miscellaneous Expenses <sup>8</sup>	295,751
<b>Total</b>	<b>2,736,721</b>

---

<sup>4</sup> The Company announced on 8 July 2022 that the Company's Executive Chairman, Mr Hong Qing Liang, has undertaken to the Company that he will, for and on behalf of the Company and out of his own personal resources, make full and timely payment of all costs and expenses incurred by the Company in connection with the Proposed NASDAQ Listing and the Proposed Underlying Shares Issue as and when such costs and expenses are due and payable. Upon completion of the Proposed NASDAQ Listing and the Proposed Underlying Shares Issue, the Company will use the proceeds therefrom to repay Mr Hong such costs and expenses without any interest, commission, fees and/or other consideration whatsoever. Should the said corporate actions be unsuccessful, he shall bear all such costs and expenses and shall waive repayment of the same to him. As at the Latest Practicable Date, the total amount of such costs and expenses incurred and paid by Mr Hong Qing Liang was approximately US\$1,954,000 (equivalent to approximately RMB14,145,000).

<sup>5</sup> The commission equivalent to 7% of the gross proceeds and the non-accountable expense allowance equivalent to 1.0% of the gross proceeds raised from investors procured by the Underwriters will only become due and payable upon the commencement of the ADS Offering. As at the Latest Practicable Date, US\$100,000 in accountable out-of-pocket expenses has been paid to the Underwriters.

<sup>6</sup> Legal Fees and Expenses include U.S. Counsel's fees, Bermuda Counsel's fees, PRC Counsel's fees, Hong Kong Counsel's fees, Singapore Counsel's fees and the Underwriters' PRC Counsel's fees.

<sup>7</sup> Accounting Fees and Expenses include the fees payable to OneStop Assurance PAC, the Group's independent auditors and reporting accountants in relation to the Proposed NASDAQ Listing. Their scope of work includes reporting on the consolidated financial statements of the Company of the fiscal years ended 31 March 2023 and 31 March 2024 which were prepared under the U.S. Generally Accepted Accounting Principles (U.S. GAAP) as required under the NASDAQ Rules. The appointment of OneStop Assurance PAC and their scope of work is set out in Section 4.3 of this Circular. Accordingly, no monies will be received by the Company in respect of such warrant issuance except when the Representative's Warrants are exercised and converted into ADSs. The Representative's Warrants shall have an exercise price equal to the actual Offering Price of the ADSs sold in in the ADS Offering ("**Exercise Price**").

### 6.3 Purpose and Rationale of the Proposed Representative's Warrants and Representative's Shares Issue

In conjunction with the Proposed NASDAQ Listing and the ADS Offering, the Company will enter into the Underwriting Agreement with the Representative, and has further agreed to issue to the Representative such warrants to purchase ADSs equal to 6% of the total number of Offering ADSs, and new ADSs issued upon exercise of the Over-allotment Option, as part of the compensation payable to the Representative, in addition to commissions payable by the Company set out under Section 5.3.5 of this Circular, in respect thereof. The Proposed Representative's Warrants and Representative's Shares Issue will be beneficial and advantageous to the Group as an alternative to paying a greater amount of cash commission and thus allows the Company to conserve its cash resources.

### 6.4 Shares to be issued pursuant to the exercise of the Representative's Warrants

Under the Maximum Issue Scenario as discussed under Section 5.4.2 above, each Representative's ADS will also represent 15 Representative's Shares and based on the Minimum Offering Price, the Minimum Issue Price of each Representative's Share pursuant to the Proposed Representative Share Issue would also be approximately S\$0.345.

As at the Latest Practicable Date, the Company has an issued and paid-up share capital of 17,205,438 Shares (excluding shares held by the Company as treasury shares and subsidiary holdings). Based on the Exercise Price, and assuming no adjustments to the Exercise Price, and based on the Maximum Issue Scenario, the maximum number of Representative's Shares to be allotted and issued by the Company, pursuant to the full exercise of the Representative's Warrants, is 1,552,500 Representative's Shares, representing approximately 9.02% of the existing issued and paid-up share capital of the Company as at the Latest Practicable Date, and representing approximately 3.48% of the enlarged issued and paid-up share capital of the Company on a fully diluted basis, after adjusting for the Proposed Underlying Shares Issue and the issue of 1,552,500 Representative's Shares.

## LETTER TO SHAREHOLDERS

### 6.5 Adjustment and Modification

The Company will:

- (a) announce any adjustment made to the Exercise Price; and
- (b) announce the expiry of the Representative's Warrants and a notice of the expiry will be sent to the holders of the Representative's Warrants at least one month before the expiry date.

### 6.6 Use of Proceeds of the Proposed Representative's Warrants and Representative's Shares Issue

#### 6.6.1 Use of Proceeds

Based on the Minimum Offering Price, the minimum amount of gross proceeds from the Proposed Representative's Warrants and Representative's Shares Issue would be US\$414,000 (equivalent to approximately S\$554,346). Assuming that the Company raises US\$414,000, the net proceeds from the Proposed Representative's Warrants and Representative's Shares Issue would be approximately US\$414,000 (as the fees and expenses estimated to be payable by the Company in relation to the Proposed Representative's Warrants and Representative's Shares Issue are not expected to be material). The Board presently intends to apply such net proceeds towards general corporate and working capital purposes only.

In the event that the Company raises more than US\$414,000 from the Proposed Representative's Warrants and Representative's Shares Issue, any additional net proceeds over and above US\$414,000 will also be utilised for general corporate and working capital purposes.

As and when the net proceeds from the Proposed Representative's Warrants and Representative's Shares Issue are materially disbursed, the Company will make the appropriate announcements as may be required, on the SGXNet. The Company will also provide a status update on the use of proceeds in its future annual report(s). Where there is any material deviation from the stated use of the net proceeds, the Company will announce the reasons for such deviation.

#### 6.6.2 Pending Use

Pending the deployment of the net proceeds raised from the Proposed Representative's Warrants and Representative's Shares Issue, such proceeds may be deposited with banks and/or financial institutions, used for investment in short-term money market instruments and/or marketable securities, as the Directors may deem appropriate in the interests of the Company.

Shareholders should note that there is no guarantee that the Company will obtain the gross proceeds of approximately US\$414,000, as the Representative has the right, but not the obligation, to exercise the Representative's Warrants upon the terms and subject to the conditions set out in the Underwriting Agreement and the Warrant Agreement.

Shareholders are advised to consider carefully how they will cast their votes in respect of the resolutions set out in the Notice of the SGM. If any one of the Proposed Resolutions is not passed at the SGM, none of the Proposed NASDAQ Listing, the Proposed Underlying Shares Issue and the Proposed Representative's Warrants and Representative's Shares Issue will be authorised and the Company will not proceed with the Proposed NASDAQ Listing, the Proposed Underlying Shares Issue and the Proposed Representative's Warrants and Representative's Shares Issue. If this occurs, the Company will not be able to meet its objectives and obtain the benefits of the Proposed NASDAQ Listing and the Proposed Underlying Shares Issue as set out in Section 4 of this Circular.

For the avoidance of doubt, the Proposed Amendments Resolution is independent from the passing of the other Proposed Resolutions and the Proposed Capital Reorganisation Resolution is conditional only upon the passing of the Proposed Amendments but not upon any of the other Proposed Resolutions.

The instrument of proxy shall be deemed to confer authority to demand or join in demanding a poll and to vote on any amendment of a resolution put to the meeting for which it is given as the proxy thinks fit. The instrument of proxy shall, unless the contrary is stated therein, be valid as well for any adjournment or postponement of the meeting as for the meeting to which it relates. Subject to aforesaid, if the proxy appointment and any of the information required under these Bye-laws is not received in the manner set out in these Bye-laws, the appointee shall not be entitled to vote in respect of the shares in question.

81. If a company determines to defer a shareholder vote in this manner, shares that are issuable under the cap (in the first part of the transaction) must not be entitled to vote to approve the remainder of the transaction. In addition, a cap must apply for the life of the transaction, unless shareholder approval is obtained. For example, caps that no longer apply if a company is not listed on Nasdaq are not permissible under the Rule. If shareholder approval is not obtained, then the investor will not be able to acquire 20% or more of the common stock or voting power outstanding before the transaction and would continue to hold the balance of the original security in its unconverted form.</p> <p><b>IM-5635-4. Interpretive Material Regarding Future Priced Securities and Other Securities with Variable Conversion Terms</b></p> <p>Provisions of this IM-5635-4 would apply to any security with variable conversion terms. NASDAQ Rules that bear upon the continued listing qualification of a company and that must be considered when issuing Future Priced Securities include:</p> <p><b>Shareholder Approval</b></p> <p>Rule 5635(d) requires shareholder approval prior to a 20% Issuance at a price that is less than the Minimum Price.</p> <p>(Nasdaq may make exceptions to this requirement when the delay in securing stockholder approval would seriously jeopardize the financial viability of the enterprise and reliance by the company on this exception is expressly approved by the Audit Committee or a comparable body of the Board of Directors.)</p> <p>When Nasdaq staff is unable to determine the number of shares to be issued in a transaction, it looks to the maximum potential issuance of shares to determine whether there will be an issuance of 20 percent or more of the common stock outstanding. In the case of Future Priced Securities, the actual conversion price is dependent on the market price at the time of conversion and so the number of shares that will be issued is uncertain until the conversion occurs. Accordingly, staff will look to the maximum potential issuance of common shares at the time the Future Priced Security is issued. Typically,</p>

Further, for purposes of this calculation, the lowest possible conversion price is below the Minimum Price of the stock for purposes of Rule 5635(d) at the time of issuance of the Future Priced Security. Therefore, shareholder approval must be obtained prior to the issuance of the Future Priced Security. Companies should also be cautioned that obtaining shareholder ratification of the transaction after the issuance of a Future Priced Security does not satisfy the shareholder approval requirements.</p> <p>Some Future Priced Securities may contain features to obviate the need for shareholder approval by: (1) placing a cap on the number of shares that can be issued upon conversion, such that the holders of the Future Priced Security cannot, without prior shareholder approval, convert the security into 20% or more of the common stock or voting power outstanding before the issuance of the Future Priced Security (See IM-5635-2, Interpretative Material Regarding the Use of Share Caps to Comply with Rule 5635), or (2) placing a floor on the conversion price, such that the conversion price will always be at least as high as the Minimum Price prior to the issuance of the Future Priced Securities. Even when a Future Priced Security contains these features, however, shareholder approval is still required under Rule 5635(b) if the issuance will result in a change of control. Additionally, discounted issuances of common stock to officers, directors, employees or consultants require shareholder approval pursuant to 5635(c).</p> <p><b>Voting Rights</b></p> <p>Rule 5640 provides:</p> <p>Voting rights of existing shareholders of publicly traded common stock registered under Section 12 of the Act cannot be disparately reduced or restricted through any corporate action or issuance.</p> <p>Under the voting rights rules, a company cannot create a new class of security that votes at a higher rate than an existing class of securities or take any other action that has the effect of restricting or reducing the voting rights of an existing class of securities. The price-fixing formula must not contain any discretionary element and the amount of premium or discount (in relation to the underlying share price) must be specified.</p> <p>(2) Where a price-fixing formula is adopted:–</p> <p style="padding-left: 20px;">(a) if the issue is not underwritten, the issuer must fix and announce the exercise or conversion price before the close of the offer; or</p> <p style="padding-left: 20px;">(b) if the issue is underwritten, the issuer must fix and announce the exercise or conversion price before the commencement of nil-paid rights trading.</p> <p>(3) An offer of company warrants or convertible securities by way of a bought deal must comply with Part V of Chapter 8.</p> <p><b>Rule 834, Listing Manual</b></p> <p>For the purpose of this Part, a "bought deal" is an issue of company warrants or other convertible securities to a financial institution which will in turn offer them to the issuer's shareholders on a pro-rata</p>	<p>Future Priced Security are entitled to vote on an as-converted basis or when the holders of the Future Priced Security are entitled to representation on the Board of Directors. The percentage of the overall vote attributable to the Future Priced Security holders and the Future Priced Security holders' representation on the board of directors must not exceed their relative contribution to the company based on the Minimum Price at the time of the issuance of the Future Priced Security. Staff will consider whether a voting rights violation exists by comparing the Future Priced Security holders' voting rights to their relative contribution to the company based on the Minimum Price at the time of the issuance of the Future Priced Security. If the voting power or the board percentage exceeds that percentage interest, a violation exists because a new class of securities has been created that votes at a higher rate than an already existing class. Future Priced Securities that vote on an as-converted basis also raise voting rights concerns because of the possibility that, due to a decline in the price of the underlying common stock, the Future Priced Security holder will have voting rights disproportionate to its investment in the company.</p> <p>It is important to note that compliance with the shareholder approval rules prior to the issuance of a Future Priced Security does not affect whether the transaction is in violation of the voting rights rule. Furthermore, shareholders can not otherwise agree to permit a voting rights violation by the company. Because a violation of the voting rights requirement can result in delisting of the company's securities from Nasdaq, careful attention must be given to this issue to prevent a violation of the rule.</p> <p><b>The Bid Price Requirement</b></p> <p>The bid price requirement establishes a minimum bid price for issues listed on Nasdaq. The NASDAQ Rules provide that, for an issue to be eligible for continued listing on Nasdaq, the minimum bid price per share shall be US\$1. An issue is subject to delisting from Nasdaq, as described in the Rule 5800 Series if its bid price falls below US\$1.</p> <p>The bid price rules must be thoroughly considered because the characteristics of Future Priced Securities often exert downward pressure on the bid price of the company's common stock. Specifically, dilution from the discounted conversion of the Future Priced Security may result in a significant decline in the price of the common stock. Furthermore, there appear to be</p>

Nasdaq listed companies, from new public companies to companies of international stature, are publicly recognized as sharing these important objectives.</p> <p>Nasdaq, therefore, in addition to applying the enumerated criteria set forth in the Listing Rules, has broad discretionary authority over the initial and continued listing of securities in Nasdaq in order to maintain the quality of and public confidence in its market, to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and to protect investors and the public interest. Nasdaq may use such discretion to deny initial listing, apply additional or more stringent criteria for the initial or continued listing of particular securities, or suspend or delist particular securities based on any event, condition, or circumstance that exists or occurs that makes initial or continued listing of the securities on Nasdaq inadvisable or unwarranted in the opinion of Nasdaq, even though the securities meet all enumerated criteria for initial or continued listing on Nasdaq.</p> <p>The returns on Future Priced Securities may become excessive compared with those of public investors in the company's common securities. In egregious situations, the use of a Future Priced Security may raise public interest concerns under the Rule 5100 Series. The limit must be not more than 50% of the total number of issued shares excluding treasury shares and subsidiary holdings in each class, of which the aggregate number of shares and convertible securities issued other than on a pro rata basis to existing shareholders must be not more than 20% of the total number of issued shares excluding treasury shares and subsidiary holdings in each class. Unless prior shareholder approval is required under the Listing Rules, an issue of treasury shares will not require further shareholder approval, and will not be included in the aforementioned limits .</p> <p><b>Rule 806(6), Listing Manual</b></p> <p>A general mandate may remain in force until the earlier of the following:–</p>	<p>a bona fide period of non-employment, as an inducement material to the individual's entering into employment with the company, provided such issuances are approved by either the company's independent compensation committee or a majority of the company's Independent Directors. Promptly following an issuance of any employment inducement grant in reliance on this exception, a company must disclose in a press release the material terms of the grant, including the recipient(s) of the grant and the number of shares involved.</p> <p><b>IM-5635-1. Shareholder Approval for Stock Option Plans or Other Equity Compensation Arrangements</b></p> <p>Rule 5635(c) requires shareholder approval when a plan or other equity compensation arrangement is established or materially amended. For these purposes, a material amendment would include, but not be limited to, the following:</p> <p>(1) any material increase in the number of shares to be issued under the plan (other than to reflect a reorganization, stock split, merger, spinoff or similar transaction);</p> <p>(2) any material increase in benefits to participants, including any material change to: (i) permit a repricing (or decrease in exercise price) of outstanding options, (ii) reduce the price at which shares or options to purchase shares may be offered, or (iii) extend the duration of a plan;</p> <p>(3) any material expansion of the class of participants eligible to participate in the plan; and</p> <p>(4) any expansion in the types of options or awards provided under the plan.</p> <p>While general authority to amend a plan would obviate the need for shareholder approval, if a plan permits a specific action without further shareholder approval, then no such approval would generally be required. However, if a plan contains a formula for automatic increases in the shares available (sometimes called an "evergreen formula"), or for automatic grants pursuant to a dollar-based formula (such as annual grants based on a certain dollar value, or matching contributions based upon the amount of compensation the participant elects to defer), such plans cannot have a term in excess of ten years unless shareholder approval is obtained every ten years. However, plans that do not contain a formula and do not impose a limit on the number of shares available for grant would require</p>

By an ordinary resolution passed at that meeting, the mandate may be renewed, either unconditionally or subject to conditions; or</p> <p>(b) it is revoked or varied by ordinary resolution of the shareholders in general meeting.</p> <p><b>Specific Mandate</b></p> <p><b>Rule 824, Listing Manual</b></p> <p>Every issue of company warrants or other convertible securities not covered under a general mandate must be specifically approved by shareholders in general meeting.</p> <p><b>Rule 864, Listing Manual</b></p> <p>In considering an application for listing of additional equity securities, the SGX-ST takes into account, among other factors, the following:–</p> <p>(1) Rationale for the issue;</p> <p>(2) Whether the issuer is and has been in compliance with the listing rules of the SGX-ST;</p> <p>(3) Whether the issuer has made full disclosure of the material facts relating to the issue necessary for SGX-ST to decide on the application. The purpose of the information supplied to the SGX-ST is for the SGX-ST to assess whether the shares qualify for listing. Approval for listing of the additional shares is not an indication of the merits of the transaction; and</p> <p>(4) The SGX-ST must be notified immediately if, before the commencement of dealing in any equity securities which are the subject of an application, the issuer becomes aware that –</p> <p>(a) There has been a significant change affecting any matter contained in the application; or</p> <p>(b) A significant new matter has arisen, which would have been required to be included in the application if it had arisen before the application was submitted.</p> <p>For the purpose of this rule, “significant” means significant for the purpose of making an assessment of the activities, assets and liabilities, financial position, management and prospects of the group,</p>	<p>shareholder approval of each grant under the plan. A requirement that grants be made out of treasury shares or repurchased shares will not alleviate these additional shareholder approval requirements.</p> <p>Rule 5635(c) provides an exception to the requirement for shareholder approval for warrants or rights offered generally to all shareholders. In addition, an exception is provided for tax qualified, non-discriminatory employee benefit plans as well as parallel nonqualified plans as these plans are regulated under the Internal Revenue Code and Treasury Department regulations. An equity compensation plan that provides non-U.S. employees with substantially the same benefits as a comparable tax qualified, non-discriminatory employee benefit plan or parallel nonqualified plan that the company provides to its U.S. employees, but for features necessary to comply with applicable foreign tax law, is also exempt from shareholder approval under this section.</p> <p>Further, the rule provides an exception for inducement grants to new employees because in these cases a company has an arm's length relationship with the new employees. Inducement grants for these purposes include grants of options or stock to new employees in connection with a merger or acquisition. The rule requires that such issuances be approved by the company's independent compensation committee or a majority of the company's Independent Directors. The rule further requires that promptly following an issuance of any employment inducement grant in reliance on this exception, a company must disclose in a press release the material terms of the grant, including the recipient(s) of the grant and the number of shares involved.</p> <p>In addition, plans or arrangements involving a merger or acquisition do not require shareholder approval in two situations. First, shareholder approval will not be required to convert, replace or adjust outstanding options or other equity compensation awards to reflect the transaction. Second, shares available under certain plans acquired in acquisitions and mergers may be used for certain post-transaction grants without further shareholder approval. This exception applies to situations where the party which is not a listed company following the transaction has shares available for grant under pre-existing plans that meet the requirements of this Rule 5635(c). These shares may be used for post-transaction grants of options and other equity awards by the listed company (after appropriate adjustment of the number of shares to reflect the transaction), either</p>

Nasdaq would view a plan or arrangement adopted in contemplation of the merger or acquisition transaction as not pre-existing for purposes of this exception. This exception is appropriate because it will not result in any increase in the aggregate potential dilution of the combined enterprise. In this regard, any additional shares available for issuance under a plan or arrangement acquired in connection with a merger or acquisition would be counted by Nasdaq in determining whether the transaction involved the issuance of 20% or more of the company's outstanding common stock, thus triggering the shareholder approval requirements under Rule 5635(a).</p> <p>Inducement grants, tax qualified non-discriminatory benefit plans, and parallel nonqualified plans are subject to approval by either the company's independent compensation committee or a majority of the company's Independent Directors. It should also be noted that a company would not be permitted to use repurchased shares to fund option plans or grants without prior shareholder approval.</p>

### CONVERSION AND TRANSFER BETWEEN SHARES TRADING ON THE SGX-ST AND ADSS TRADING ON NASDAQ

#### RESTRICTED SECURITIES AND RULE 144

All of the Company's Shares issued and outstanding prior to the completion of this offering are "restricted securities" as that term is defined in Rule 144 under the Securities Act and may be sold publicly in the United States only if they are subject to an effective registration statement under the Securities Act or pursuant to an exemption from the registration requirement such as those provided by Rule 144 promulgated under the Securities Act.

#### Exemption from registration requirement under Rule 144

*Non-Affiliates.* In general, under Rule 144 of the Securities Act of 1933 of the U.S. ("**Rule 144**") as currently in effect, a person who is not deemed to have been the Company's Affiliate at any time during the three months preceding a sale and who has beneficially owned restricted securities within the meaning of Rule 144 for more than six months would be entitled to sell an unlimited number of those restricted securities, subject only to the availability of Current Public Information about the Company (see definition below for further information). A non-Affiliate who has beneficially owned restricted securities for at least one year from the later of the dates these restricted securities were acquired from the Company or from its Affiliate would be entitled to freely sell those shares without the aforesaid restriction.

*Affiliates.* Persons who are deemed to be the Company's Affiliates and have beneficially owned its restricted securities for at least six months would be entitled to sell, within any three-month period, a number of restricted securities that is not more than the greater of the following:

- (a) 1% of the number of Shares then issued and outstanding, including Shares represented by the ADSs; or
- (b) the average weekly trading volume of the ADSs on NASDAQ during the four calendar weeks preceding the filing of a notice on Form 144 with respect to such sale.

#### Definitions

For purposes of Rule 144, an "**Affiliate**" is a person, such as an executive officer, a director or large shareholder, in a relationship of control with the issuer. "**Control**" means the power to direct the management and policies of the company in question, whether through the ownership of voting securities, by contract, or otherwise.

"**Current Public Information**" refers to the current information about the issuing company being publicly available before the sale can be made. For reporting companies, this generally means that the companies have complied with the periodic reporting requirements of the Securities Exchange Act of 1934 of the U.S.. The Company will, by definition, be a reporting company post-listing and as such, and assuming that post-listing, the Company will comply with the periodic reporting requirements of the Securities Exchange Act of 1934 of the U.S., this condition will be deemed to have been met for purposes of the Rule 144 exemption discussed above.

#### Other Restrictions

Notwithstanding that the conditions of Rule 144 may have been met, the resale of restricted securities on NASDAQ as ADSs would also typically require the Company to appoint a legal counsel who will opine on the fulfillment of the Rule 144 conditions for a sale in reliance on Rule 144 ("**Legal Opinion**") based on certain standard supporting documents provided by the Shareholder and his or her broker including in relation to the holding period requirements and the sale of such restricted securities.

#### INSTRUCTIONS FOR THE DEPOSIT OF SHARES IN PHYSICAL SCRIP FORM TO SCRIPLESS

Shareholders who hold physical share certificates in respect of the Shares registered in their own names and who wish to convert their Shares trading on the SGX-ST to ADSs for trading on the NASDAQ are encouraged to open Securities Accounts if they have not already done so and to deposit their share certificates with CDP so that their Securities Accounts may be credited by CDP with their Shares.

---

## APPENDIX 3

---

Shareholders who wish to deposit their physical share certificates with the CDP may do so by submitting the request for the deposit of shares via CDP's prescribed 'Request for Deposit of Securities' form, together with the duly executed instruments of transfer in favour of CDP, as well as such other documents as required by CDP, and full payment of the fees associated with such deposit. CDP charges a fee of S\$10.00 (S\$10.90 inclusive of 9% GST) for each deposit request.

Such Shareholders should note that their Securities Accounts will only be credited with their Shares on the 12th Market Day from the date of lodgement of their share certificates with CDP or such later date as CDP may determine.

### **MECHANISM FOR CONVERSION AND TRANSFER OF SHARES TRADING ON SGX-ST TO ADSs FOR TRADING ON NASDAQ**

Conversion of Shares trading on the SGX-ST to ADSs for trading on the NASDAQ will only be carried out on a scripless basis. Shareholders who hold ordinary shares trading on the SGX-ST and who intend to convert them to ADSs to trade on the NASDAQ must deposit or have his or her broker deposit the ordinary shares with The Bank of New York Mellon's ("ADS Depository") Singapore custodian, The Hongkong and Shanghai Banking Corporation Limited ("Singapore Custodian"), to receive delivery of ADSs. A deposit of ordinary shares trading on the SGX-ST in exchange for ADSs involves the following procedures:

- A Shareholder whose Shares are held through CDP (either directly or through a securities sub-account, brokerage account or other similar custodial account with a Depository Agent (as defined in the Securities and Futures Act 2001 of Singapore), broker, custodian or nominee other than CDP) and wishes to convert and transfer his or her Shares to ADSs for trading on the NASDAQ, shall first provide ADS issuance instructions to the Singapore Custodian in the form of a letter of transmittal ("LOT") through his or her Singapore broker, providing key information including but not limited to the number of ADSs to be issued, the ADS delivery information, the Legal Opinion and such other documentation as the ADS Depository may require pursuant to the deposit agreement between the Company and the ADS Depository. The Singapore broker, on behalf of such Shareholder, shall thereafter make a transfer of the relevant number of Shares to the Singapore Custodian within the CDP electronic system.
- Shareholders who hold physical share certificates in respect of the Shares in their own names must first deposit their physical share certificates with CDP (either directly or through a securities sub-account, brokerage account or other similar custodial account with a Depository Agent, broker, custodian or nominee other than CDP), together with duly executed instruments of transfer in favour of CDP, before submitting and delivering a duly completed and signed LOT to the Singapore Custodian via his or her Singapore broker in the manner as set out above.
- Upon payment of its fees and expenses, payment or net of the ADS Depository's fees and expenses, and payment of any taxes or charges, such as stamp taxes or stock transfer taxes or fees, if applicable, and subject in all cases to the terms of the deposit agreement, the ADS Depository will register the corresponding number of ADSs in the name(s) requested by the respective Shareholder and will deliver the ADSs to the designated Depository Trust Company ("DTC") account of the person(s) designated by such Shareholder or his or her Singapore broker if such ADSs are to be held in book-entry form through DTC's "Direct Registration System." Alternatively, ADSs may be held directly by such Shareholder in registered form on the transfer books of the Depository.

For Shares deposited in CDP, under normal circumstances, the above steps generally require two (2) business days, provided that the Shareholder has provided timely and complete instructions. For ordinary shares held outside CDP in physical form, the above steps may take 14 business days, or more, to complete. Temporary delays may arise. For example, the transfer books of the ADS Depository may from time to time be closed to ADS issuances. The investor will be unable to trade the ADSs until the procedures are completed.

**Shareholders who wish to convert their Shares to ADSs for trading on the NASDAQ are urged to consult with their broker without delay regarding the proper procedures that they need to follow.**

**Shareholders should note that in all cases of transfers referred to in this section, there should not be any change or difference, or purported change or difference, in the beneficial owner of the underlying Shares before and after transfer of Shares trading on the SGX-ST to ADSs for trading on the NASDAQ.**

### **MECHANISM FOR CONVERSION AND TRANSFER OF ADSS TRADING ON NASDAQ TO SHARES FOR TRADING ON SGX-ST**

Conversion and transfer of ADSs to Shares for trading on the SGX-ST will only be carried out on a scripless basis. An ADS holder who intends to convert his or her ADSs into Shares for trading on the SGX-ST must cancel the ADSs held by ADS holder, withdraw ordinary shares and cause his or her broker or other financial institution to trade such Shares on the SGX-ST.

An ADS holder that holds ADSs indirectly through a broker or other financial institution should follow the procedure of the broker or financial institution and instruct the broker to arrange for cancellation of the ADSs and transfer of the underlying Shares from the ADS Depository's account with the Singapore Custodian within the CDP electronic system to the ADS holder's designated securities account with the CDP.

For ADS holders holding ADSs directly, the following steps must be taken:

- To withdraw ordinary shares, such ADS holder may surrender for cancellation such ADSs at the office of the ADS Depository (and the applicable ADR(s) if the ADSs are held in certificated form), with an instruction to cancel such ADSs to the ADS Depository.
- Upon payment or net of its fees, payment of CDP's fees and expenses, and payment of expenses and of any taxes or charges, such as stamp taxes or stock transfer taxes or fees, if applicable, and subject in all cases to the terms of the deposit agreement, the ADS Depository will instruct its Singapore Custodian to deliver the Shares underlying the cancelled ADSs to the CDP securities account designated by such ADS holder within the CDP electronic system.
- If an ADS holder prefers to receive the physical share certificates in respect of the Shares underlying the cancelled ADSs, such ADS holder must receive the Shares underlying the cancelled ADSs in the designated CDP securities account first as aforesaid and then arrange for withdrawal from CDP. Such ADS holder can then obtain a transfer form signed by the CDP (as the transferor) and register ordinary shares in their own names with the Singapore Share Transfer Agent. The physical share certificates in respect of the Shares underlying the cancelled ADSs will be sent by ordinary mail to the registered addresses of the relevant ADS holder at their own risk within a month after submitting the withdrawal application with CDP.

The conversion of ADSs to the crediting of the Shares underlying the cancelled ADSs in the ADS holder's designated CDP securities account, under normal circumstances, generally require two (2) business days, provided that the ADS holder has provided timely and complete instructions.

The conversion of ADSs to the receipt of the physical share certificates in respect of the Shares underlying the cancelled ADSs, under normal circumstances, may take a month, or more. The ADS holder will be unable to trade the ordinary shares on the SGX-ST until the procedures are completed.

Temporary delays may arise. For example, the transfer books of the ADS Depository may from time to time be closed to ADS cancellations.

**Shareholders who wish to convert their ADSs to Shares for trading on the SGX-ST are urged to consult with their broker without delay regarding the proper procedures that they need to follow.**

**Shareholders should note that in all cases of transfers referred to in this section, there should not be any change or difference, or purported change or difference, in the beneficial owner of the underlying Shares before and after transfer of ADSs for trading on the NASDAQ to Shares trading on the SGX-ST.**

The depositary fees payable upon the issuance and cancellation of ADSs are normally paid to the ADS Depositary by the brokers (on behalf of their clients) receiving the newly issued ADSs from the ADS Depositary and by the brokers (on behalf of their clients) delivering the ADSs to the ADS Depositary for cancellation. The brokers in turn charge these fees to their clients.

In the case of ADSs registered in the name of the investor (whether certificated or uncertificated in direct registration), the ADS Depositary sends invoices to the applicable ADS holders at record date. In the case of ADSs held in brokerage and custodian accounts (via DTC), the ADS Depositary generally collects its fees through the systems provided by DTC (whose nominee is the registered holder of the ADSs held in DTC) from the brokers and custodians holding ADSs in their DTC accounts. The brokers and custodians who hold their clients' ADSs in DTC accounts in turn charge their clients' accounts the amount of the fees paid to the ADS Depositary.

In the event of refusal to pay the depositary fees, the ADS Depositary may, under the terms of the Deposit Agreement, refuse the requested service until payment is received or may set off the amount of the depositary fees from any distribution to be made to the ADS holder. The ADS Depositary may make payments to the Company or reimburse the Company for certain costs and expenses, by making available a portion of the ADS fees collected in respect of the ADR program or otherwise, upon such terms and conditions as the Company and the ADS Depositary agree from time to time.
